It is even said now that New Hampshire may be expected to go Democratic next Fall. What next?
Kansas City is determined to have a poll tax from each one of her citizens, whether they exercise their right to vote or not. She has a law requiring all who do not vote to pay a poll tax of \$2.50.
The Portner Brewing Co. in this city have received an elegant new beer wagon. It is a sort of a three-decker and is arranged for the rapid and convenient handling of crates, being a great improvement over the old style.

Forecasts.

For North Carolina, fair and colder weather. For Wilmington and vicinity, from 10 a. m., rain, followed by cloudy weather, becoming fair.

Entitled to the Best.

All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when costive or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

Not Yet Sold.

It was rumored on Saturday, and again today, that the Bald Head property, belonging to the heirs of the late Major John Walker, had been sold to a gentleman from the North. The report is incorrect. A party went down to look at the property on Friday last, and this may have accounted for the rumor. A sale has not yet been effected.

Death of Mr. H. H. Gieschen.

It is with great regret that we learn of the sudden death to day, at 2 o'clock, of Mr. Hermann H. Gieschen, one of the most prominent German residents of this city. He had been sick for about two weeks only, of typhoid fever, and his death was totally unexpected. His brother and his brother's wife, Mr. and Mrs. J. G. L. Gieschen, left here this morning for New York, whencethey expected to sail on Thursday for Hamburg, not thinking, for one moment, that their brother was seriously ill. A telegram was sent them this afternoon and they will probably return here to-morrow night.

Mr. Gieschen was about 25 years of age. He leaves a wife and one child. He was born in Gnarrenburg, Hanover, and came here when a mere lad and has made his home here ever since. He occupied several prominent positions. He was for years a member of Howard Relief Fire Engine Co. No. 1 and was Foreman of the company at the time of his death, having been twice elected to that honorable position. He was also a member of Germania Cornet Band and of Germania Lodge No. 4, K. of P. He was a wholesome, chivalrous gentleman and his death will prove a severe loss, not only to the extensive circle of his compatriots here but to the community at large.

Weekly Weather Crop Bulletin.

The N. C. Experiment Station and State Weather Service, co-operating with the U. S. Signal Service, reports as follows for the week ending Friday last:
The uninterrupted mildness of the winter months of this season developed fruit and vegetables to an unusual degree, and enabled farmers to accomplish good work in preparation for the coming season by putting land in first class condition for planting. At the end of the winter everything looked green and the buds of fruit trees were in an advanced state, promising an abundant crop. During March, however, the temperature fell rapidly to the normal or slightly below and the heavy frosts damaged fruit especially, and wheat, oats, etc., to some extent. Favorable weather during April greatly improved wheat and oats, and probably the damage to fruit, excepting peaches and plums, may not be so great as was anticipated. On the whole, it may be said that the prospects for the coming season are very fair.
The reports of correspondents for the week ending April 25th are generally favorable, though the temperature during the early part of the week was below the average, and frosts occurred on the mornings of the 16th and 20th, killing tender vegetables, melon vines, nipping young corn and injuring tobacco plants. Most correspondents remark, however, that the injury is not so great as was apprehended. The latter part of the week was warmer. The rainfall has been deficient and the sunshine about the average with favorable effect upon all crops. Planting corn is nearly completed, and the planting of cotton is progressing, rapidly; some early plantings are large enough for hoeing. It is generally reported that tobacco plants are being injured by the flies. Gardens are doing well.

Last Night's Alarm.

The alarm of fire last night, at 11 o'clock, sent in from box 35, was caused by a slight fire in a one-story frame building on Orange street, between Tenth and Eleventh streets, owned by Mr. R. W. Smith and occupied by L. Johnson, colored. The house was insured for \$250, in the American Insurance Co., represented by Messrs. Smith & Boatwright.

Going Back North.

The steam tug Stetson, Capt. J. H. Williams, and the steam dredge Vim and lighters, all belonging to the Atlas Dredging Co., which have been at work on the lower Cape Fear, will leave here on Wednesday. The steam tug Alex. Jones will tow the dredge boat and the scows to Ocracoke where the Stetson will tie on to them and take them to Baltimore. Work has been stopped because the appropriation has been exhausted.

Yesterday Morning's Alarm.

The alarm of fire yesterday morning, at 1.20 o'clock, sent in from box 23, was caused by a slight fire in a one-story frame house on Eighth, between Bladen and Harnett streets, owned by Mr. Charles Foard, and occupied by John Moore, colored. The house was insured for \$250, in the Liverpool, London & Globe, represented here by Messrs. Smith & Boatwright. There was also \$150 insurance on the furniture, in the same agency.

Scribner's Magazine.

The May issue of this favorite monthly presents an excellent array of delightful matter. "Barbizon and Jean-Francois Millet," fills twenty-five pages and is to be continued in June. It is a sketchy paper, entirely free from art criticism, but abounding in descriptions of the plain of Barbizon and the forest of Fontainebleau. It is handsomely illustrated. "Co-operative Home Winning" details some of the practical results of building and loan associations. The series on "The Rights of the Citizen," is continued, "The Rule of the Road," or rights on the streets, being the subject for the month. T. J. Nakagawa describes at length the theatres of Japan, where all the female parts are played by men, where love between young people before marriage is never portrayed, yet where plays "hold a house" all day long. The illustrations are truly Japanese in design and execution. Eugene Schuyler reviews Mme. De Staël's visit to Italy as the basis of her delightful novel, "Corinne." Harold Frederic's "In the Valley" goes in its leisurely way and recalls the great muster in the Mohawk Valley during the Revolutionary War to oppose the British, Tories and Indians. John Hay prints a page of "Distichs from Here and There," and there are two short stories. Clarence Deming gives "Some Glimpses of Napoleon in 1804," from the diary of an American who was in France at the time. The poems are pretty and pleasing and the illustrated fun for the month is entertaining.

Still Faithful.

A colored man by the name of Jack Corbett, formerly the property of Mr. William M. Corbett, at Hampton, on the C. F. & Y. V. R. R., is still faithful to his first allegiance. He has steadily refused to leave Mr. Corbett, resides on the place and works as faithfully now as he did before the war. He is fed from Mr. Corbett's table, is clothed and housed by him and probably gets more money than his wages would amount to. He votes the Democratic ticket regularly, although once severely whipped by some of his race for doing so. He is one of the last of the old-timers.

Lung Troubles, Rheumatism, Etc.

Frequently a person is supposed to have consumption when it is some other disease altogether that is reducing his flesh and making him look pale and thin.
J. W. Yates, Tullahoma, Tenn., writes: "It does me good to praise Botanic Blood Balm. It cured me of an abscess on the lungs and asthma that troubled me two years and that other remedies failed to benefit."
So you see it is sometimes well to try constitutional treatment. No remedy is so good as B. B. B. (Botanic Blood Balm) for rebuilding wasted tissue, and giving health to every portion of the system reached by that great circulating stream of life, the human blood. Again, it is often supposed that colds and exposure are the only causes of sciatica, rheumatism, etc. Such is not always the case. It is frequently caused by impurities in the blood.
Wm. Price, Luttsville, Mo., writes: "I was afflicted with sciatica and had lost the use of one arm and one leg for nine years. I went to Hot Springs and also tried different doctors, but found no cure until I tried Botanic Blood Balm. It made me sound and well. I am well known in this vicinity."
Observe, even when the renowned Hot Springs failed, B. B. B. brought relief. Remember, no matter what blood remedy you have tried or intend to try, B. B. B. is the only one that will give you complete satisfaction.

The Locomotive Engineers.

The Brotherhood of Locomotive Engineers for the district extending from Charlotte to Richmond, who have been in session here, attended St. Andrew's Presbyterian Church yesterday forenoon in a body, where Rev. J. W. Primrose preached them a sermon. There were 67 members in attendance at the church and at 1 o'clock 70 of them, with a number of invited guests, sat down to an elegant dinner at the Purecell House. After dinner there was a meeting of the members at which the business transacted was strictly of a private nature. There was no election of officers.

Capt. Paul Boyton.

Capt. Paul Boyton will give one of his great aquatic exhibitions at Wrightsville Beach on Thursday, May 15th, illustrating life on the water, cooking and eating meals, hunting, fishing and life-saving.
One of the novelties will be a foot-race on the surface of the water by three experts using Capt. Boyton's patent life-saving shoes, and another will be a polo game on the water by the entire company.
H. McFall, champion log-roller of the world, will contest his claim to that title with the champion of Michigan in this novel and exciting sport, where dignity is thrown to the winds and the contestants are likely to get a free bath.
A professional boat race will also be given, over which Wallace Ross, champion of England, will have charge and will also be one of the oarsmen.
