**INDEX TO NEW ADVERTISEMENTS**  
THE COUNTY—Notices  
SNEED & CO.—Furniture  
CLYDE'S S. S. LINE—Change of Schedule  
C. W. YATES—Noted men on the Solid South

Watermelons are plentiful now, although the prices are still stiff.

Fifty first-class hands wanted to make Pants, by the day or piece. Apply at 122 Market street.

The crops in Brunswick county are represented as being very fine. They are the best, it is said, for years past.

Rubber Hose, Lawn Mowers and Rakes of the latest and most improved makes are sold by the N. Jacobi Hdw. Co.

A fawlish 15-feet in length, with a saw measuring 3 1/2 feet, with 54 teeth on it, was recently captured in the bay near Southport.

Keep dry and you will keep healthy. Umbrellas, rubber coats, &c., at I. Shrier's, S. E. corner Front and Princess streets.

Big preparations are being made at our seaside resorts for the entertainment of the visitors to the Encampment next week.

I am Manufacturer's Agent for Barbed and all kinds of Wire, Combination Wire and Iron Fences. Orders solicited. James I. Metts.

Rev. Geo. W. Sanderlin, State Auditor, who has been on a visit to Wrightsville for several days as the guest of Mr. Jacob S. Allen, returned to Raleigh this morning.

The County Board of Pensioners will meet at the Court House on Monday afternoon, at 2:30 o'clock, to consider the pension claims of ex-Confederate soldiers. See ad.

Mr. Wm. Kennish, the new Superintendent of the Carolina Oil and Creosote Works, has rented the Dr. Frink house at Southport and will remove his family there for the Summer.

Mr. I. B. Rhodes purchased to day from Hon. Daniel L. Russell 12 lambs the aggregate weight of which was 990 pounds, an average of 82 1/2 pounds each. They were raised on Judge Russell's place in Brunswick county.

Everybody who has a pistol is having it cleaned up now and prepared for use. There is a law against carrying concealed weapons but a man's first duty is to himself and the law won't bother anybody much at such a time as this.

Mayor Fowler wrote to Governor Fowle yesterday afternoon, stating that as the city had no authority in the matter he hoped that the Governor would at once offer a reward for the capture of the murderers of Mr. Nathan Falls.

Farmers, we can supply you with Peanut Sweeps and Diggers, Scraper and Colter Points. Seven different size wings and two size points for the "Boy Clipper," the most improved plow on the market. N. Jacobi Hdw. Co., factory agents.

The Southport Leader says that a petition is being circulated in that town asking that the trips of the Bessie be resumed as heretofore. That is, that she will leave Southport every morning, Sundays excepted at 7:30 and leave Wilmington at 3 p. m.

We have it now. A Pump that is always primed, never requiring a tub of water to start it. It is the bright invention of a North Carolina genius and is pronounced by all to be the best pump on the market. See it and you will have no other. N. Jacobi Hdw. Co.

Seven men, all colored, were seen concealed in bushes not far from Greenville Sound last evening. The fact was reported and that was all. Nothing has been done looking to their apprehension. A posse could have gone out early this morning and bagged the whole party.

Andrew Laspoyre, colored, reported at police headquarters last night that as he was on his way to his home at Rocky Point he was stopped at Little Bridge by four white men, who talked like foreigners, who first ascertained that he had no money on his person and then refused to allow him to cross the bridge.

Hood's Sarsaparilla is in favor with all classes because it combines economy and strength. 100 Doses One Dollar.

**Forecasts.**  
For North Carolina, fair weather and slightly cooler. Local forecasts, from 8 a. m. to-day, for Wilmington and vicinity, fair weather and stationary temperature.

**Progress.**  
It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

**Death of Mrs. Hargrave.**  
Mrs. Martha O. Hargrave, wife of Col. Jesse Hargrave, of Laurel Hill, Richmond county, died yesterday afternoon. The deceased lady was the sister of Mr. David S. Cowan and Capt. John Cowan, of this city. The remains will be brought here for interment on the Carolina Central train. The funeral services will take place at St. James' Church to-morrow morning, at 10 o'clock, and the interment will be at Oakdale.

**The City Jurisdiction.**  
The city authorities can do nothing, of course, as to outrages committed in the county, outside of the city, but the Mayor has jurisdiction one mile from the city limits, in every direction, and several of the reported attempts at robbery have occurred in that limit. The Mineral Spring is within that limit; so is Jumping Run and so is Little Bridge. The police pole is long enough to reach each of these points.

**Concert at the Y. M. C. A. Rooms.**  
A concert is being arranged at the Y. M. C. Rooms for next Friday evening, which will include some of the best musical talent of our city. The programme is to be very attractive.

Admission will be charged and the proceeds will go toward paying for the handsome colors which the ladies have been preparing to present to the Association, and which will float over the Association tent at the Encampment.

**A Regular Hornets' Nest.**  
There is trouble between Col. Anthony, of the Fourth Regiment, N. C. S. G., and the Hornets' Nest Riflemen, of Charlotte. As stated by us a day or two ago the Riflemen found it exceedingly impracticable for them to go into camp in August with their regiment and so petitioned the Governor to temporarily detach them and allow them to attend the July encampment, as a part of the Second Regiment. Col. Anthony forwarded the petition, with his disapproval endorsed thereon, but the Governor overruled this disapproval and granted the request. Yesterday's Charlotte Chronicle says: "The trouble in the camp of the Fourth Regiment is still unsettled. Col. Anthony called on Capt. Robertson, of the H. N. R., yesterday and asked him what was the authority for the newspaper talk that the Hornets would camp with the First and Third Regiments. Capt. Robertson replied that he had a letter from Adjutant General Glenn, who was here on Tuesday, saying that their petition to change time of march had been granted. Col. Anthony said he had not been notified as to the fact. He then wrote to Adjutant General Glenn, asking that the petition sent on, which bore his disapproval on it, be immediately sent through the proper channel for official notice, and he be communicated with by return mail. As soon as this is done, Col. Anthony will notify the Governor of the course he will pursue.

"The Hornets, 30 strong, are preparing to leave here Tuesday morning for Wrightsville."  
This reads strange to the "old sojer." Some military tactics seem to be peculiar, now-a-days—peculiar to the "field and staff" of the N. C. S. G. Why Col. Anthony should have forwarded the petition, if he disapproved of it, is hard to understand, but the funny thing was not only overruling the disapproval but returning the paper direct from the office of the Adjutant-General to the commander of the company. Not only military courtesy but military custom—the unwritten law of the service—required that the paper should have been returned as it went, through the commanding officer of the regiment.

**Well Said.**  
A friend who is now stopping at Atlantic View, on Wrightsville Sound, writes us to say that he had a talk yesterday with a gentleman from New York, now a guest at Capt. Manning's who told him that he had visited nearly all of the most famous watering places in the North and East, and that he is better pleased with Wrightsville and Atlantic View than any place he has yet visited.

**Judge McRae.**  
The Raleigh Chronicle pays the following handsome and well-merited compliment to Hon. Jas. C. McRae, Judge of the Seventh District: "The friends of Hon. Jas. C. McRae (and he has a host of them from Murphy to Manteo) will deeply regret that he was not renominated for the high position which he has filled for ten years with an ability and an acceptability as to give him a reputation not bounded by State lines. In no point has he failed as an able, upright and impartial Judge, and he will retire from the bench with a reputation second to that of no man who has presided over the Superior Courts of the State in half a century.

There is no way of accounting for his failure to secure a renomination except upon the grounds that his popular opponent's friends were most active in the early stages of the fight. We have been in nearly every county in the State and the universal esteem in which Judge McRae is held evidences his worth and ability.

**The Falls Murder.**  
The jury empanelled by Coroner Jacobs at Masonboro yesterday held an inquest over the remains of the late Mr. Nathan Falls and rendered a verdict that "the deceased came to his death from a pistol shot wound inflicted by some one unknown to the jury." There was absolutely no testimony whatever tending to implicate any particular person. Dr. Burbank made an examination of the skull of deceased. He found that the ball entered the top of the head and ranging down towards the left eye there struck the nasal bone and was deflected to the right. It was found just under the right eye and extracted. It was, as stated by us yesterday, a .32 calibre ball.

This would seem to prove, conclusively, that the ball was fired from the rear and by some one who stood over Mr. Falls in the cart as he dozed in the front, as was his usual custom in returning home late in the evening. His death must have been instantaneous and almost, if not actually, painless. The theory has been advanced that he was shot from the front, by some one who stood in the road in front of the wheel but in this case the ball must have passed through to the rear of the head. There is absolutely no knowledge of any fact connected with the murder that will throw any light upon the perpetrator or the spot where the deed was committed. All that is known is that the man was murdered and robbed. All else is a deep and dark mystery which may never be unraveled. The motive of the crime was, of course, robbery, and a dastardly, petty robbery at that. The murder was probably the prompting of nothing less than devilish malignity. It was not even necessary in furtherance of the robbery. Mr. Falls was an old man, small and feeble, and was in all probability fast asleep when the shot was fired that ended his long and inoffensive life. He could have been easily overpowered and robbed without the spilling of one drop of blood.

There is absolutely nothing to justify the theory that the murder was committed between the first and second toll gates on the turnpike road, as mentioned by us yesterday, except the fact as to the condition of the body. But Mr. Falls was evidently asleep when murdered and his death was so quick and instantaneous that the position of the body was not disturbed.
