An Otter and a Brickbat. There are some few otters in thi vicinity but they are rarely seen. Mr. Luke McClammy, of Scott's Hill, who came into the city this morning, found one, however, and took him in. He was in his buggy, journeying in this direction and when about 9 miles from the city he saw a black object in the road which our people who are resident at he at once concluded must be an Wrightsville, the Hammocks, etc., otter. The animal stopped in a clump of bushes near the road and Mr. McClammy descended from his buggy and finding a brickbat in the road he "chunked" it at the otter. He hit the animal fair and square in the forehead and knocked it over and Mr. McClammy completed the work with a stick. There was a pond of water about 100 yards from the road and it is probable that the otter was making for it at the time. Mr. McClammy brought the body to per box. the city and exhibited it here. He will have the skin made into a muff for his wife as a memento of the fact that he is probably the only man living who has ever knocked over an a half long from tip to tip.

Resolutions Adopted by the Alliance.

At a called meeting of the County Alliance held at the Court House yesterday the following resolutions were adopted:

Resolved, That Sid B. Alaxander is the unanimous choice of the New Hanover County Alliance for representative from the Sixth Congressional District, and we request the delegates from this county to use all honorable means to secure his nom-

Resolved further, That in support ing the demands of the Alliance we are supporting the cardinal principles of the Democracy; that we cannot be driven from the party by those not in sympathy with our most necessary efforts to secure legislation friendly to our pursuits; holding him to be an enemy to Democracy who opposes demands so long the ground work of our party organization.

Resolved, That we unanimously endorse our President, Capt. S. W. Noble, in refusing to pledge the sup port of the Alliance to Democratic candidates who would not pledge themselves to support our demands.

It was moved that the President be instructed to appoint a committee of three to confer with the Democratic Executive Committe and inform them that we will support all nominees of the party endorsing our de mands and do not as a body claim representatives from ourselves.

> S. J. JONES, Secretary County Alliance.

The Alexander Pot is Bilin.

If the information relative to the Congressional nomination gathered by the Charlotte News is correct then it would seem that Capt. Alexander's nomination is already a foregone conclusion. At the Union County Convention held yesterday at Monroe Mr. Covington withdrew and it is said that this left Union solid for Alexander.

The News claims New Hanover in the Alexander column, which is probably a mistake. Our delegates are uninstructed but we think that they are for Rowland. The News says: "With Mecklenburg, Cabar-New Hanover and Brunswick solid turn until the first train leaving for Alexander; Robeson, Anson and Stanly divided, it is a poor politician who holds out for any other than Alexander. In fact, the convention will meet merely to ratify a nomination already made.

"A letter received in the city today from Robeson county says that Robeson did not instruct, and that the result of the convention there HAVING LEASED THE ABOVE NAMED indicates that Alexander will carry two thirds of Robeson on the first

"In Wilmington yesterday a well posted politician told us that he now expected nothing short of Alex ander being nominated by acclamation. It is understood down there that Brunswick county went solid for Alexander, though no official report had been received. There was a rumor also that Rowland will Not at All Necessary withdraw, though this rum'r could not be traced to any responsible TO CARRY YOUR PROVISIONS OR LUNCH
