The Petersburg Index Appeal calls
the New York Star a Democratic
newspaper. The Democratic party
ought to sue the L. A. for slander.

Chief Justice Fuller's friends in
Chicago commend his stand in re-
fusing to part with his mustache.
The Chief Justice was fuller of sense
than some people thought.

Oliver Lane, of Exeter, Mass., has
carried a silver dollar in his pocket
since February 6, 1855. The coin has
been worn perfectly smooth, and
the pocket has been removed a num-
ber of times.

Emperor William still retains the
French cooks that ruled the kitchen
of the Imperial Palace under his
late grandfather, but he positively
refuses to allow their French wil-
liams to be put before him.

The Chicago Herald still insists
upon it that it is death to drink the
water from the Chicago river. Prob-
ably they dump some of the refuse
of the divorce courts in there and
that's what makes it so nasty.

It is said that "We often repent of
what we have said, but never of that
which we have never said." How
about the man who says that he will
go on another man's note and then
has it to pay himself? Does't he re-
gret then that he didn't say "no"?

Boyle goes free and "Raleigh
wins again." It is a great victory
and a signal triumph. The perjured
priest's oath was of more force and
effect than that of his outraged vic-
tim, a pure, virtuous girl, against
whom there had never been a breath
of detraction. Well, shame has no
blush and "Raleigh wins again."

A Jacksonville firm has just re-
ceived a large order for Florida live
oak timber to be shipped to South
Africa. The timber is designed for
use in the mines of that country,
where strength and durability are
especially required in all timber
which is used in connection with
heavy drilling and hydraulic ma-
chinery.

The religious crank in Oakland,
Cal., who has been preaching the
destruction of the cities on San
Francisco bay by a great tidal wave
on April 14, has been sent to a hos-
pital for the insane. Now, this is
very unkind. Why should this
crank be looked up and Wiggins and
Sergeant Dunn and others be allowed
to crack their heels in freedom
and scare people half to death?

The proposed Nicaragua Canal
will now cost \$65,000,000. The dis-
tance between the oceans is one
hundred and sixty nine miles, but
only twenty nine miles of the canal
will have to be dug. The San Juan
River must be deepened. Lake
Nicaragua affords fifty six miles of
free sailing. The Suez Canal, which
was cut out of the soil and sand for
one hundred miles, cost \$81,000,000.

The English turrent ship Magdala
has been making some very success-
ful experiments in shiplighting in
the harbor of Bombay. This vessel
has on board two search lights of
25,000 candle power, and by them
shipping can be discovered between
two and three miles off on the dark-
est night. By throwing the light
against the sky messages can be
telegraphed to ships fifty miles off.

A new malady, believed to be a
successor to the grip, has appeared
in Southern Russia, and has already
reached Milan and Lombardy, in
Italy. The symptoms are a feeling
of paralysis in the limbs and a ten-
dency to lethargic sleep. It is per-
haps nearly allied to the old Spring
fever we have in this country and
which is dearly loved by many.
This, too, is fatal to all attempts at
exertion.

Good news from Washington.
One application well rubbed in of
Salvation Oil cured me of rheuma-
tism in the arm, of two months
standing. I never intend to be
without it.

Lodge No. 67, I. O. O. F., will be
held to night.

city were falling here this forenoon
almost as thick as snowflakes.

regular sales every Tuesday, at 10
o'clock. See ad. in this issue.

When ready to build, paint or re-
pair you will find it to your advan-
tage to buy your material of the N.

Sehr James Ponder, Lynch, cleared
to day for Ponce; Porto Rico, with
191,922 feet lumber, valued at \$2-
878.83, shipped by Mr. E. Kidder's
Son.

The Charlotte News says that the
indications are that citizens of Char-
lotte will build a number of cot-
tages this Summer on Wrightsville
Beach.

Large forest fires were raging in
the woods in Brunswick county yester-
day and the city was full of smoke
and ashes, blown in on the South-
west wind.

A new stock of window shades and
wall paper, of beautiful and artistic
designs, has just been received at
Mr. C. W. Yates' paper house. See
ad. in this issue.

anteed to give satisfaction. Sold by

They are building to-day the boiler
room at the Porter plant and it
is calculated that the machinery
will all have been received and in
position two weeks hence.

The alarm of fire this forenoon,
turned in from box 23, Seventh and
Queen streets, is said to have been
caused by a fire in the woods. The
engines started and were turned
back.

A fine farm on Myrtle Grove Sound
is offered for sale, as per ad. in this
issue. There are 36 acres, 25 of
which are under cultivation, and
there is a good orchard and an oys-
ter farm on the tract.

Some time last Saturday evening
some one entered the room of Mr.
Joseph Horne, at the Bonitz Hotel,
and broke open his trunk and stole
therefrom a revolver, a watch and
some minor articles. There is no
clue to the thief, as yet.

"I wish I had been born a Hotten-
tot," he said bitterly. "Then
I'd live in a warm climate and not
be so vexed out of my life with
colds." We gently led him to a cor-
ner shop and presented him with a
bottle of Dr. Bull's Cough Syrup.
We are good Samaritans, we are.

A series of meetings was com-
menced yesterday morning at Brook-
lyn Baptist Church and will con-
tinue during the week. The pastor,
Rev. R. E. Peele, will be assisted in
his labors during the continuance of
the meetings by Rev. M. B. Mathe-
ney, of Lincolnton, N. C.

Messrs. A. A. Brown and J. McRee
Cowan have formed a copartnership
for the transaction of a general in-
surance business, with an office at
the foot of Chestnut street. They
are both gentlemen of excellent busi-
ness qualifications and with pluck
and energy enough to succeed in
anything.

Maj D. O'Connor, Commissioner,
will sell at the Court House door to-
morrow, at 11 o'clock, one of the
most valuable pieces of real estate
in the city. It is the building at the
S. E. corner of Front and Market
streets, running thence South to
Bettencourt's alley. See ad. for
particulars.

Forecasts.
For North Carolina, rain and
stationary temperature. For Wil-
mington and vicinity, fair to day

mony with nature to effectually

Mechanics Home Association.
The subscription for the Second
Series of stock in the Mechanics'
Home Association was opened on
Saturday, and those desirous of
stock in this very prosperous insti-
tution will do well to subscribe
before it is all taken up, for the
series is for 500 shares only. Sub-
scriptions can be made at the office
of the President, N. Jacobi, Esq., or
of Mr. W. M. Cumming, Secretary
and Treasurer.

Fire at Orion.
Two barns at Orion plantation,
the property of Col. K. M. Murchi-
son, were burned yesterday morning
about 2 o'clock, with their contents.
The origin of the fire is not known
but it is thought to have been in-
cendary. There was a large barn
and a small one. The loss is esti-
mated at about \$5,000, provided the
engine in the barn was not ruined
by the heat. On this there was in-
surance with Messrs. Smith & Boat-
wright for \$1,500 in the Rochester
German and \$375 in the Hamburg
Bremen, and with Messrs. Atkinson
& Manning for \$2,000 in the North
British and Mercantile.

From the Lone Star State.
An old friend and subscriber, Mr.
S. B. McQueen, who removed from
Hovey county, S. C., to Milan county,
Texas, 19 years ago, and who by
dint of economy and hard work has
prospered in that new land, writes
us some description of that country.
He calls it a "wonderful wonderland"
and says that for productiveness of
soil it cannot be excelled. It is one
of the central counties of the Lone
Star State. It has an altitude of
1,000 feet above the sea level and is
a healthy, beautifully diversified
country. The soil is sand and black
loam, rich and productive, with a
sufficiency of timber for all purposes.
The water is good and easy of ac-
cess. The churches and schools have
large attendance. The lands com-
mand from \$5 to \$20 per acre, owing
to location and improvement. Corn
and cotton are the chief products,
although oats, sorghum, millet and
a few of the cereals receive atten-
tion. The average of cotton last
year throughout the county was a
fraction over one-half bale to the
acre and the average price received
for the "monarch" was 9 cents per
pound. Corn averaged 36 bushels
per acre and oats about the same.
Fruits and vegetables grow almost
spontaneously. Stock-raising is an
important and profitable industry
and hundreds are engaged in the
business. The county is financially
in an excellent condition and is
building up rapidly.

Honest Doctors.
All honest, conscientious physi-
cians who give B. B. B. (Botanic
Blood Balm) a trial, frankly admit
its superiority over ALL other blood
medicines.
Dr. W. J. Adair, Rockmart, Ga.,
writes: "I regard B. B. B. as one of
the best blood medicines."
Dr. A. H. Roscoe, Nashville, Tenn.,
writes: "All reports of B. B. B. are
favorable, and its speedy action is
wonderful."
Dr. J. W. Rhodes, Crayfordville,
Ga., writes: "I confess B. B. B. is
the best and quickest medicine for
rheumatism I have ever tried."
Dr. S. J. Farmer, Crawfordville,
Ga., writes: "I cheerfully recom-
mend B. B. B. as a fine tonic altera-
tive. Its use cured an excrescence
of the neck after other remedies ef-
fective no perceptible good."
Dr. C. H. Montgomery, Jackson-
ville, Ala., writes: "My mother in-
sisted on my getting B. B. B. for her
rheumatism, as her case stubbornly
resisted the usual remedies. She ex-
perienced immediate relief and her
improvement has been truly won-
derful."
Dr. G. W. Earle, Pickens, S. C.,
writes: "I recommended B. B. B.
to a man who had suffered for years
with a malignant ulcer on his leg,
that seemed to resist all other treat-
ment. After using four or five bot-
tles the ulcer began to heal and his
leg is now sound and well."

General Manager C. F. & Y. V. R. R.
We understand that the Board of
Directors of the Cape Fear and
Yadkin Valley R. R. at the meeting
held last week in Greensboro, pro-
moted Capt. J. W. Fry from the
position of General Superintendent to
that of General Manager. There
will also be a superintendent but
the appointment has not yet been
made or if it has the secret has not
yet been divulged.

Music at Grace Church.
The music rendered by the choir
of this church last night was as
usual very fine, but there were ad-
ditional attractions on this occasion.
Miss Florence G. Bowden, daughter
of Mr. H. M. Bowden, rendered in
most exquisite style the solo, "I
heard the voice of Jesus say," which
was composed by Prof. VanLaer.

Miss Bowden has just returned
from New York, where for the past
four months she has been under the
best and most scientific teacher in
that city, and her rich, sweet notes
were fully enjoyed by the large con-
gregation present. She will return
to New York again ere long to com-
plete her course of instruction. She
has a voice of great scope and un-
usual sweetness, and at no distant
day she will return from New York
and Grace M. E. Church may well
be proud to have such a valuable
acquisition to their choir.

Yesterday Morning's Fire.
The alarm of fire yesterday morn-
ing, about 10 o'clock, came from box
32 corner Third and Nunstreets, and
was caused by the ignition of the
dwelling of Miss Gause, on Second
near Nun. The fire caught on the
roof and is said to have been caused
by some scraps of paper which were
swept in the fire and flew up the
chimney and alighted on the roof
in a blaze. The engines and trucks
were promptly at the spot but when
the fire plugs were opened it was
found that there was no water. Af-
ter waiting some time for the water
which was expected every moment,
but did not come, the steamers were
sent to the river and to cisterns. By
this time, however, what might have
been a small fire at first, with water
at hand to suppress it, had become
a very serious affair. It was per-
haps three quarters of an hour be-
fore the hydrants gave out water
with sufficient force to reach the
flames. The furniture was all re-
moved but the house was very ser-
iously damaged, the upper half hav-
ing been destroyed. There was in-
surance for \$1,000 on the house, in
the British Insurance Co., and for
\$200 on the furniture, in the Liver-
pool, London & Globe, both re-
presented here by Messrs. Smith &
Boatwright, which will nearly cover
the loss.

The failure of the hydrants to sup-
ply the water is due to the fact that
it was necessary to break into the
main near Hilton, to supply hy-
drants for Messrs. Parsley & Wig-
gins' mills. It was unavoidable and
on Saturday evening the Chief of
the Fire Department was notified
of the fact that the water would be
turned off. Fortunately, there was
but little wind at the time or there
might have been a very serious dis-
aster to record.

In advanced age the declining
powers are wonderfully refreshed by
Hood's Sarsaparilla. It really does
"make the weak strong."
