To night at the Seaman's Bethel at 8:15 o'clock the usual weekly prayer and experience meeting of business and workmen will be held, to which sea-faring men and the ladies are cordially invited.

The Onslow R. R. bonds have not been delivered. It was intended to have a meeting of the Trustees this afternoon but they could not be gotten together because of other engagements. They will meet on Monday.

New Push and Pull Blind Hinges. Locks the blind when opened or closed. Saves labor and cost of putting on inside fastenings, which are not needed with these hinges. Carpenters, it will pay you to examine and use same. N. Jacobi Hdw. Co.

Services at the Brooklyn Baptist Church, Rev. R. E. Peele, pastor, to-morrow at 11 a. m. and 8 p. m. Sunday School at 4 p. m., instead of 3:30 p. m., as heretofore. Seats free and the pulpit cordially invited to any or all of the services.

Grace Methodist E. Church, South, preaching to-morrow at 11 o'clock a. m. by the pastor, Rev. Walter S. Creasy, and at 8:15 o'clock p. m. by Rev. E. S. Alderman. Sunday School at 5 p. m. Visitors and strangers are cordially invited.

Mr. J. B. Hanks, the well known pharmacist, has opened a handsome new drug store on Third street, opposite the City Hall, and on the first floor of the Hibernian Society Building. He has a beautiful stock, all new and fresh goods, and invites attention to it in ad. published in this issue.

Tourists. Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50c and \$1.00 bottles by all leading druggists.

Forecasts.
 For North Carolina, occasional showers and cooler weather. Local forecasts, from 8 a. m. to-day, for Wilmington and vicinity, fair weather.

A Summer City.
 Carolina Beach will soon become a Summer city. It is fast attaining that dignity. Mr. Hans A. Kure, recognizing this fact, has opened a large grocery store there, with a varied assortment of goods, all of which he will sell at city prices. This will prove a great convenience to the residents. Mr. Kure is also prepared to accommodate parties from the city. He will supply all of the material for a nice lunch at the same prices as sold for here. It is a decidedly pleasant new feature at the Beach, one which will be appreciated.

Death of Maj. Hill.
 Maj. James H. Hill, whose serious sickness we have recorded and who was brought here from Richmond two weeks ago, died yesterday afternoon. He suffered with a severe attack of the grip during the winter and pulmonary troubles ensued, resulting in his death.

Maj. Hill was the son of Col. Joseph Hill, of the U. S. Army, and was born at Hancock's Barracks, Maine, Oct. 26th, 1834. He graduated at West Point in the class of 1853 and was assigned to Capt. Bee's Co., 10th Infantry. He was on duty in Utah in 1861 and together with Capt. (afterwards Gen. Bee) resigned and offered his sword to the Confederate States. He was for awhile on Gen. Bee's staff and first came to Wilmington in the fall of 1862, when Gen. Whiting was assigned to the command of this department. He served throughout the remainder of the war as Chief of Staff and A. A. G. with Gen. Whiting and was with that gallant officer in both of the fights at Fort Fisher. Both were wounded and captured and sent to Governor's Island, in New York harbor, where Gen. Whiting died and was interred in Greenwood Cemetery, at Brooklyn. Maj. Hill recovered and returned to Wilmington, and first embarked in the mercantile business but afterwards became Freight Agent of the W., C. & A. R. R. On the formation of the Associated Railway system he became General Baggage Master, a position which he has filled ever since.

In 1863 Maj. Hill was married to Miss Mary McRee Walker, daughter of the late Maj. John Walker, and a sister to Gen. Whiting's wife and thus became the more intimate ally associated with his chief. His wife died last year and left no issue.

And what eulogy can be pronounced over the grave of this gallant gentleman at all commensurate with his worth? None whatever. We can only say that he was one of the most courteous, chivalrous gentlemen we ever knew; an honorable man, high-toned, pure-minded, sans peur et sans reproche. God rest him and may his grave be kept as green as will be his memory in the hearts of those who knew and loved him well.

Blow Your Nose.
 Alas, too often an admonition of a mother to her child. The poor innocent has probably inherited catarrh and is not responsible for its sore and filthy nostrils. Did you know that tender, soft, thin skin lining the nostrils, called the mucous membrane, extends all over the body. Every organ in the system and every orifice at the surface has this thin delicate lining as a protector. So you see what a fix the body is thrown into when the mucous membrane becomes irritated and inflamed by constant friction with poisonous matter in the blood. Catarrh, leucorrhoea and piles result frequently from this condition of affairs. These diseases are mere symptoms of impoverished blood. Now B B B or Botanic Blood Balm, will by enriching the blood cause all such symptoms to disappear. Give it a trial.

Henry Reeves, Shellman, Ga., writes: "Any man or woman who is suffering from piles and will not use Botanic Blood Balm is a fool, and it takes me to tell them so, for I suffered two years with bleeding piles, and B B B relieved me at once."

J. J. Hardy, Tooeba, Ga., writes: "B B B is a quick cure for catarrh. Three bottles cured me. I had been troubled several years."

James W. Lancaster, Hawkinsville, Ga., writes: "My wife was in bad health for eight years. Five doctors and as many or more different patent medicines had done her no good. Six bottles of B B B has cured her."

Board of Aldermen.
 A called meeting of the Board was held at 11:30 to-day to consider the matter of the proposed delivery by the Trustees of the Onslow R. R. bonds.

Alderman Smith, at the request of the Mayor, stated the object of the meeting and moved to rescind the resolution of the Board bearing date November 15th, calling upon the Trustees not to deliver the bonds.

A long discussion ensued, participated in by Aldermen Pearsall, Smith, Hicks and Craft.

Finally, Alderman Pearsall offered a substitute to Alderman Smith's resolution, requesting the Trustees to withhold the payment of the bonds until the city attorney could file a formal opinion as to why they should not be delivered; unless a sufficient and valid reason has already been assigned; and ordering that this resolution be engrossed and a copy at once delivered to each of the Trustees.

Democratic County Convention.
 The New Hanover County Democratic Convention was held in the Court House at noon to-day. The meeting was organized by calling Mr. John D. Bellamy, Jr., to the chair and requesting Mr. H. L. Yollers to act as secretary.

A committee of five, on credentials, was on motion appointed by the chair. This committee consisted of Messrs. Iredele Meares, H. McL. Green, Frank Meier, C. Schulken and R. E. Heide.

The committee reported that all of the townships were represented except Cape Fear and Federal Point townships. Report adopted.

On motion a committee of three, consisting of Messrs. E. G. Parmele, M. Cronly, Jr., and G. W. Gafford was appointed on permanent organization. This committee recommended Mr. Jno. D. Bellamy, Jr., as chairman, and Mr. H. L. Vollers as secretary. The report was adopted and the convention was declared ready for business.

The following communication from Col. B. R. Moore was read and ordered spread on the minutes:
 To the Chairman of the County Convention:

To my friends who have favorably considered my name in connection with the nomination for judge of the Sixth Judicial District I desire to return thanks, and at the same time to withdraw from the canvass, inasmuch as I cannot go before the Judicial Convention to be held at Kinston, July 9th, with the undivided support of my own county. Please read this before your body and oblige.

Respectfully,
 B. R. MOORE.

On motion of Mr. J. M. Cronly the convention then proceeded to the nomination of a full county ticket, with the following result, all of the nominations but two being unanimous:

For the House of Representatives—Geo. L. Morton, M. J. Corbett.
 For Sheriff—Frank H. Stedman.
 For Clerk Superior Court—Col. Jno. D. Taylor.
 For Register of Deeds—John Haar, Jr.
 For Treasurer—John L. Dudley.
 For Coroner—John Walton.
 For County Surveyor—Gen. M. P. Taylor.

For Constables—C. M. Harriss, of Wilmington township; J. T. Carr, of Cape Fear; John Milton, of Masonboro; W. H. Stokley, of Harnett; J. Dave Southerland, of Federal Point.

On motion of Mr. J. M. Cronly the following was unanimously adopted:
 Resolved, That this convention earnestly recommend to the joint convention of New Hanover and Pender counties Mr. J. D. Bellamy, Jr., as the choice of New Hanover county for the office of Senator in the Legislature of North Carolina from the counties named.

A resolution endorsing Col. T. W. Strange as the choice of the convention for judge in this judicial district was put to a viva voce vote and failed to pass, the vote standing 10 ayes to 11 noes.

On motion, Messrs. J. M. Cronly, E. G. Parmele and J. L. Dudley were appointed a committee to confer with a like committee from Pender in regard to selecting a candidate for the Senate.

The Convention then adjourned.

Refreshing and invigorating
 Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

From the City to the Sea.
 The wonderful progress which has been made in improving the Cape Fear river at and below Wilmington is well illustrated by a statement prepared by Capt. W. H. Bixby, the Engineer officer in charge, which we publish herewith. It shows a depth of at least 16 feet at low water everywhere from the city to the sea and on the bar the depth is greater. The rise of tide here is 2 1/2 feet and on the bar it is 4 1/2 feet. Vessels of nearly 19 feet draught can get over the bar.

The first work done on the river and bar after the close of the war was, we think, about the year 1870. Maj. Walter Griswold was the first engineer in charge. At that time New Inlet was the main outlet for coastwise vessels from the North and the idea of closing it had probably not entered into any one's calculations. The depth of water on the bar of both inlets was then about 7 1/2 to 8 feet at low tide, giving from 12 to 12 1/2 at high water. There has been a gain, therefore, in 20 years, of 7 1/2 to 8 feet, which is simply a wonderful result. In Capt. Bixby's report he says:

The past year's work on the improvement of the Cape Fear river at and below Wilmington has given results which will be most beneficial to vessels navigating this highway.

Opposite the city there is a channel from the main river into the North East Cape Fear river everywhere at least two hundred and sixty-four feet wide and sixteen feet deep at low water; thus allowing six teen foot draft up the North East river clear to the railroad bridge at Hilton.

Across the shoal opposite Kidder's mill and Alligator creek, one mile below Wilmington, at Brunswick river shoals, three miles below Wilmington, at Log and Big Island shoals, seven miles below Wilmington, at Lilliput, eleven miles below Wilmington, at Midnight shoal, sixteen miles below Wilmington, and Reaves' Point shoal, nineteen miles below Wilmington, the channel has now been completely dredged everywhere at least two hundred and seventy feet wide and at least sixteen feet deep at low water.

At Logs and Big Island shoal the channel has been also plainly marked by permanent buoys at all angles.

At Snow's Marsh, twenty miles below Wilmington, a new cut has been made, about 1,000 feet west of the old channel, following the natural channel of the river through the "Five Fathom Hole" to the deep water at Southport. This channel is now everywhere two hundred and thirty-three feet wide and sixteen feet deep at low water; it is a single straight cut, only about two-thirds as long as the old cut, and will be more easily navigated and more permanent than the old channel. During the next month this new channel will be plainly marked for the use of vessels.

For nearly three years the suction dredge Woodbury has been steadily at work on a new straight channel across the bar. During the past year the old crooked channel has been abandoned and the new straight channel has been adopted by all navigation. The new bar channel is steadily growing in width and depth and is now everywhere at least fifteen feet deep at low water, and two hundred feet width of channel. The rise of the tide at Wilmington is about two and a half feet and at the bar is about four and a half feet.

Thus there is everywhere a depth of at least sixteen feet at low water from Wilmington to the bar, and at least eighteen feet at high water from Wilmington to the ocean. During the past year vessels drawing over seventeen feet have been loaded at the city wharves and have passed safely to sea in a single tide; and vessels of eighteen feet draft might do the same in calm weather.

The pending River and Harbor bill appropriates another \$100,000 for this improvement. As soon as this money becomes available, work will at once be commenced on new, already approved projects, for obtaining a depth of at least twenty feet at low water from Wilmington to the ocean.

The Graduating Class.
 The graduating exercises last night at Tileston Normal school drew together a large audience that filled the building to its utmost capacity. The graduating class were Misses Cora Barden, Ed. Weiss French, Mary Heide, Lillian Johnson, Hester Struthers, Bessie Taylor and Florence Willis and Master Geo. H. Haar. The programme was an exceedingly interesting one and all acquitted themselves handsomely.

Just Arrived!
 A NICE LOT OF THAT FRESH UP-COUNTY BUTTER, in small Kits, at **HALL & PEARALL'S,** je 6 1/2 11 and 15 So. Water Street.

PLEASE NOTICE.
