

ROYAL BAKING POWDER

A cream of tartar baking powder. Highest of all in leavening strength.—U. S. Government Report, Aug. 17, 1889.

The Daily Review.
SATURDAY, AUGUST 2, 1890.

STATE NEWS.

Raleigh Visitor: The ice factory of Messrs. Jones & Powell was sold yesterday, Mr. W. N. Jones, of this city, becoming the purchaser for Mr. J. N. Wiggins, of New York. Operations will be continued on an extended scale. The price paid was \$4,200.

Durham Star: The Durham stamp office did a fair business this month though not so large as some other months. The collections for July have been \$47,158.80. Even at these figures (and sometimes they run up to \$50,000 per month.) it is a right good sum to place in Uncle Sam's till.

Goldboro Dispatch: The fish traffic over the A. & N. C. Road from Morehead is rapidly increasing, no less than 50 boxes of 100 pounds each having been transferred at this station yesterday. This is an important source of revenue to the road, as the express company pays it no less than 50c. for each box hauled.

Mt. Olive Telegram: Will Gallagher and Hugh Gallagher, Jr., two lads who live in the Bear Marsh section, had a fuss Monday and Will cut Hugh seven times with his knife. Dr. J. A. Faison was called and dressed the wounds. He thinks the young man's chances for recovery are very doubtful. They were both drunk on hard cider.

Lexington Ledger: Mr. Miles Carriek, of Marsh, Davidson county, recently found a wild turkey nest on Chalk mountain, in which there was a huge black snake coiled. He killed the snake and, upon investigation, found it had swallowed nine eggs, which he carried home with him. The eggs were placed under a hen and the next day she came off with seven young turkeys. Next!

Greenville Reflector: We were shown on Saturday last three mammoth watermelons by friend Van Stephens, the aggregate weight being 136 pounds. He bought two and they weighed 1,000 pounds. We were informed by Maj. Henry Harding on Saturday last that fifteen building lots were disposed of at Ayden, and a number of business lots. Ayden is new town on the Scotland Neck and Greenville Railroad leading from Greenville to Kingston. Quite a boom in real estate at that place.

Greensboro Patriot: As Ruby Glascock, the 12-year-old daughter of Mr. J. T. Glascock, of South Greensboro, was standing by an open window last Sunday afternoon she heard a hissing noise above her head. She paid no attention to it and a few minutes later she turned away she struck the window shattering with her head and a venomous snake, known as spreading adder, fell from the folds of the shade to the floor at her feet and struck at her. Members of the family heard her scream and ran into the room and quickly killed the snake, which was an unusually large one.

Charlotte News: The question as to removing the consolidated shops of the Richmond and Danville Railroad Company to Charlotte, is practically settled at last. Charlotte gets the shops. A report came in from Camden, S. C., through a News and Courier correspondent, that there is a great dissatisfaction among the employees of the S. C. road because they have not received any wages in three months, and information received from a reliable source to night would lead one to believe that a strike of both train men and road men is being talked of and intended. A great many section hands stopped several days ago; others are talking of stopping independently of their employees. It is also said that the work on the upper end is about at a standstill, and that the construction engines used by the contractors north of Rutherfordton had been sent into Blacksburg. The cause of the wages remaining unpaid is not known but is attributed by some to the bond troubles which the road has had, townships carrying the payment of subscribed bonds into court.

Surprising Testimony.

Many physicians who have examined into the merits of B. B. B. (Botanic Blood Balm), have been convinced with testimony which they deemed surprising, and thus being convinced of its wonderful efficacy, have not failed to prescribe it in their practice as occasion required.

H. L. Cassidy, Kennesaw, Ga., writes: "For two years my wife was a great sufferer. Skillful physicians did her no good. Her mouth was broken out in sores, and she lost a beautiful head of hair. Three bottles B. B. B. cured her completely, incredible as it may sound, and she is now the mother of a healthy three months

old baby clear from any scrofulous taint."

A. H. Morris, Pine Bluff, Ark., writes: "Hot Springs and several doctors failed to cure me of several running ulcers on my leg. B. B. B. effected a wonderfully quick cure after everything else had failed."
