# THE DAILY REVIEW.

VOL. XIV. WILMINGTON, N. C., SATURDAY, APRIL 5, 1890. NO 95.

The family of Governor Goodell, of New Hampshire, make the statement that the Governor's condition has improved and that he is a Goodell better.

The carriage works of W. O. Buck & Co., at Holland, Pa., have been destroyed by fire, and the presumption is that a great many buckboards were burned.

A correspondent of the Cincinnati Times-Star, writing from Nashville, says that in the Tennessee penitentiary women are stripped to the waist and flogged on the bare back. We don't believe a word of it. It is doubtless another Radical campaign lie.

The Philadelphia Manufacturer, organ of the Tariff League, warns the Ways and Means Committee that unless its bill shall give "increased protection" the Republican party will be beaten at the next election. This is pretty hard on the committee, but it is harder still on the party, which is perfectly insatiable. The more they get the more they want. They will have a hard old row to hoe in '92.

During the past two weeks more than fifty applications have been made for admission to membership in the New York Real Estate Exchange. This is regarded as an indication that the market for real estate will continue active during the remainder of the season. Much of the money which was formerly invested in stocks and bonds has found its way into houses and lots. Prices for real estate in good localities in New York and vicinity are pretty well maintained and it is predicted by some dealers that the market will be even firmer in the near future.

The torturing painful disease, neuralgia, is instantly relieved, and rapidly cured by Salvation Oil. At all druggists. Price twenty five cents.

### Death of Dr. A. B. Lucas.

We greatly regret to learn of the death of Dr. Armand B. Lucas, uncle to Mr. A. F. Lucas of this city, and one of the oldest and most highly esteemed residents of this section. **Relief Valves.**  
Chief Newman showed us this morning plans of relief valves and shut-off nozzles for hose pipes which he has asked from the city for the use of the department. A great saving of time and convenience will be secured by the adoption of these improvements. Their use will enable the firemen to control the water at the pipe without having recourse to the hydrant to which the hose is attached.

Following is the programme of the choral services at St. Paul's Episcopal Church to-morrow:

**Honest Doctors.**  
All honest, conscientious physicians who give B. B. B. (Botanic Blood Balm) a trial, frankly admit its superiority over all other blood medicines.  
Dr. W. J. Adair, Rockmart, Ga., writes: "I regard B. B. B. as one of the best blood medicines."  
Dr. A. H. Roscoe, Nashville, Tenn., writes: "All reports of B. B. B. are favorable, and its speedy action is wonderful."  
Dr. J. W. Rhodes, Crawfordville, Ga., writes: "I confess B. B. B. is the best and quickest medicine for rheumatism I have ever tried."  
Dr. S. J. Farmer, Crawfordville, Ga., writes: "I cheerfully recommend B. B. B. as a fine tonic alternative. Its use cured an excruciating pain of the neck after other remedies effected no perceptible good."  
Dr. G. H. Montgomery, Jacksonville, Ala., writes: "My mother insisted on my getting B. B. B. for her rheumatism, as her case stubbornly resisted the usual remedies. She experienced immediate relief and her improvement has been truly wonderful."  
Dr. G. W. Earle, Pickens, S. C., writes: "I recommended B. B. B. to a man who had suffered for years with a malignant ulcer on his leg, that seemed to resist all other treatment. After using four or five bottles the ulcer began to heal and his leg is now sound and well."

**Forecasts.**  
For North Carolina, fair and cold weather. For Wilmington and vicinity, fair weather.

**Classical Concert.**  
The entertainment to be given in the Opera House next Tuesday night is a classical concert. A most excellent, delightful and varied programme has been arranged and will be presented on that occasion. Much of the very best musical talent in the city will take part. The box sheet is now open at Mr. Yates' and a great many seats have already been secured. Those who have not yet secured them and who don't want to "get left," should see to it at once.

**The Minstrels.**  
As was predicted by us, a very large audience was present last night at the Opera House to greet the Primrose and West Minstrels on their appearance here. Those who were present expected a good show and not one was disappointed. It was one of the best ever seen in Wilmington. The music was good, the scenery was very fine and the specialties were remarkably attractive. Barber's wonderful feats on the bicycle were alone worth the price of admission. "The Popinjays" was a unique and delightful feature, and Barney Fagan, Lew Dockstader, Daly, Waldron, Martin and in fact every member of the troupe was a host in himself. They cannot come to see us again too soon or too often.

**Yesterday's Fire.**  
The alarm of fire yesterday afternoon was caused by the ignition of the room of the residence of Mr. Chas. E. Browne, on Mulberry street, near Front. The wind was blowing fiercely at the time and the dense smoke that issued from the roof of the building seemed to presage a terrible calamity. But the fire department was promptly on hand and fully equal to the emergency. The fire was tackled with a will. Three streams were soon playing on the roof of the burning building and one found its way to the fire from the inside. The house, which was a small building, known as "a story and a jump," was only partially burned and it is probable that \$300 will cover the loss. It was insured with Messrs. Atkinson & Manning, for \$750, in the Fire Association, of Philadelphia. It was owned by Mrs. Mary Hollingsworth, of Point Caswell. Mr. Browne's furniture was all removed but was damaged considerably by water and by removal. It was insured in the St. Paul Fire and Marine, represented here by Messrs. Brown & Cowan. The origin of the fire is unknown, but is supposed to have caught from a spark or from a defective flue.

### Sales of Real Estate.

Mr. A. J. Marshall, Commissioner, sold at public auction to-day five pieces of real estate, belonging to the estate of the late W. J. Kellogg. Mr. S. VanAurige was the auctioneer. The sale was for cash.  
First lot, on the west side of Fourth street, 94 feet south, of Bladen street, fronting 38 feet on Fourth street, and running back 330 feet to Third street, with a width of 66 feet on Third street, was sold to S. H. Terry, for \$2,900.  
Second lot, on the south side of Castle street, between Eighth and Ninth streets, 82 1/2 feet west from the southwest intersection of Ninth and Castle streets, fronting 19 feet on Castle street, with a depth of 66 feet, sold to B. Scott for \$85.  
Third lot, on the north side of Queen street, between Tenth and Eleventh streets, 95 feet east from Tenth street, having a front of 94 feet and a depth of 99 feet, sold to C. P. Loekey for \$360.  
Fourth lot, at the northeast intersection of Fourteenth and Queen streets, 99 feet on Fourteenth street by 120 feet on Queen street, sold to C. P. Loekey for \$100.  
Fifth, the whole of Lot No. 1, in Block No. 519, fronting 339 feet on the south side of Wooster street, 66 feet on the east side of Fourteenth street, and 66 feet on the west side of Fourteenth street, sold to Walker Taylor for \$80.  
The sale is yet to be confirmed.

Somebody has just remarked, "It is impossible to keep the Irish down." Well, my friends, we say let 'em alone—and keep your colds down with a bottle of Dr. Bull's Cough Syrup.

**PLEASE NOTICE.**  
We will be glad to receive communications from our friends on any and all subjects general interest, but  
The name of the writer must always be furnished to the Editor.  
Communications must be written on one side of the paper.  
Personalities must be avoided.  
And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so in the editorial columns.

**It Was Well-Managed.**  
The manner in which the fire department tackled that fire yesterday is worthy of all commendation. They worked, as one ancient individual of the colored persuasion remarked "like fishroes." There were two other frame houses near it, one on the East, the other on the West, with scarcely room enough to roll a wheelbarrow between and yet neither was scarcely scorched. It was a well managed affair and shows what a small chance a good, stout fire is in the hands of our department when they can get plenty of water to work with.

**The Scarlet Beast.**  
Elder J. P. King, at the Advent Church to-morrow (Sunday) night, will deliver another lecture from the Prophetic Chart. The subject will be a continuation of the symbol of the scarlet beast of Revelations, 17th chapter. The questions he proposes to answer are "What are the 10 horns upon the beast and the work they are to do?"  
On account of the many who could not get seats heretofore, the members of the church agree to give their seats to others. Go early in order to be seated. Welcome all.
