

THE DAILY REVIEW.

VOL. XIV.

WILMINGTON, N. C. FRIDAY, MARCH 28, 1890.

NO 89.

In India cakes of tea pass as currency. In this country scandal passes as currency with the tea.

A railway is to run through the Colorado River canon and a cannon ball train will then be in order.

The anti-English feeling in Portugal has subsided, and the British feelings were not hurt much.

"There is a highly intellectual ballet in Cologne, Germany," writes an exchange. It should read "a high intellectual ballet."

Nineteen bills for the suppression of trusts are now being agitated in Congress and Bill Chandler's ear is still open to advances.

Bibles, printed in 29 different languages, are being distributed in Pennsylvania. But the starving miners can't eat bibles.

The Presidential campaign in Peru has caused some bloody feelings between the factions. It is painful to Peruse such items as this.

Whitelaw Reid, American Minister to France, has just arrived in New York from Havre. He didn't have a rough passage.

Buffalo Bill refused to pay a prize in Rome to the man who rode one of his wild horses. William has a proper regard for his little bills.

Lewis Aldrich's new comedy, "The Editor" is to be produced in New Haven on April 8th. There are lots of subscribers to start with.

The revolt against the Ameer of Afghanistan has been quelled. A number of insurgents were beheaded. Ameertrifle in that country.

It is reported that at the coming session of the German Reichstag the Government will demand fresh military credits. Better call for the cash than the credit.

It is said that the German Government has given an enormous order for smokeless powder, to be executed immediately. This is putting the noose on the hangman.

Henry M. Stanley is to lecture in England and receive \$100,000 therefor. This is paraphrasing Scott with a vengeance. Read now. "Charge, Stanley, charge!"

The Customs Committee of the French Chamber of Deputies has voted to impose a duty of sixty cents on foreign corn and one dollar on corn flour. Nothing is said about corn juice.

"Money Mad" is the startling dramatic title of Steel Mackaye's new play, on which an exchange says that "he has put the final polishing touches." In this instance a fine Steel polish which will Mackaye very acceptable play.

The new State of Washington is Republican to the core, and its legislators seem to be all in training for the U. S. Senate. According to the Portland Oregonian, thirty of them went the theatre a few nights ago and threw paper balls, rubber over-shoes and orange peelings at each other and hooted and gaped the players. Senator Gilford threw a big orange across the auditorium and hit President pro tem Parkinson in the pit of the stomach and knocked the wind out of him. The missile passed close to a woman's head in its flight.

Wanted.—A good appetite. You can have it easy enough by taking Hood's Sarsaparilla. It tones the digestion and cures sick headache.

Rev. Dr. Pritchard and Mr. D. L. Gore, of this city, will attend the General Baptist Convention, which will open its sessions at Fort Worth, Texas, on the 6th of May.

The greatest velocity of the storm here to-day was 35 miles an hour and the rainfall was but .06 of an inch. At Southport the wind blew at the rate of 33 miles an hour.

The muddy condition of the water here to-day evidences that there is a freshet in the river. All we could hear, however, was that the water was falling at Fayetteville.

The steeple of the beautiful new Fifth Street M. E. Church was completed yesterday. It is 135 feet high. The church will probably be completed and ready for worship early in June.

"There's a time for everything under the sun," said the wise man, and of course he was right, so also if you've got a quarter loose about your vest pocket you can buy a bottle of Dr. Bull's Cough Syrup almost any time of the day or night.

The Sociable given by the Ladies' Aid Society of the Brooklyn Baptist Church, in the City Hall last night, was largely attended and a handsome sum for the benefit of the church was realized.

Mr. Thomas Gore will open on Monday next, at No. 3 South Water street, a stock of first-class family groceries. He promises to keep nothing but the best and hopes for a liberal share of patronage. See ad. in this issue.

A beautiful steam yacht, painted white from stem to stern, and about the size of the *Passport*, is now lying in the stream opposite the foot of Mulberry street. She is called the *Judy*, and is bound for New Orleans, "on pleasure bent."

Dr. Richard H. Lewis, of Raleigh, will make his regular quarterly visit to Wilmington on Tuesday, Wednesday and Thursday, April 8th, 9th and 10th, and can be consulted on these days at Dr. Wood's office for the diseases to which his practice is limited (eye, ear, throat and nose).

In connection with the fact of the purchase by Mr. Warren G. Elliott, President of the W. & W. R. R., of the elegant residence of Mr. Pembroke Jones, on South Front street, as mentioned by us yesterday, there is a singular coincidence. Gov. Dudley, grandfather of Mr. John L. Dudley, who built the house, was also President—and the first President—of the W. & W. R. R.

New String Band.

A new string band was organized in this city a few nights ago. A name has not yet been adopted but it will probably be called the Serenade String Band. It is composed of the following young gentlemen:

King Southerland, leader, violin; John James, guitar; William Bryan and Charles Farrow and T. Swann, harmonica; J. K. Burruss, triangle; Boney Southerland, violin. They propose to play for serenades, parties, pic nics, etc.

Prediction Verified.

The cautionary Southwest storm signal was raised here and at Morehead and Charleston at 11:10 last night, in obedience to instructions from Washington City. A storm was then approaching from the West and high Southwesterly winds were expected. The prediction was amply verified for the wind got here before morning and has continued very high all day. The signal raised was the moderate storm signal, yellow and white. When the signal is white and red, or all red, then look out for a snorter, for that means a severe storm.

Forecasts.

For North Carolina, light rains and warmer to day and colder and fair on Saturday. For Wilmington and vicinity, threatening to day and fair to-morrow.

A Pleasing Sense

Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when costive or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

Mechanics' Home Association.

We are glad to learn that the Mechanics' Home Association are about to issue a new series of stock, giving an opportunity which has been much desired by many of obtaining stock in this well-managed and prosperous institution, which has already been of great benefit to our community.

The Addie Ashore.

Mr. Demain, Signal Observer at Southport, reports that the pilot boat *Addie* went ashore near Bald Head Lighthouse about noon to-day while sailing in from the sea. The steamer *Bessie* went to her assistance but could not pull her off. It is thought that she can be gotten off by the first big tug that arrives.

The April Wide Awake.

Wide Awake for April opens with a burst of Easter beauty and hope; the frontispiece, "Easter Offerings," embodies the spirit of youth and bloom and gladness, while a beautiful story, "The Pilgrims' Easter Lily," ought to go far to settle the question of America's national flower. "What's In a Name?" gives a brief history of the English founder of the famous Smithsonian institution at Washington, with three portraits of Smithson, and then goes on to give fifty or more examples of the mistaken ways in which people address letters to the institution. "The Difficulties of a Darling" is an amusing story of the way a little sister proved her devotion. "How Simon and Sancho Panza helped the Revolution" is a first-rate true historical story. "Work and Play" is another true story of this number, showing a delicate woman's business energy and success. "Nervy's Wicked Summer" is the kind of story that children read eagerly. "The Fugitives of French Cross" is a pathetic story. "Newspaper Workers" is for girls who intend to become journalists. "The English Primrose" is a pretty open-air paper. There are chapters from two serials in the number and the poetry is all good. *Wide Awake* is \$2.40 a year. D. Lothrop Company, publishers, Boston, Mass.

Board of Aldermen.

A called meeting of the Board was held this noon to open and consider bids for supplies for the city for the ensuing year.

The Wilmington Gas Light Co. offered to contract for gas and electric lights, on same terms as last year, viz: \$2 per month for gas lights and \$10.50 for electric arc lights. If, however, the city will increase the number of arc street lights, then the price for the whole to be \$10 each per month. Referred to Committee on Lights.

For lumber, Parsley & Wiggins at \$10 per thousand for merchantable and \$12.75 for pine; Fore & Foster \$11.12. Referred to Committee on Streets and Wharves.

For feeding prisoners, Jane Sheehan, at 8 cents per meal; Police Committee.

For printing, S. G. Hall, \$43, aggregate; J. A. Bonitz, \$62.50. Committee on Finance.

For regulating and keeping clock in order, J. L. Winner, \$90. Committee on Finance.

Application of W. T. Bray, to be appointed a health officer, was referred to Committee on Sanitation. Communication from H. A. Bagg, Chairman Board of Commissioners, proposing joint action for survey of blocks, etc., was referred to Committee on Street and Wharves, to confer with Mr. Bagg and report.

Communication from Mecklenburg Iron Works, furnishing estimates of cost of stone crusher, etc., for street purposes, was referred to Committee on Streets and Wharves.

Application of M. P. Taylor, for position of City Engineer, was deferred until next regular meeting in April.

Proposition of Gamewell Fire Alarm Co. to sell plant to city was referred to Finance Committee.

The Mayor's Message.—May we be pardoned for requesting the Mayor to incorporate in his next message the fact that many of our most prominent citizens have been cured of rheumatism, neuralgia and kindred complaints, by Salvation Oil, and that he recommend this valuable medicine to be kept in every family.

Terrible News.

News was received here to-day of a terrible disaster at Louisville, Ky., yesterday afternoon. The reports are meagre as the wires are down. All that is known is to the effect that a cyclone struck the city and that the entire Western portion was destroyed. A bulletin issued by the Postal Telegraph Co., says that fully 500 persons were reported killed. It was also reported that a disastrous fire followed the cyclone but this is not believed. There is absolutely not another word from the city up to 4 o'clock this afternoon.

A New Building Association.

A large number of citizens met at the City Hall last night to organize a building and loan association. Prof. M. C. S. Nobles was called to the chair and Mr. F. L. Meares was requested to act as secretary.

Messrs. F. L. Meares and Frank H. Stedman were appointed a committee to ascertain the number of shares subscribed, and it was found that 412 shares were represented. After this a constitution for the government of the association was submitted and was unanimously adopted, it being decided that when 400 shares had been taken the association could go into operation.

The following were unanimously elected a Board of Directors, viz: Messrs. Mike Cronly, Jr., C. W. Yates, W. H. Bernard, W. G. MacRae, A. D. Brown, M. J. Corbett, M. F. Costin, Martin Newman, M. T. Davis, R. R. Bellamy, F. A. Newbury, John Maunders, W. H. Howell, M. C. S. Noble.

Upon motion the meeting of stockholders was adjourned.

Then a meeting of the directors was called, with Mr. M. T. Davis in the chair, and Mr. W. H. Howell secretary, and at which C. W. Yates was elected President, M. C. S. Noble Vice President, Frank H. Stedman Secretary and Treasurer, and John D. Bellamy, Jr., attorney. The directors adopted a code of by-laws and decided that the meetings of the board should be held on the second and fourth Wednesdays of each month. It was determined that the books of subscription should be opened at once and that when 750 shares have been subscribed for the books shall be closed: this constituting the First Series.

It was also resolved that the first payment of instalments shall be made on the second Saturday in April.

The board then adjourned, subject to the call of the President.

Kind Words of Cheer.

When a proprietor knows he has a grand and good remedy for the many ills that flesh and blood are heir to, it pleases him exceedingly to receive such evidences of appreciation as follows:

W. F. Miles, Milesville, N. C., writes: "I have used Botanic Blood Balm and find it to be all that it is recommended to be."

D. C. Blanton, Thomasville, Ga., writes: "I have used Botanic Blood Balm in my family as a tonic and blood purifier with highest satisfactory results."

F. O. Hoffman, editor Times, Rocky Mount, Va., writes: "I am pleased to say that Botanic Blood Balm is the best appetizer and tonic for delicate people I ever saw. It acted like a charm in my case."

F. H. Hickey, 1208 Main street, Lynchburg, Va., writes: "I was broke out all over with sores, and my hair was falling out. After using a few bottles of Botanic Blood Balm my hair quit falling out and all the sores got well."

Julia E. Johnson, Stafford's P. O., S. C., writes: "I had suffered 13 years with eczema and was at times confined to my bed. The itching was terrible. My son-in-law got me one-half dozen bottles of Botanic Blood Balm, which entirely cured me, and I ask you to publish this for the benefit of others suffering in like manner."

August A. Klages, 810 St. Charles street, Baltimore, Md., writes: "From my youth I suffered from a poisonous taint in my blood. My face and body was continually affected with eruptions and sores. I am now 42 years of age and had been treated both in Germany and America, but no remedy overcame the trouble until I used Botanic Blood Balm. I have used about twenty bottles, and now my skin is clear, smooth and healthy, and I consider the poison permanently driven from my blood. I endorse it as the best blood remedy."
