JOSH. T. JAMES, Editor & Prop'r. WILMINGTON, N. C.

WEDNESDAY, MAY 28, 1800.

Entered at the Postoffice at Wilmington, N.C. as second-class matter. A Cedar Rapids, Iowa, paper published last week 100 interviews with

Republicans of that city, business men and laborers, which show that a large majority of them are op posed to the attempt being made by the framers of the McKinley bill to saries of life. A very few favor the bill as it stands, and quite a number enter strong protests against it. The majority are in favor of free raw materials and sugar, with a much lower duty on wool. Many believe that the tariff should be only high enough to provide the necessary revenue for the maintenance of the Government, and that this tariff should be levied on the luxuries of life. A hardware man declares that the proposed increased duties on materials in that line, such as tin plate, are "useless." Men employed in other lines of trade are equally severe in their criticism of the bill. The wholesale denunciations of the McKinley bill show that the rank and file of the Republican party in the State is no longer ready to follow blindly in the lead of the scheming politicians at Washington. The gist of the 100 interviews is that the bill is not the tariff reform measure the Republican party promised to enact, but is a juggling and iniquitous one, and dissatisfaction with it and the men who are pushing it through Congress is the result,

MR. THURMAN'S VIEWS.

Concerning the prospects for a Democratic victory in Ohio next fall, Hon. Allen G. Thurman said: "I think the ontlook is very encouraging. While it is true that the Legislature did some crude work of a partisan character, it is always expected that the party in power in this State will get what advantages there are. Some of the so-called ripper bills have created a sensation but it will not work injury in any city. On the contrary, it will result in great benefit. The Heffner bill reorganizing Columbus is crude in many respects, and some doubts are expressed as to whether it will hold. The board, however, appointed under its provisions is a most excellent one, and will be strictly responsible for its work.

"What we need is a constitutional provision that will apply to municipal government. The ablest men of every city should study the question, and hold a convention to discuss and agree upon this important question, and submit it to the Constitutional Convention that will probably be held in 1892. We need something that will prevent Legisla tures from changing the govern

ment of cities for partisan purposes? "How many Representatives will the Democracy elect?" he was asked.

"I think we will elect 15 of the 21 members. Some of the districts are pretty close, but we will go in the fight to win. We have no factional contests now, while the Republicans are by no means harmonious either on the tariff or State issues.

"It is said that Representative Outhwaite will be strongly opposed for a renomination by Mr. Pugh, who, it is claimed, will be supported by the Brice influence. Do you know anything of it?"

"Mr. Outhwaite has made a most excellent record while in Congress, one not surpassed by any man that ever represented the district, and that is saying a great deal. He is a man of wonderful ability, fine presence, a ready debater, and always a Wilmit gt in, - . N. C. gentleman, and I think he will be renominated and elected. I have nothing to say against the candidacy of Captain Pugh, who is an able lawyer and excellent citizen, but my attest their value as a high grade manure choice is Mr. Outhwaite, who, after an experience of six years, can do wool carpet for comfort and durability and the an experience of six years, can do more for his constituents and the country than any new member, however able. The rumor that Mr. wool carpet for comfort and unrating and the demand for it is daily increasing. It has virtues not found in any other fabric.

The FIBRE or WOOL is extensively used for upholstering purposes, and as a filling for Mattresses is almost equal to hair, being light and presents in its columns matter to interest and instruct all ages, classes and conditions however able. The rumor that Mr. Brice will take part in the Congress- Certificates from reliable parties using our ional nomination in this district is goods can be seen at our office, or will be mail ad upon licetton. simply absurd. He is not a man who would take sides in such a contest. I predict that Mr. Brice will make a reputation in the Senate before he has been there very long. He has great ability, a well-stored mind, attract attention, but will have something to say when he advocates or opposes a measure. I was opposed to his nomination, although I 10 BE SOLD BY &UBSCRIPTION ONLY. markable ability."
