Charlotte News: One of the clerks | 152; rosin, 1,008; tar, 81; crude, 34. at Burwell & Dunn's drug store, on entering the basement this morning was surprised to see a boy lying unconscious at the foot of the elevator shaft. He at once notified the firm of the discovery, and the boy was brought up stairs while a physician was sent for. The boy proved to be Fred Eagle, a son of the late Paul Eagle. He had fallen down the elevator shaft unobserved by any one in the store, and was suffering from a fracture of the skull and conenssion of the brain. Doctors Register, Wilder and Byers were quickly in attendance upon him, and on first examination they found that his injuries were serious. He was taken to the residence of his grand father, Mr. J. Riley Davidson, and up to our latest report a reaction had not set in. His injuries are of a serious character, but just how serious the doctors are not yet able to say.

Raleigh News and Observer: Mr. J. B. Suttle, a student at Wake Forest College, from Asheville, attempted to commit suicide Friday night by shooting himself with, a pistol. Since his entrance as a student in September last he has impressed himself on all his associates | Cotton-ashore, 11,507; affoat, 14,463; as a young man of fine character and studious habits. He left a note to his fellow students stating that he was pleased with his surroundings. A letter written to his father found by his side shows very clearly that his unfortunate act was the result of mental depression. His condition is critical but hopes are entertained of his recovery. —Yesterday morning a young white man named Libbins Whitson went out hunting and met with a terrible accident. He was accompanied by two young boys. When they were near Rowland's, Whitson, who was carrying pocket to get something and as he did so the gun fell from his shoulder to the ground behind him. As it struck the ground both barrels were discharged pouring two heavy loads of shot into his legs just at the ankles. Both ankles were horribly torn up by the shot. One of the boys also received a few shot. A man coming into the city with a wagon soon came along and picked up Mr. Whitson and brought him to his home in the eastern suburbs of the city. It was feared that ampu-tation of the left foot would be necessary, but the doctors made an examination yesterday evening and decided not to perform an opera-

Catarrh is a most disgusting ailment and yet many unnecessarily suffer with the disease. They will try local applications, which do no good whatever, but fail to try such constitutional treatment as is afforded by a use of B. N. C. Edwards, Lampassas Springs, Tex., writes: "I was greatly annoyed with catarrh which impaired my general health. The discharge from my nose was very offensive, and I used various advertised remedies without benefit until finally the use of B B B entirely cured me. I am proud to recommend a blood remedy with such powerful cura tive virtue."

B. C. Kinard & Son, Towaliga, Ga., writes: "We induced a neighbor to try B B B for catarrh, which he thought menrable as it had resisted all treatment. It delighted him and continuing its use he was cured sound and well.
