SYRUP OF FIGS

ONE ENJOYS
both the method and results when
Syrup of Figs is taken; it is pleasant
and refreshing to the taste, and acts
promptly on the bowels, cleanses the
stomach and bowels, dispels colds, head-
aches and fevers, and cures habitual
constipation. Syrup of Figs is the
only remedy of its kind ever pro-
duced, pleasing to the taste and ac-
ceptable to the stomach, prompt in
its action and truly beneficial in its
effects, prepared only from the most
valuable and agreeable substances, its
excellent qualities commend it to
all and have made it the most
popular remedy known.
Syrup of Figs is for sale in 50¢
bottles by all leading drug
stores. Any reliable druggist who
does not have it on hand will pro-
vide it promptly for any one who
wishes to try it. Do not accept any
substitute.

THE DAILY REVIEW

VOL. XIV WILMINGTON, N. C., WEDNESDAY, SEPTEMBER 3, 1890. NO 223.

Arkansas voted on Monday and in the face of the big fight made there by the combined forces of the opposition, the State has gone Democratic handsomely.

Judge Tourgee's wife was committed to jail at Buffalo, N. Y., recently, for contempt of court. It was for a debt due by Tourgee, who it is said turns over all he earns to his wife and who refused to pay the bill out of the moneys on an order of the court.

Vermont voted yesterday but the returns are not yet all in. The Republicans have probably carried the State by a reduced majority. Two Congressmen were elected but the result on this point is not yet known. Nobody looks for other than Republican success, however.

The Charleston News and Courier, with its characteristic enterprise, publishes an exhaustive and extensive review of the business operations there during the past twelve months. It occupies nearly four pages of that paper. In its editorial article it says:

"The Annual Review of the trade and commerce of Charleston, published in the News and Courier today, shows that the city enjoyed a remarkable season of prosperity during the past year. The total business of Charleston during the commercial year which closed on Saturday amounted to more than \$80,000,000, an increase of \$3,966,298 on business of the preceding year. There was a decrease in the value of the cotton marketed in Charleston of nearly \$3,000,000, a decrease in the value of the fruit and vegetable trade of \$98,000 and a falling off in other minor branches of business; but the grand total shows that the trade of the city during the past year was nearly \$4,000,000 more than in 1888-89. The falling off of our cotton trade was far more than counterbalanced by the increase in other lines of business and the net result is most encouraging to all who have an interest in the welfare of the city. There was an increase in the wholesale and retail trade of \$740,000; an increase in the capital invested in manufactures of \$2,051,500; an increase in the value of our manufactured products of \$1,788,379. The value of the rice trade was increased \$370,125, there was an increase in the naval stores trade of \$385,073, an increase in the value of the cotton goods trade of \$290,015, an increase of \$36,753 in the value of our imports, and a gain in many smaller branches of business, the whole gain footing up a grand total of nearly four million dollars. Surely there is encouragement in this result."

C W YATES—Wall Paper and Window Shades

The receipts of cotton at this port to-day foot up 488 bales.

The season at Carolina Beach will be over about the 15th. In the meantime, let's rush her, boys.

Mr. Garrell telegraphed yesterday to Pigeon River for a car load of mountain beef and expects it here by Friday.

Hood's Sarsaparilla has a steadily increasing popularity, which can only be won by an article of real merit. Give it a trial.

Mr. Daniel Robinson, of the upper Black River section, was in the city yesterday afternoon and favored us with a visit.

Mr. Lorenzo di Lorenzo, the well known tailor, who is, by the way a capital shot, bagged 65 marsh hens yesterday in 42 shots.

It would seem that atmospheric troubles are brewing somewhere. There has been a stormy look and feeling in the air all of the week.

I am Manufacturer's Agent for Barbed and all kinds of Wire, Combination Wire and Iron Fences. Orders solicited. James I. Metts.

We have it now. A Pump that is always primed, never requiring a tub of water to start it. It is the bright invention of a North Carolina genius and is pronounced by all to be the best pump on the market. See it and you will have no other. N. Jacobi Hdw. Co.

Rice birds are slow in coming into market.

Fish are scarce because of the Easterly winds.

Messrs. Charley Senibben and H. D. Oldenbittel killed 285 marsh hens yesterday at Wrightsville.

The police record for August reports the total number of arrests during the month as 162; colored 116, whites 46.

It was all quiet along the market front to-day. Mr. Smith, the new clerk, qualified yesterday and assumed charge to-day.

With "Regal" Paint on your house and "Plastico" on your walls, your house will be beautiful and your family happy. Sold by the N. Jacobi Hdw. Co., factory agents.

The Board of Managers of the Produce Exchange have ordered an increase in the telegraph service so as to get six reports daily from New York and three from Liverpool markets.

Our clever friend, Mr. J. Elsbach, has just returned from the Warm Springs, where he has been seeking relief for his rheumatic pains. We are glad to know that he has been benefited by his trip.

The Champion Compress started up yesterday and the steamship Pietou, the first of the fleet, which arrived here late yesterday afternoon, hauled into the wharf this morning and will take a cargo of the fleecy.

The new chairs have not yet been put in the Opera House and therefore the old ones will be used to-morrow night. It was thought that the new seats would be here in time for the opening night but they have not yet arrived.

New Push and Pull Blind Hinges. Locks the blind when opened or closed. Saves labor and cost of putting on inside fastenings, which are not needed with these hinges. Carpenters, it will pay you to examine and use same. N. Jacobi Hdw. Co.

Mr. J. J. Hayes returned to the city last evening from Sampson county, where he has been on a visit to his parents for several days past. He first heard of the narrow escape of his wife and her sister when he reached Autryville to take the train yesterday afternoon.

Mr. and Mrs. N. Jacobi returned to the city last night from the Western part of the State. During Mr. Jacobi's absence a nice, new office was fitted up for him in the back part of the store, to which he was promptly conducted to-day on his arrival there, and with all due solemnities.

Dr. Potter's Report.

The mortality report of Dr. F. W. Potter, for the month of August, gives the total number of deaths for the month in the city as including 2 drowned, 3 stillbirths, 2 homicides and 1 suicide; thus making the total number of deaths from disease 29. There were 4 deaths from consumption, 4 from diarrheal diseases, 3 from heart disease, 2 from malarial fever, 1 from paralysis. Of the total number 10 were colored adults and 15 colored children under five years of age; of the whites, seven were adults, and five children.

Taking in the River.

The Grove and the Passport exchanged to-day at the Pier, the former taking the excursionists from the latter, and carrying them down to Southport. Three different trips have been made to the Beach to-day. It was all done for the benefit of the Moore county excursionists. They took in the Hammocks and Ocean View yesterday and Carolina Beach and Southport to-day. They all returned this afternoon on the C. C. R. R. expressing themselves as highly delighted. As many as there were in the crowd there would have been more had there been accommodations for them. It is said that nearly a hundred were waiting at Maxton to take the train yesterday but as there was no room for them the train ran by and left them behind.

IF YOU WANT a genuine surprise in the way of getting more than your money is worth, buy a five cent cake of Rough on Dirt Family Soap.

To Dispel Colds.

Headaches and Fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

North Carolina State Fair.

If the preparations which are now going on for the next Fair at Raleigh mean anything, it promises to be the best in the history of the State. It should be the best. Good crops, especially the money crops, furnish both the means to make an exhibition and the means to go and see it. The officers of the Agricultural Society means to have a grand fair.

From Moore County.

A large crowd came in last evening on an excursion train on the Carolina Central Railroad. They were mostly from Moore county. The excursionists numbered between 600 and 700, and among them were many ladies, a special car having been brought along for their use. Most of the party went through to the Hammocks last evening while others remained in the city. They visited Carolina Beach to-day and will leave the city this evening at 6 o'clock for home.

McCarthy's Mishaps.

The box sheet for this delightful nonsensical entertainment, to be given in the Opera House to-morrow night, as the first of the season, was opened at Yates' book store this morning. The piece is as full of fun as an egg is of meat and the best part of it is that this fun takes you in delightful surprises. You cannot imagine at one minute what is coming on in the next. There are as many laughs to the square inch in it as anything we ever saw produced on the stage. Those who were present on its representation here last winter will bear us out in this.

Will Be Housed This Year.

The freshet in the river is now running off. The big 40 foot rise which was expected did not come. Had the rains in the interior not held up it would have been here with a snort. Twenty feet, it is said, will cover the rise. The fine corn crops along the river have been saved and the farmers are now encouraged in hoping that they will be housed this year. The prospect now is a very fine one indeed. It is the first time in five years that these crops have materialized. For four years past they have been swept off by the high waters.

Scribner's for September.

Mr. Rufus F. Zagbaum, long and favorably known as a maker of military pictures, turns his attention to our blue jackets afloat and in the September number of Scribner's gives a capital sketch of life aboard the new cruiser Chicago during the recent run of the White Fleet to Europe. Another attractive illustrated paper is Donald G. Mitchell's "The Country House," written in the author's well known manner and full of pictures of quaint old houses from all over the Atlantic States. Heligoland is pleasingly described, the article being well illustrated. Professor N. S. Shaler, of Harvard, begins interestingly a series of papers on "Nature and Men in America." The serial, "Jerry," reaches a highly exciting stage. "Africa River" and "Lake System" condenses and combines a great mass of information regarding the water ways of the "Dark Continent." The fifth number of the series on the rights of the citizen is by James S. Norton, who discusses a man's rights to his own property. The single short story is "The Clerk of the Weather." The shortest prose article in the magazine is "Millet and Recent Criticism," but it should be read by every one who believes art is something more than a mere technique.

Strong Men.

Women love strong men: A weak man may excite their sympathy and a woman's careful tenderness soothe and soften the anguish of a weak man's soul, but the laughing, joyous, warm, exuberant love of women dear, belongs to the men that are strong and noble and kind. Then why will a man continue weak, and mean and peevish? An old gentleman writes: "B. B. B. gives me new life and strength."

If there is anything that will make an old man young, it is B. B. B.

Some men say, and women too, they never feel weak and mean except in the spring. Why then feel weak and mean and nervous and prostrated in the spring time when life and spirit awakens with thrilling buoyancy even the vegetable world? Must you allow sluggish blood, inactive organic functions, rusty joints and general weakness to make you miserable simply because the long winter has restrained your natural activity? It need not be. If only you will use that pleasant and incomparable tonic blood purifier known as B. B. B. or Botanic Blood Balm your health in spring time will be all that you can wish. Try it this spring. Try it now.

P. A. Shepherd, Norfolk, Va., August 10, 1888, writes: "I depend on B. B. B. for the preservation of my health. I have had it in my family now nearly two years, and in all that time have not had to have a doctor."

NEW ADVERTISEMENTS.

STATE OF NORTH CAROLINA, S. S. NEW HANOVER COUNTY.

Iredell Meares, Plaintiff, vs. W. W. Worthington, Trustees, F. M. Abbott, Defendants.

Notice of summons and warrant of attachment.

The defendants above named will take notice that a summons in the above entitled action was issued against said defendants on the 27th day of August, A. D. 1890, by H. H. Bunting, a Justice of the Peace of New Hanover County, North Carolina, for the sum of one hundred and fifty-four and 50/100 dollars, against the property of said defendants, which said plaintiff on account of legal services rendered to said defendants, which summons is returnable before said Justice, at his office in the City of Wilmington, N. C., on the 22nd day of September, A. D. 1890.

The defendants will also take notice that a warrant of attachment was issued by said Justice on the 27th day of August, A. D. 1890, against the property of said defendants, which said plaintiff on account of legal services rendered to said defendants, which summons is returnable before said Justice, at his office in the City of Wilmington, N. C., on the 22nd day of September, A. D. 1890.

THE ACME

MANUFACTURING CO.
MANUFACTURERS OF

Fertilizers, Pine Fibre and Pine Fibre Matting

Wilmington, - - N. C.

THE RESULTS OF OUR FERTILIZERS
The ACME and GEM, is now established, and the results of three years' use in the hands of the best farmers of this and other States will attest their value as a high grade manure.
The MATTING, made from the leaves of our native pine, is conceded to be equal to any wool carpet for comfort and durability and the demand for it is daily increasing. It has virtues not found in any other fabric.
The FIBRE or WOOL is extensively used for upholstery purposes, and as a filling for mattresses is almost equal to hair, being light elastic and proof against insects.
Certificates from reliable parties using our goods can be seen at our office, or will be mailed upon publication.
