The moon changes next Friday morning.

A large number of the soldier boys from Camp Latimer were in the city this forenoon.

Mr. Jere Hewlett and crew caught to day at one haul 7,650 mullets on Masonboro beach.

Fifty first-class hands wanted to make Pants, by the day or piece. Apply at 123 Market street.

There was no rain at Wrightsville on Saturday, notwithstanding the fact that lots of water fell here.

A large number of ladies went down to Wrightsville this afternoon to witness the last dress parade of the season.

The peculiar enervating effect of summer weather is driven off by Hood's Sarsaparilla, which "makes the weak strong."

A dispatch was received to-day at 12 o'clock, from Saratoga, which stated that Dr. Hoge's symptoms were all favorable.

Keep dry and you will keep healthy. Umbrellas, rubber coats, &c., at I. Shrier's, S. E. corner Front and Princess streets.

I am Manufacturer's Agent for Barbed and all kinds of Wire, Combination Wire and Iron Fences. Orders solicited. James I. Metts.

There was another hard rain last night and then the wind got around to the North and the atmosphere was cool and pleasant for sleeping.

The new seats in the Opera House are expected to be in position by the 15th inst. The parquette will be full of chairs, from the orchestra rail to the lobby doors.

With "Regal" Paint on your house and "Plastico" on your walls, your house will be beautiful and your family happy. Sold by the N. Jacobi Hdw. Co., factory agents.

Nor. barque Lidskjolf, Jensen, cleared to-day for Glasgow, with 2,875 barrels rosin and 1,174 casks spirits, valued at \$25,542, shipped by Messrs. Paterson, Downing & Co.

We hear that negotiations are in progress whereby Prof. Miller's band may remain here during the Winter. There is some talk of engaging them as an orchestra for the Opera House.

Rev. W. S. Creasy, D. D., Pastor of Grace M. E. Church, and family will leave here to-morrow morning for Mt. Airy, in search of the rest and recreation so well earned by Dr. Creasy and so much needed by him.

On and after Friday next (August 15th) the Wilmington Seacoast Railroad train leaving Wilmington at 12:50 p. m. and the Hammocks at 1:45 p. m. will be discontinued. The 10:30 train from the Hammocks will leave at 10 p. m.

New Push and Pull Blind Hinges. Locks the blind when opened or closed. Saves labor and cost of putting on inside fastenings, which are not needed with these hinges. Carpenters, it will pay you to examine and use same. N. Jacobi Hdw. Co.

We have it now. A Pump that is always primed, never requiring a tub of water to start it. It is the bright invention of a North Carolina genius and is pronounced by all to be the best pump on the market. See it and you will have no other. N. Jacobi Hdw. Co.

On one street in this city, in a distance of four blocks, over twenty families are absent, none but the care-takers being left on the premises. Seventy-five per cent of those families are at the seacoast, near the city, which is a reversal of the old order, brought about by the opening of summer resorts here.

On and after August 10th there will be a train leaving Goldsboro via R. & D. Road at 3:00 p. m. With this schedule passengers can leave Wilmington, via W. & W. Road, at 4:00 p. m., arriving at Goldsboro at 6:55 p. m., leave Goldsboro at 8:00 p. m., arrive at Raleigh at 11:30. This is the shortest and quickest route between Wilmington and Raleigh.

Is this the cool spell in August?

The encampment will break to-morrow. The troops will leave for home in the morning.

Gov. Fowle has issued a proclamation, which will be found in our advertising columns, offering a reward of \$200 for Henry Clews, colored, the escaped Penitentiary convict, who has been seen hereabouts lately and for whom the officers have been looking.

We are sorry to learn that Miss M. Louise Goodwin, who has been a resident of Wilmington for three years, has concluded to remove to Richmond. She is a charming and accomplished young lady and what is our loss is Richmond's gain. Our best wishes will follow her to her new home.

A Prompt and Liberal Response.

At the regular Sunday evening services in Grace Church last night an effort—and a very successful one it proved—was made to cancel the debt on the church. An earnest appeal was made by the pastor and in a short time the sum of \$5,500, which is \$1,500 more than was called for, was raised.

Grand Family Excursion.

The Mergert Mission Circle of St. Paul's Evang. Lutheran Church will give a grand family excursion to Carolina Beach on Wednesday. There will be some good music and refreshments will be served by the ladies. The committee of arrangements consists of Mr. J. H. Rehder, chairman, and Messrs. F. E. Hlshagen, C. H. Stemmermann and F. Seitter. A good time may be expected by all who attend.

Crops and Politics.

A friend at Burgaw writes us that the crop prospects in that section are not so bright now as they were a few weeks ago. The excessive rains we have had of late have injured the crops to a considerable extent. Early corn was about made before the wet weather set in, but late corn, cotton, peas and potatoes are feeling the effects of the rains. The political pot is boiling beautifully in Pender now. Candidates are as thick as blackberries in June and both sides seem confident of success.

The Mass Meeting To-Night.

At the German mass meeting to be held at 8:30 to-night in Luther Memorial Building short interesting addresses will be delivered by Col. F. W. Kerchner, Mr. Sol. Bear and others.

Germans, the descendants of Germans and those identified with the Germans by marriage, are kindly and respectfully requested to be present.

The executive committee will meet at 7:30 o'clock, one hour before the time of the mass meeting.

Weekly Weather Crop Bulletin.

The reports of correspondents of the Weekly Weather Crop Bulletin, issued by the North Carolina Experiment Station and State Weather Service, co-operating with the United States Signal Service, show that the past week has been cloudy and comparatively cool with heavy rains, especially in the central and western portions of the State. The highest temperature was 92 degrees, the lowest 66. The average rain-fall was 2.74 inches, which is 1.34 inches above normal. The excessive rains have caused streams to overflow, in juring low land crops. Cotton is still shedding, but no serious damage reported. Except at a few places the tobacco crop seems to be in excellent condition, although too much rain has fallen for it also. The curings are reported good. Notwithstanding excessive rains of the past two weeks the prospects are not at all discouraging. A week of warm fair weather will improve all crops and restore good spirits to our farmers.

OUR FRIEND THE BED BUG.

If you would quickly and permanently rid your beds of bugs, put a small box of ROUGH ON RATS in a pint bottle of benzine, shake well when using. Douche the mixture into the cracks, crevices, holes and openings of the bedstead. It will turn their toes up rapidly. Then mix another small box of ROUGH ON RATS thoroughly with a quarter pound of lard, with this mixture fill all holes, openings, cracks and crevices in the bed. These two methods are warranted to never fail; to be effective and lasting. Cut this out for directions.

Forecasts.

For North Carolina, fair weather, except local showers on the south-east coast, slightly cooler in the east and stationary temperature in western portion.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Not Our Omission.

Our attention has been called to the fact that in publishing the special to the Charleston World relative to the failure of Rev. Sam Jones to appear at the great camp meeting at Wesley Grove, the introductory portion of the dispatch was omitted, which read as follows:
 The great camp meeting of the Southern Methodists at Wesley Grove has been almost a complete failure religiously owing to a disagreement among the church members in reference to the Rev. Sam Jones.

We did not copy from the World, but got the item at second hand from an exchange in this State and are sure that the introductory part did not appear therein.

Vexatious Delays.

There has been delay in operations on the W. O. & E. C. R. R. because of failure to receive the iron, which should have been here a week ago. Several cargoes are en route and expected at any time. One of the vessels sailed as long ago as July 27th this making the fifteenth day she has been out. She is probably laid up in some port, waiting favorable winds. There is a vexatious delay, also, as to the locomotive and the passenger cars ordered. These should have been here last week but their construction has been delayed because of a pressure of orders at the shops. It is hoped that these will arrive this week, however. If they do not, some other and temporary arrangement will probably be effected and a schedule will be announced. In the meantime there is a regular daily passenger and freight service on the road between this city and Sloop Point.

The company, we understand, still hope to reach Jacksonville by the first of October. Once there, the work toward Newbern is to be pushed rapidly ahead.

Blood Diseases.

Blood diseases are terrible on account of their loathsome nature, and the fact that they wreck the constitution so completely unless the proper antidote is applied. B. B. B. (Botanic Blood Balm) is composed of the true antidote for blood poison. Its use never fails to give satisfaction.

Mrs. Laura Hart, Beaufort, S. C., writes: "A loathsome form of blood poison was killing me. My appetite was lost, my bones ached, and parts of my flesh seemed as if it would come off my bones. A friend brought me a bottle of B. B. B. The sores began healing at once, and when I had taken two bottles I surprised my friends at my rapid recovery."
