HAVING QUALIFIED AS ADMINISTRATOR on the estate of Benjamin Ash... ADAM BROWN, Administrator.

The Florida sponge fleet has done exceedingly well this past winter. The spongers hereabouts, on the contrary, have had bad seasons, because of the scarcity of free lunch counters.

The New York *Star* considers that "Senator Blair's Educational bill is doomed, evidently, to defeat, and that aspiring statesman will soon be without a mission." A miss and not a mission.

A robbery of United States bonds has been perpetrated on a New York banking house and a request has been sent out that all United States coupon bonds maturing in 1907 be critically scanned. Our supply of these bonds is already scant, nevertheless they can be scanned again—when found.

A steed that bore its owner, a Confederate cavalry major, through seventeen engagements, is said to be drawing the plow on a Georgia plantation. Poor old steed! He ought to be drawing crowds in a dime museum. We presume, however, that he has strength enough left to draw his rations.

Patti will soon appear at Omaha. It is said that she gets \$4,000 for every public appearance. This means that in one night she will consume 28,000 bushels of Nebraska's fourteen cent corn, which is particularly bad on Patti. If she takes that corn in a liquid shape it will be sure to breed much confusion in the Department of the Interior.

Typhoid fever in India is becoming so widespread that it is as much feared as cholera, and a Government commission has been appointed to investigate. Cholera, formerly the most dreaded of all diseases, must take a back seat. Yellow Jack can double discount it on any bright summer day and physicians say that the mortality from the grip was greater than from the cholera.

"Boston is less than one half the size of Philadelphia and much more compactly built, yet it costs the city \$40,000 a year more to collect and remove its ashes, garbage and dirt than it does Philadelphia." Easily accounted for. There is so much "culchaw" in Boston that the streets are necessarily filled with the refuse. Besides, there is generally more mud on the hub of a wheel than on the tire.

Senator George in his speech on the Chandler Call investigation said: "There is no safer place in all God's creation for a man who desires to insult another with impunity than the American Senate." That is a fact, but about that time Mr. Chandler's ear must have reddened considerably when he thought of the difference between the Senate Chamber and a committee room. A Blackburn in the room and a red burn in the Senate.

The State of Maine was seventy years old last Saturday. The *New York Mail and Express* says that she has reason to be proud of her record and of her sons, one of whom is to-day Secretary of State and another Speaker of the House. But are the sons proud of their own record? Mr. Blaine would doubtless give a great deal to-day if the Mulligan letters had never existed, and the time will come when Mr. Reed will vote himself a consummate ass for having proceeded with so little regard for rights and privileges while Speaker of the House.

The *Mail and Express* wants to know if it is "about time again for Mr. Cleveland to favor the country with another of his brilliant, not to say startling, letters on the subject of free trade?" Don't worry your gentle soul, Bro. Shephard, Mr. Cleveland is always to the front just whenever he is needed most. Give us another election in Ohio, or New York, or Maine and he will be heard from. He always says what he means and he always means what he says, and victory is sure to follow. And another thing, Bro. Shephard, his language is a great improvement on yours.

They say these pretty new traveling satchels provide everything a tourist could want, but thoughtful people consider them very incomplete, inasmuch as there is no space allowed for a bottle of Dr. Bull's Cough Syrup.

The unmarried women of Massachusetts have \$29,000,000 on deposit in the savings banks. What the married women have is a secret known only to themselves and their husbands.

"Since the oldest woman of Vienna died a short time ago, a most animated competition has been in progress for recognition as her successor." This is all a mistake. The oldest woman, like the oldest man, never dies. She is immortal.

President Allen, of the Letter Carriers' Association, of New York, has been presented with a banner on which are shown the photographs of over 1,700 letter carriers belonging to the union in Brooklyn, Newark, Philadelphia, Boston and Washington. It would be interesting to know how many colored voters' faces appear on the banner. We will wager that there are not 17 in the 1703.

The Rio de Janeiro *News* is surprised to hear that President Harrison has recognized "the Republic of Brazil." This surprise is in view of the fact that there is as yet no such thing as "the Republic of Brazil." It is at present a military oligarchy, the embryo, perhaps, of a republic. Our Benjamin doesn't feel hurt, however. He has Ben there before, notably in Montana, where he proclaimed a State before the State was legally constituted.

Hood's Sarsaparilla is on the flood tide of popularity, which position it has reached by its own intrinsic, undoubted merit.

## LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS, W. M. CUMMING—Mattresses J. D. NUTT—Caffine Selditz MRS. ALICE L. ADKINS—Removed L. J. KIRK—Saloon and Sample Rooms B. F. SWANN—Selling groceries very cheap

The grip has almost disappeared. Only semi-occasionally now do we hear of a case.

Spring lamb is the latest delicacy of the season. It has not yet appeared, however, in any great quantity.

Old March got up and dusted this morning in the old-fashioned way. It was like unto a ramping and a roaring lion.

When ready to build, paint or repair you will find it to your advantage to buy your material of the N. Jacobi Hdw. Co.

Mr. C. E. Frick, formerly of the *Shelby New Era*, was in the city today and paid us a pleasant little visit in the forenoon.

"It pleases me so I shall use no other," is what the farmers said when asked about the Boy Clipper Plow, sold by the N. Jacobi Hdw. Co.

What a pity it is that a better grade was not established on North Front street before the Orton House and the new Federal building were put up!

"Our Old Chief" is the name of our new and improved White Wamsutta Shirt. Wait for it; will have it ready in a few days. Wilmington Shirt Factory, 122 Market St.

Paint your Buggy for 75 cents, "6 bits," with Detroit car. Paint, a varnish and paint combined. Guaranteed to give satisfaction. Sold by the N. Jacobi Hdw. Co.

The Northwest Cautionary signal was ordered up here at 2 o'clock this afternoon. Westerly winds, shifting to colder Northwesterly, are predicted for this section.

As we understand it the cheap rate of 25 cents for the round trip on the Seacoast R. R. expires on the first of April. There are nearly two weeks left, however, in which to make the trip at that price.

Mrs. Alice L. Adkins has removed from No. 6, Orange street, to the handsome and commodious premises on the corner of Dock and Second streets, where she has increased facilities for the accommodation of boarders. See notice elsewhere in this issue.

Mr. L. J. Kirk, of Charlotte, has removed to this city and will open to-morrow a first class saloon refreshment room at No. 3, South Water street, where he promises to keep the best of everything in his line. See ad. in this issue.

We may look out here for some cold weather by to-morrow morning.

Boys! we can sell you a Bracket Saw, with frame, for 10 cents. N. Jacobi Hdw. Co.

"Selling very cheap" is the way Mr. B. F. Swann puts it in ad. published in this issue. Housekeepers will find it interesting reading matter.

The Industrial Manufacturing Co. are as yet turning out only butter plates, but they are making lots of these. They have five machines of a capacity of 150 plates each per minute. It will be several weeks yet before all of the machinery is properly arranged and everything at work.

Commendable. All claims not consistent with the high character of Syrup of Figs are purposely avoided by the California Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

Little Lord Fauntleroy (Suit) Can be Seen at I. Shrier's.

I. Shrier, who is always ahead in introducing new novelties, will sell this week the Lord Fauntleroy and Alfonso (King of Spain) suit. Also a full line of children's Kilt Suits at the lowest price for cash only. I. Shrier, corner Front and Princess streets.

Inspected the Stations.

Mr. F. P. Chaffee, Signal Service Observer at this station, has returned from a two weeks' tour of inspection of stations in this district. He visited Cheraw, Florence, Lumberton, Wadesboro, Goldsboro, Weldon and Newbern and reports that everything is now in order for a resumption, on the first of May, of the observations which last year proved so useful to the farmers.

How to Tell a Counterfeit Bill.

Take a United States bill of any denomination and hold it to the light, and you will see two lines running entirely across it lengthwise. Upon examination you will find these to consist of silk threads, a red one and a blue one. Every genuine bill has this mark of genuineness. Without these marks a bill may be put down as counterfeit, no matter how good the engraving on it. No paper mill will dare make this sort of paper, and this is the Government's only protection on its currency.

Getting Into Raleigh.

Yesterday's *Raleigh News and Observer* says that Mr. H. Walters, General Manager of the Atlantic Coast Line, and Mr. Warren G. Elliot, President of the Wilmington & Weldon R. R., were in that city on Monday for the purpose of prospecting with a view to extending a branch line into the city if the right of way and other arrangements could be secured. They made investigation as to the possibilities and facilities of the movement, and also conferred with the officials of the other roads with regard to sharing in the building of the new depot there. Nothing definite, however, was decided upon.

It has seemed to be a foregone conclusion for some time past that the W. & W. R. R. would go into Raleigh, and we have heard it stated that Mr. John M. Robinson has said that if it does he will parallel the W. & W. R. R. from Weldon to Wilmington. Some interesting developments may therefore be looked for.

The Cause of Pain.

An ache or pain is not of itself a disease, it is but a symptom, and warns the sufferer that there is something the matter with his physical organization. Weak kidneys, bad blood, and nervousness are frequently the source or cause of the many mysterious aching sensations that afflict the body. You can remove the cause of such distress by using B. B. B. (Botanic Blood Balm).

C. H. Bobbitts, Atlanta, Ga., writes: "My kidneys were disordered and gave me excruciating pain. A single bottle of B. B. B. helped me wonderfully."

Wm. N. Nelson, McDonough, Ga., writes: "B. B. B. has benefited my daughter very much. She was afflicted with severe nervousness. I think it the best family medicine." W. R. Ellis, Brunswick, Ga., writes: "I have tried B. B. B. and find it a great thing for the blood. It also cured me of rheumatic pains."

## Forecasts.

For North Carolina, rain and colder weather. For Wilmington and vicinity, light rains this evening.

Monthly Meeting of Y. M. C. A.

The monthly business meeting of the Y. M. C. A. was held at the rooms last evening. The devotional exercises were led by the Rev. F. D. Swindell, after which a paper was read by Prof. Catlett on "The Powers of Poetry in the Evolution of Religion."

Some little time after this was spent in hearing informal reports from some of the delegates who attended the State Convention of the Y. M. C. A. at Goldsboro last week.

The Poor House Fire.

It now transpires that not so much of the furniture of the Poor House was saved as was at first reported. A large quantity of bed furniture was lost, and Mr. Terry, the Superintendent, lost a number of valuable articles of household furniture, a fine organ being included in the number. He estimates his loss at not less than \$600, on which there was no insurance. The general sentiment seems to be in favor of the erection of substantial brick buildings, as suggested by us yesterday, to take the place of those destroyed, and this will probably be done.

A Cure for Diphtheria.

The following remedy is going the rounds, and it is claimed to be a sure cure if carefully adhered to:

"Take equal parts (say two table-spoonfuls) of turpentine and liquid tar; put into a tin pan or cup, and set fire to the mixture taking care to have a large pan underneath as a safeguard against fire. A dense resinous smoke arises, making the room dark, and the patient seems to experience immediate relief; the choking and rattling stops; the patient falls into a slumber, and seems to inhale the smoke with pleasure; the fibrinous membrane soon becomes detached, and the patient coughs up microbes. These, if caught in a glass, may be seen to dissolve in the smoke. In the course of three days the patient is well on the road to recovery."

Walter Bingham.

We glean the following from the *Raleigh News and Observer* relative to the report published by us recently, to the effect that Walter Bingham had been located in Germany:

Our reporter had interviews with Gov. Fowle and Attorney General Davidson yesterday with regard to the report published in the *Asheville Citizen* that an offer had been made by the Pinion Detective Agency of that place to apprehend Walter Bingham in Germany, the agency having stated that Bingham had been traced there. Gov. Fowle said yesterday that the statement that the \$400 reward had been withdrawn was a mistake, and the Attorney General also said that he had made no such statement. There is no possibility of withdrawing an offer of reward unless it is done by special act of the General Assembly and the General Assembly has taken no such action in this case. The Governor also says that no offer has been made to the Executive to arrest Bingham at the expense of the detective and the Executive has no power to pay the expenses of such an arrest outside of paying the \$400 reward which has been offered and which is now outstanding. The Governor does not, however, hesitate to express his belief that if Walter Bingham should be apprehended an act would be presented to the legislature and would probably pass it to reimburse those who made the arrest. As a fact the Governor has received information which leads him to firmly believe that Bingham is dead, and that he was the man referred to by the *New York Herald* soon after the tragedy, named Bingham, who left an asylum near New York city and went to Niagara Falls, where he committed suicide by throwing himself from the suspension bridge. Bingham was traced from here to the asylum in New York, which the *Herald* referred to.

In conversation with Attorney General Davidson about the Asheville matter he said that he had been informed by Detective Deaver of the Pinion Agency, that he thought he had traced Bingham to Paraguay, not Germany, and that he, Colonel Davidson, had never stated that the reward had been withdrawn. He had said, however, that he had no authority in the premises, and that the apprehension of Bingham, if at all, must be made under the offer of reward as already provided, and which is still outstanding.

Refreshing and Invigorating

Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

PLEASE NOTICE. We will be glad to receive communications from our friends on any and all subjects general interest, but The name of the writer must always be furnished to the Editor. Communications must be written on one side of the paper. Personalities must be avoided. And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so in the editorial columns.

## Criminal Court.

The following cases were disposed of in this Court to-day:

State vs. Thomas Holder, assault and battery. Not guilty. State vs. Richard Thomas, assault with a deadly weapon. Guilty but not yet sentenced.

State vs. Wesley Watson, assault with a deadly weapon. Sentence not yet pronounced.

Ashore at Southport.

The German barque *Lydia Peschau* is aground at Deep Water Point, near Southport. She first went ashore on Monday night, in the bay just in front of the town, but was pulled off by the *Blanche* and again grounded at the Point. The tug pulled on her for about an hour and a half at high tide last evening but could not get her off. The wind was unfavorable and the tide was not high enough. Another attempt will be made at high water to night when more success is hoped for. The *Lydia Peschau* cleared at this port last Friday for Port-au-Prince, Hayti, with a cargo of 297,764 feet lumber and 25,000 shingles, valued at \$3,993. The cargo was shipped by Mr. E. Kidder's Son and the vessel was cleared by Messrs. J. T. Riley & Co.

A well known citizen of Wetheredville, Md., MR. W. R. GRAVES, writes:—I suffer sometimes with acute rheumatism and your Salvation Oil gives me instantaneous relief, and I recommend it as a sure cure for this terrible disease.
