

THE DAILY REVIEW.

VOL. XIV.

WILMINGTON, N. C., FRIDAY, APRIL 11, 1890.

NO 100.

All of the bank note currency of the Italian Government is engraved and printed in the United States. The notes are neat, but small, resembling somewhat the fractional notes issued in the war time.

A California Judge is the possessor of a night blooming cereus that is the largest of its kind in the United States. It is thirty feet high, with branches that cover his house and porch nearly 250 square feet.

Ploughing by steam has been introduced in Walla Walla Valley, Wash., and is pronounced a success. Heretofore it has cost two dollars per acre to plough, while under the new system it can be done for forty cents.

The construction of the pillars and foundations of the great Fourth bridge consumed 21,000 tons of cement and 707,000 cubic feet of granite. The total amount of resulting masonry is 117,000 cubic yards. The weight of the steel in the bridge proper is 51,000 tons.

French scientific men and engineers are discussing the feasibility of a railroad across the Desert of Sahara. It is claimed that such an enterprise is necessary to confirm the hold of France upon her possessions on the west coast of Africa and to develop the North African provinces that she holds.

Mr. H. A. London, of the *Chatham Record*, who as an aide on Gen. Bryan Grimes' staff carried the last order at Appomattox, indulges in the following reflections on the 25th anniversary of Lee's surrender: "North Carolinians have the proud satisfaction of knowing that the brave soldiers from their State won the first victory of the war at Big Bethel, on the 10th of June, 1861, and fired the last volley at Appomattox on the 9th of April, 1865. The last effort made by Lee's army to break through Grant's encircling columns was the charge made at Appomattox by the troops commanded by Major General Bryan Grimes. For a mile they drove back the superior numbers of the enemy, and only retired when ordered by Gen. Lee, who, realizing the hopelessness of further efforts, had entered into negotiations for a surrender. The total number of Confederates paroled at Appomattox was 28,231, but there were barely 10,000 effective men present for duty on the morning of the surrender. The difference is explained by the statement that after the army halted thousands of stragglers and detailed men rejoined their commands."

For bracing up the nerves, purifying the blood and curing sick headache and dyspepsia, there is nothing equal to Hood's Sarsaparilla.

It is acknowledged by every one that I. Shrier, corner Front and Princess streets, does the largest clothing business in Wilmington, and every one that buys there saves at least from 15 to 25 per cent on the dollar.

We are very sorry to hear that our esteemed friend, Judge Bannerman, of Pender county, is quite sick at his home in Burgaw, but hope to hear better reports of him as soon as the mild weather is with us.

Mr. C. E. King, who has been here for a week past for the purpose of writing up our city for the *Atlanta Constitution*, has completed the work and left here this afternoon on his return to Charlotte, his headquarters.

The Second Alarm.

The second alarm of fire this morning, turned in from box 43, was caused by the ignition of the roof of a small frame dwelling on Sixth street, between Mulberry and Walnut, owned by Mr. J. W. Moody and occupied by a colored family. The damage was slight and it was covered by insurance.

Reception at the Y. M. C. A. Rooms.

There will be given a reception at the Y. M. C. A. rooms next Tuesday evening the 15th in the interest of the *Young Men's Monthly*.

An interesting programme is being arranged—musical and literary—and a pleasant time is anticipated. The entertainment will be free to all members and friends of the association who may desire to come.

Every one is invited to bring a subscriber to the *Monthly* if convenient.

The Committee of Ten.

Col. John W. Atkinson, Chairman of the Encampment meeting held yesterday at the Produce Exchange, to whom was delegated the duty of appointing a committee of ten to adopt measures for securing the amount of money still needed, has named the following gentlemen as the committee, viz: George Chadbourne, Capt. R. M. McIntire, Jos. H. Watters, J. C. Stevenson, George R. French, G. H. Smith, S. H. Fishplate, Col. F. W. Kerchner, Capt. A. Adrian and J. W. Murchison.

The First Alarm.

The alarm of fire this morning, about 9 o'clock, from box 26, corner Front and Red Cross streets, came from the residence of Mr. Jos. F. Sellers, on Second street, between Red Cross and Campbell. The house caught on the roof, probably from a spark. Messrs. W. E. Worth & Co., of the ice factory, near at hand, soon had a stream playing on the building and the fire was all out in a very few minutes and before the steamers could get there. It was quick work and good work as there was much wind at the time and a serious disaster was probably averted. The damage to the house was slight. It is the property of Mrs. Thomas B. Smith and is insured with Messrs. Smith & Boatwright, in the Liverpool, London & Globe, for \$400. Mr. Sellers' furniture was damaged by water and removal. It was insured for \$200 with Messrs. Atkinson & Manning, in the North Carolina Home Insurance Co.

The Lane Walk.

Pitiful indeed is the condition of those who are confined to their beds or chairs unable to walk. How grateful all such must feel when they recover from their helplessness. B. B. B. (Botanic Blood Balm) has made more than one lame person happy. Mrs. Emma Griffiths, Union, Tenn., writes: "My little boy had scrofula so bad his knees were drawn up and his knees stiff, and he could not walk. He derived no benefit from medicines until I tried B. B. B. After using it a short time only, he can walk and has no pain. I shall continue its use."

Murtle M. Tanner, Boonville, Ind., writes: "I had blood poison from birth. Knots on my limbs were as large as hen's eggs. Doctors said I would be a cripple, but B. B. B. has cured me sound and well. I shall ever praise the day the men who invented Blood Balm were born."

A Treat Ahead.

The Robert Portner Brewing Co., through their popular agent in this city, Mr. E. Kuhlblank, will treat their customers next week to the usual Spring supply of bock beer. It will be unusually fine this year, an extra brew, old and mellow. For one week only will this bock beer be supplied, from the 15th to the 22d inst. It was brewed during the months of October and November, 1888, and hence is one year and six months old. No extra price will be charged, this being intended as a treat to the Portner Co.'s patrons and friends.

Peach Trees Dying.

There seems to be a blight in the peach trees in Pender county. Quite a number have been lost at orchards near South Washington and Burgaw. One of our friends has lost nearly half of them. No one seems to understand exactly what it is that kills them—whether there is a bug at work somewhere or whether the recent cold weather struck to the roots and killed them. This latter seems to be the general opinion, although the same trees have escaped, in former seasons, much harder weather than we have had during the past winter.

Sale of Real Estate.

The sale of an undivided half of the property on North Front street, just South of the Parrell House, took place at the Court House today. The sale was made under authority of Mr. H. A. London, administrator of the estate of Mrs. Sally J. Moore, and Mr. S. VanAurine was the auctioneer. The purchaser was Mrs. Mary E. Boatwright, who owns the other half of the building and now becomes possessor of all. The price was \$5,300 cash. The same property was sold in January and purchased by Mrs. Boatwright for the same price but on account of some legal technicality it was found necessary to advertise and sell it again. The sale will probably be confirmed.

Refreshing and Invigorating

Delicious Soda Water as drawn from Mundy Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

NEW ADVERTISEMENTS.

"Woman is Born for Love"

And it is impossible to Turn her from seeking it."

ONE OF THEIR MANY LOVES IS THE love of Dress, and it is just as impossible to keep the needle from seeking the magnet as it is to keep the women from seeking the store that displays the largest and handsomest line of

Dress Fabrics.

We have been crowded since our Advertisement appeared in Monday's REVIEW. It was evidently a correct Review of the matter to many who had a Spring and Summer

DRESS

IN VIEW.

Generally every one drops into a state of lassitude after the hurry and bustle of an Easter opening. It must certainly require a powerful magnet to draw the Ladies out for a few days after Easter, but we possessed the magnet, whose combined forces,

Low Prices and Nice Goods,

proved too formidable an opponent for their wearied senses, and as a shock of electricity it infused new life and brought them in a hurry to our Store to see the

NOVELTIES

OF THE SEASON.

So we enter the Spring and Summer Campaign with flying colors, and at the head of the race. We have worked hard to make this season's display of

DRESS GOODS

A NOTABLE ONE.
