JAS. F. POST, Jr., Secretary and Treasurer.

THE DAILY REVIEW

VOL. XIV. WILMINGTON, N. C., THURSDAY, SEPTEMBER 25, 1890. NO 242.

There have been some very disastrous floods in France. Miles of country are inundated and many lives have been lost.
At Colon, Panama, there was a disastrous fire on Tuesday. The residence portion was destroyed and the loss will foot up a million and a half.
Chicago must be a pleasant little town to live in. A few nights ago a street car in that city was held up by highwaymen and the conductor, driver and passengers were robbed.

Thirty Jewish girls were discharged from the Smith carpet mills, at Yonkers, because they remained away from work to observe Yom Kippur. This is about as small a business as any man could engage in.

There seems to be an epidemic of suicides in Berlin. The latest is that of Maj. Van Norman, commandant of the cadets' school, who suicided on Monday night by taking poison and opening some of the arteries in his body.

There are fools and fools in this world, but the most uncompromising fool of all has just come to light in the person of one John Hill, of Carbondale, Pa. Hill is, or was, a spiritualist, and he was persuaded by a female medium that his dead wife would be perfectly happy in heaven but for the fact that she was not so well dressed as some of the angels up there. She wanted to shine in that world as she had in this but good clothes were an absolute necessity for an entree into the exclusive circles up there. Hill therefore asked the medium what angelic milliners charge for dresses and was of course informed that they came "high." The fool agreed to pay for a complete outfit and was told to deposit \$1,000 under a certain store, which he did. He was next told that the fashions had changed in the celestial regions and other new dresses were needed. More money was forthcoming until finally, when the fool had paid out \$4,000 he became suspicious, took the advice of a friend to whom he had applied and brought suit against the woman's husband for the recovery of the money. In this way the matter leaked out and the foolishness of the fool in the world—or perhaps out of it—has been given a free puff.

This has been bad weather for the news gatherers.

The registration books show but very few names as yet. There hasn't been anything like a rush yet at any of them.

I am Manufacturer's Agent for Barbed and all kinds of Wire, Combination Wire and Iron Fences. Orders solicited. James I. Metts. †

No New River oysters in market yet, but some are expected daily. A few Sound oysters in the shell have been brought in. All kinds of oysters will fatten on this rain.

Austrian barque Lida cleared late yesterday afternoon for Hamburg, Ger., with a cargo of 3,691 barrels rosin, valued at \$5,475, shipped by Paterson, Downing & Co.

Br. steamship Camiola, Kydd, cleared yesterday afternoon for Bremen, Ger., with 7,082 bales cotton, valued at \$361,000, shipped by Messrs. Alex. Sprunt & Son.

The Cape Fear & Yadkin Valley Railroad will sell round trip tickets from Fayetteville to Wilmington at \$2.90 for the Rev. Sam Jones' meeting. This is only 1 1/2 cents a mile and it ought to ensure a very large crowd from that city.

Farmers, we can supply you with Peanut Sweets and Diggers, Scraper and Cocker Points. Seven different size wings and two size points for the "Boy Clipper," the most improved plow on the market. N. Jacobi Hdw. Co., factory agents. †

The receipts of cotton at this port to-day foot up 2,301 bales.

Mrs. F. P. Chaffee and the children, who have been spending the summer with relatives at Beaufort, have returned to the city.

Attention is invited to the ad. of Mr. U. C. Ellis, the photographer, at Front Street Market. Mr. Ellis does good work and at reasonable prices. Call and see him.

New Push and Pull Blind Hinges. Locks the blind when opened or closed. Saves labor and cost of putting on inside fastenings, which are not needed with these hinges. Carpenters, it will pay you to examine and use same. N. Jacobi Hdw. Co. †

We have it now. A Pump that is always primed, never requiring a tub of water to start it. It is the bright invention of a North Carolina genius and is pronounced by all to be the best pump on the market. See it and you will have no other. N. Jacobi Hdw. Co. †

The yacht Mignon, is a total loss. It is a pity when she was so nearly saved. Soon after the tug left her yesterday she drifted out to sea and soon disappeared. She sank in about four fathoms of water. The pilot house floated off and was soon out of sight.

Mr. John F. Garrell, at his stalls 1 and 2, south side, Front street market, will have plenty of everything good to eat in the fresh meat line during Mr. Jones' meetings here. Fine pasture-fed beef from the mountains of Western North Carolina will be on his stalls every day, as well as mutton, veal, lamb, &c. See ad.

A Big Back Down.
We are afraid that there will not be as many people here this week and next week, after all, as we have been led to expect. Some days ago a party in this city received an application for board for twelve persons for four days. Correspondence ensued and yesterday we were shown a letter stating that but three or four of the twelve would come; that the rest had backed out, alleging that the rates on the road were too high. We fear that others may be deterred for the same reason.

Burial To-Morrow.
We regret to learn that Katie Elizabeth Swann, infant daughter and only child of our friends, Mr. and Mrs. James G. Swann, breathed her last early this morning. Mr. Swann is one of the well known printers in Messrs. Jackson & Bell's printing house. The child died at the residence of its grandmother, Mrs. John G. Voss, back of the Lutheran Church, and from there will be buried to-morrow morning at 10 o'clock. We extend our sympathies to the stricken family in its affliction.

Look out For Them.
Chief James J. Brooks, of the Secret Service at Washington, has sent word to the banks throughout the country that a dangerous counterfeit of the new two-dollar silver certificate has been discovered. It may be recognized by the fact that the name of "W. S. Rosecrans," instead of that of C. N. Jordan, is inclosed in the small round pink seal, as Register of the Treasury. The paper contains no distributing fibre, nor are there any of the parallel silk threads running through it.

The First Service.
The first service in the Tabernacle was held last night. It was the usual weekly prayer meeting of Grace M. E. Church. There was a large congregation, the estimate being about 1,200 persons. The services were conducted by Rev. Dr. Creasy and Rev. Mr. Swindell, Presiding Elder.

The choir, consisting of two hundred voices, under the leadership of Mr. H. M. Bowden, sang several selections, accompanied by an organ and three cornets. The arrangements for the musical services at the meetings which will begin this evening, contemplate the use of two organs, a piano and six cornets.

The Tabernacle was illuminated by three large arc lights in the centre of the building, and three incandescent lights over the stand for the choir and preacher.

ROUGH ON COUGHS
For Coughs, Colds, Hoarseness, Sore Throat, etc. **ROUGH ON TOOTH-ACHE.** Instant relief, 15c. Rough on Corns, Liquid, 15c. Salve 10c.

Forecasts.
For North Carolina, rain, except fair weather in the northern portion and cooler.

Local forecasts from 8 a. m. to-day, for Wilmington and vicinity, rains and cooler weather and probably fair weather to-morrow.

To Dispel Colds,
Headaches and Fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

Fun at the Fair.
There will be two brass bands at the State Fair, which opens October 15th. One will be a Cherokee Indian band and the other a white band. It has been decided to have a Japanese troupe of actors and jugglers on the grounds. There will also be a sure enough balloon ascension at this fair and an accomplished aeronaut has been employed. He will jump 2,000 feet from the balloon and will put up \$50 for his appearance.

Mr. Jones and the Meeting.
Rev. Mr. Jones has not yet arrived. He is expected, we hear, on the 7.20 train this evening and the meeting will probably be held according to the programme agreed upon. Rev. Mr. Stewart and Prof. Excell were expected on the 5.50 train. Mr. Jones and Prof. Excell will be the guests of the Purcell House and Mr. Stewart will be Mr. W. E. Springer's guest, at his residence on North Second street, near Mulberry. The first service in the Tabernacle will be held to-night. The choir will assemble at 7 o'clock and song service will be at 8:15.

The New Building Association.
The shareholders of the Wilmington & Seacoast Building & Loan Association met at the Orton yesterday afternoon and completed their organization. A constitution was adopted which gives ample scope for making loans in the city of Wilmington, at Southport, Carolina Beach and the Sounds. The Board of Directors were chosen as follows: M. Cronly, Sr., Clayton Giles, J. C. Chase, H. M. Bowden, Thos. W. Strange, John H. Sharp, Walker Taylor, F. H. Stedman, S. W. Noble, J. S. Allen and C. C. Brown. The officers elected are: President—M. Cronly. Vice President—Jacob S. Allen. Secretary and Treasurer—W. M. Cumming.

About three hundred shares of stock have thus far been subscribed for and it is proposed to hold the books open for a while longer. Subscriptions may be made to the officers of the association or be left at the Orton.

This association has many admirable features for it will enable persons at Southport to borrow money on real estate at a reasonable interest, and will also give an opportunity to any one who desires to build cottages at Carolina Beach, Wrightsville or any other place on the seacoast by a small output of money at a time.

The board of directors are representative business men of this city, which argues well for success of the corporation. The association will begin at once, and the initiation fee of 25 cents per share will be payable on Saturday, Sept. 27th, the installment of one dollar per share not being due till October 4th, Saturday, and monthly thereafter.

A Good Day's Work.
Weakness of itself is not a disease. It is, however, a most distressful symptom. Alas! how many wearily drag themselves about, every effort giving them distress, existing without any of the pleasurable sensations of robust health. Are you in this condition? Why? There is no excuse for feeling mean and miserable. Remove the cause of your distress, which undoubtedly is a state of blood impurity and a disordered system. How? Why? By doing as others have done.

G. W. Chandler, Red Fork, Ark., writes: "I was so weak that it was only with great effort that I could do anything. I used several bottles of Botanic Blood Balm, and can now do a good day's work."

"Able to do a good day's work!" Is there not something sweet and refreshing in that expression? Strength to vigorously do this or that. Strength that is only overcome by natural fatigue. Strength that when expended, is by rest and nature fully renewed. Such will be your reward if you give B. B. B. a trial.

H. B. Randolph, Brunswick, Ga., writes: "I was under the care of nine different doctors, but not one did me the good that Botanic Blood Balm has done me."

Wind and Rain.
The equinoctial dropped in on us to-day with a vengeance. There has been a stiff wind from the East and it has rained hard all day. We do not know how much water has fallen but there has been a flood-like unto a cloudburst. We venture the opinion that there has been at least three inches of rainfall. Market street has been impassable and there will be much work for the street force to do.

LATER.—The rainfall here to-day, up to 4:30 p. m., was 2.57 inches. The maximum velocity of the wind was 24 miles an hour, from the East. At Southport there was a regular storm, the wind blowing 45 miles an hour, with 1.54 inches of rainfall. Savannah reports 4.84 of rain, and Charleston 5.82, both up to 8 a. m. this morning. We learn at the Signal office that the rainstorm has been general throughout the cotton belt.

DIED.
SWANN.—KATIE ELIZABETH, infant daughter of James G. and Mai, H. Swann, born in this city July 10, 1890. Died this 23d a. m., aged 2 months and 15 days. The funeral will take place at 10 a. m. to-morrow (Friday) Sept. 28, from the residence of Mrs. John G. Voss, thence to Bellevue Cemetery. Friends and acquaintances of the family are respectfully invited to attend.
