Half-holiday to-morrow and we hope it will be fair.

Mr. Sol C. Weill sailed from New York yesterday for Liverpool on a business trip.

There will be a big crowd at Camp Latimer to-morrow afternoon if the weather is good.

The Lumberton Band will give an open air concert in the City Hall Park this evening.

The worst cases of scrofula, salt rheum and other diseases of the blood, are cured by Hood's Sarsaparilla.

Fifty first-class hands wanted to make Pants, by the day or piece. Apply at 122 Market street.

Rev. Sam Jones telegraphed yesterday that he would open his meetings here on September 25th to continue ten days.

Keep dry and you will keep healthy. Umbrellas, rubber coats, &c., at I. Shrier's, S. E. corner Front and Princess streets.

The Second and the Fourth are having a fine time in camp. Somehow they seem to "catch on" better than the First and the Third.

I am Manufacturer's Agent for Barbed and all kinds of Wire, Combination Wire and Iron Fences. Orders solicited. James I. Metts.

The German residents of this city will celebrate, on October 6th, the anniversary of the landing of the first of their countrymen on the soil of America.

The steamer Cape Fear brought down a large party of colored people this morning, on an excursion given by the colored Baptist Church at Elizabethtown.

With "Regal" Paint on your house and "Plastico" on your walls, your house will be beautiful and your family happy. Sold by the N. Jacobi Hdw. Co., factory agents.

The moon entered on its last quarter this morning. We haven't got that low down yet, thought if the newspaper patronage here doesn't improve we'll soon be on our last quarter.

Gov. Fowle arrived in the city last evening at 5.50 o'clock in Mr. H. Walter's private car, in which he went direct to Wrightsville and to Camp Latimer. He was received with all due honors.

The highest climb of the thermometer here to-day was 88 but the humidity of the atmosphere has been so great that the slightest exertion has been accompanied with great discomfort.

It is understood that the survivors of the 18th N. C. Regiment will meet to-morrow afternoon at Wrightsville Beach and will afterwards proceed in a body to Wrightsville to take part in the parade of the veterans at Camp Latimer.

This is just the kind of weather to cause sunstrokes and prostrations from the heat. Five degrees more of caloric in the atmosphere, with a clear sky and a dry atmosphere, would be more comfortable and healthier weather than this.

New Push and Pull Blind Hinges. Locks the blind when opened or closed. Saves labor and cost of putting on inside fastenings, which are not needed with these hinges. Carpenters, it will pay you to examine and use same. N. Jacobi Hdw. Co.

We have it now. A Pump that is always primed, never requiring a tub of water to start it. It is the bright invention of a North Carolina genius and is pronounced by all to be the best pump on the market. See it and you will have no other. N. Jacobi Hdw. Co.

Turner's Almanac promises changeable weather from this date until the 14th; then come eight days of frequent showers (by way of variety), followed by four days of changeable weather, the month winding up with three fair days. According to this the precipitation this month promises to be very heavy.

The German at the Island Beach Hotel to-night will be a brilliant affair.

Our new weather prophecy reads this morning: If it rains to-day it will rain to-morrow and if it don't rain to-day it will rain to-morrow anyhow.

We are glad to hear that Mr. B. G. Worth, who has been quite sick, is now reported as better, with the hope of getting out again in a day or two.

It rained all day last Sunday in the upper Cape Fear section. There was a rise of 20 feet on Monday, on top of the old freshet, which had been subsiding. When Capt. Tomlin left there yesterday morning the water was again falling.

We are glad to learn that the Orton House is doing an excellent business now, under the careful and experienced management of Mr. Montague. We are told that its patronage has never been better than it is now and that the prospects for an excellent season next Winter are of the best.

Dr. Hoge is Better.
Two telegrams were received to-day from Dr. Hoge's bedside and both contained encouraging news. Both reported him as better. Mr. George Chabourn received a telegram at noon to-day, containing this gratifying information. Further news is looked for this afternoon. Mr. B. F. Hall left here last night for Saratoga to be with Dr. Hoge.

The Germanias to the Front.
The Germania Cornet Band, 20 pieces strong, will go down to Wrightsville this afternoon. They will first proceed to Camp Latimer and serenade the troops there, after which they will go to the Hammocks and give an open air concert for the benefit of residents at the hotel. They will remain until a late train and will take supper at the Hammocks. It is probable that Prof. Miller's Band will aid them in the concert.

Crushed by a Boiler.
Yesterday afternoon, about 5.30 o'clock, while workmen were unloading a boiler, weighing 600 lbs, from a lighter, at the Bladen county line, the boiler slipped from the skids and Mr. Saint Potter was caught under it and crushed into the ground. As soon as possible he was released, when it was found that he had sustained some severe injuries, although it is hoped that no bones were broken. Medical aid was summoned from Point Caswell. The boiler belongs to Mr. D. J. Corbett. Mr. Potter has been with Mr. Corbett for seven years.

Cornet Band Excursion.
The Cape Fear Silver Cornet Band came up from Southport this morning on the Passport on the promised excursion. They were accompanied by a large number of ladies and gentlemen from our seaport sister, lots of pretty girls, for which Southport is getting to be famous, being of the party. They went through to Wrightsville to spend the day on the seashore. There were 13 members of the band, as follows: Samuel Drew, leader, and Messrs. Jesse Weeks, Rob Weeks, C. Holden, H. Phelps, Jeff Wescott, Albert Dasher, W. S. Dasher, Rob Davis, Price Furless, J. N. Daniels, John Holdey and Fred Harper.

The Value of Money.
Men of unlimited means hardly appreciate the value of just one dollar, but with the poor every dollar means so much toil and so much effort. It is a comfort to know that the poverty-stricken invalid can derive so much good from so little expenditure, when they invest their dollars in B B B (Botanic Blood Balm).

W. C. McGahey, Webb City, Arkansas, writes: "B B B has done me more good and for less money than any other blood purifier I ever used. I owe the comfort of my life to it."

A. P. McDonald, Atlanta, Ga., writes: "I had a running ulcer on my leg. Several doctors failed to do it good. Three bottles of B B B effected a cure. B B B also cured my brother of a running sore."

David Thurman, Atlanta, Ga., says: "I was a constant sufferer for many years with Scrofula and Eczema. A few bottles of B B B entirely cured me."

Forecasts.
For North Carolina, showers and stationary temperature. Local forecasts, from 8 a. m. to-day, for Wilmington and vicinity, showers and slight changes in temperature.

The Ladies Delighted.
The pleasant effect and the perfect safety, with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effective in acting on the kidneys, liver and bowels.

The City Bottling Works.
Mr. W. L. Lucas, of Durham, has been recalled to the city by his uncle, Mr. A. F. Lucas, who has placed him in charge of the bottling department of his business here. He has had five years' experience in the business and we are sure will give satisfaction to all. Mr. A. F. Lucas will, however, still give the business his supervision, as will be fully explained in advertisement published elsewhere in this issue.

The New Band.
A meeting of young men interested in the organization of a new band was held last night at the City Hall. Mr. R. R. Clowe was called to the chair and Mr. James W. Monroe was made secretary. After discussion a committee of three was appointed to draft a constitution and by-laws. Mr. Simon Sanders, Prof. Schloss and Mr. James W. Monroe were appointed as the committee, and were requested to report at a meeting to be held Thursday, the 14th, at 8.15 o'clock, at the Mayor's office in the City Hall.

Eighteen members were enrolled at the meeting.

The New Election Law.
The new election law, under which a new registration is ordered in New Hanover county, is an important one. No registration shall be valid unless it specifies as near as may be the age, occupation, place of birth and place of residence of the elector, as well as the township or county from whence the elector has removed—in the event of a removal—and the full name by which the voter is known.

The registration books are to be open for inspection and challenge on the second Saturday preceding the election.

Section 2681 is amended to read: Upon the request of any elector the registrar shall require an applicant (for registration) to prove his identity, or age and residence by such testimony under oath as may be satisfactory to the registrar. The registrar shall record the name, age, occupation, place of birth and place of residence of the elector, and the name of the township or county from which the elector has removed—in the event of a removal—also the date of registration, in the appropriate column of the registration book. Section 2682 is amended so that the registrar is to put on his book on the day of election any becoming of age since the books were closed, provided he be found otherwise entitled to vote. Section 2688 is amended as follows: Each box is to be labelled in plain and distinct Roman letters with the name of the office or offices to be voted for. The majority of the judges of election for the county and State offices may rail off a space or enclosure as a polling place to hold the election for State and county offices. Only one voter shall be allowed to enter at a time and no one but the judges of election shall be allowed to speak to him or interfere with him while casting his vote, which shall be put in the proper box or boxes by the voter himself and by the judges at the request of the voter. A similar but separate polling place may be railled off for Congressional and Presidential elections. In such event the registrar shall appoint a deputy registrar for that separate polling place, to whom shall be furnished the names of all persons entitled to vote, and the judges or inspectors of election for that polling place, who shall be of different political parties. The registrar and judges so appointed shall be sworn, &c. But if the judges of election do not see fit to adopt this plan, the old regulations are to be observed.

NO ONE of any consequence would be caught using any other than Rough on Dirt Family Soap.

To Storm the Camp.

The programme as arranged for the parade of the Confederate Veterans to-morrow afternoon is for them to assemble at the Orton House at 4.30 o'clock. Then they will be formed into line and marched to the Union Depot, where they will board the 5 o'clock train on the Seacoast R. R. and be transported to Wrightsville. From the depot they will march to Camp Latimer where the troops will pass in review before them. It is desirable that all wear badges, which can be procured at Mr. Heinsberger's book store. "Side arms" to consist of walking cane. The fare for the round trip will be 25 cents.

Drowned Last Night.

Mr. George Law, mate of the schooner James Ponder, from Philadelphia, now lying at the C. C. R. R. wharf, fell overboard last night, about 8.30 o'clock, and was drowned. He started to go ashore at the time with the cook, Mr. James Edwards, and it is thought fell through the wharf, which is undergoing some repairs. The latter was some little distance in advance and heard the splash but could see nothing of the mate. Capt. Calhoun, the skipper, who was on board at the time, aided in the search but nothing could be seen or heard of the unfortunate man who could not swim and who probably struck his head against the wharf and became unconscious as he fell into the water.

NEW ADVERTISEMENTS.

Attention, Confederate Veterans.

ALL MEMBERS OF THE NEW HANOVER Veteran Association are requested to assemble in front of the Orton, Friday afternoon, at 4.30 o'clock, to take the 5 o'clock train for Camp Latimer. Fare for the round trip will be 25 cents. These desirable badges can procure them at Heinsberger's. All Veterans cordially invited to join us.

the ACME and GEM, is now established, and the results of three years' use in the hands of the best farmers of this and other States will attest their value as a high grade manure.

The MATTING, made from the leaves of our native pine, is conceded to be equal to any wool carpet for comfort and durability and the demand for it is daily increasing. It has virtues not found in any other fabric.

The FIBRE or WOOL is extensively used for upholstering purposes, and as a filling for mattresses is almost equal to hair, being light elastic and proof against insects.

Certificates from reliable parties using our goods can be seen at our office, or will be mailed upon publication.
