**KNOWLEDGE**  
Brings comfort and improvement and  
winds to personal enjoyment when  
rightly used. The many, who live bet-  
ter than others and enjoy life more, with  
less expenditure, by more promptly  
adapting the world's best products to  
the needs of physical being, will attest  
the value to health of the pure liquid  
laxative principles embraced in the  
remedy, Syrup of Figs.

REMOVAL.—From and after this date I will  
have my residence at the Purcell House,  
J. F. WOOLVIN,

We have heard very little refer-  
ence to President Cleveland as the  
"creature and tool" of Wall street  
and Lombard street since his mes-  
sage on the Venezuelan affair. Try  
something else now.

Peace advocates argue that Can-  
ada is bigger than the United States,  
leaving out Alaska. So it is. But  
how about Greenland's icy moun-  
tains, which appears on Mercator's  
projection to be bigger than either?

The News and Observer says that  
Judge Russell favors Reed for Presi-  
dent. If correct, this means an al-  
liance between Russell and Settle-  
with Pritchard, who is a McKinley  
man, in favor of Moody for Gov-  
ernor.

Marion Butler's cheek is bigger  
and broader and brassier than his  
bow window. He said in the Sen-  
ate the other day that the Populists  
believed in no bargains or trades  
for spoils. Butler's insignificant  
presence in the Senate Chamber  
gives the lie to this, if nothing else  
does.

The New York Herald's efforts to  
secure the Democratic Convention for  
that city are bearing some beau-  
tiful fruit. It heads the list of con-  
tributors with the princely sum of  
\$10,000 and yesterday it stood at  
\$32,700. New York should be the  
convention city, and it will be, if  
energy, pluck, determination, liber-  
ality and enterprise on the part of  
its people count for anything.

Martinez Campos, the governor  
general of Cuba, is an old soldier  
from way back, but he seems to  
have met his match in Maximino Go-  
mez, the leader of the Cuban forces.  
With an army that is almost a rab-  
ble—save for thorough discipline—  
Gomez has pushed his way from the  
Orient, in the face of the flower of  
the Spanish cavalry, and is now  
established 45 miles from Havana  
and is threatening the Spaniards in  
their entrenchment. He thrashed  
Campos severely and the latter  
scarcely saved himself. This was  
about ten days ago. Later, it was  
bulletined in Havana that the  
Spaniards had driven Gomez back  
and that he was making for the  
everglades in the Southern part of  
the island. Later, three days ago  
in fact, he reappeared, nearer the  
capitol than ever before and then  
there was a mighty scurrying,  
hither and yon and trains rushing  
North and South all night long.  
Surely, surely, these gallant souls  
have won the spurs for Cuba libre,  
which should be recognized as  
among the family of nations.

Dr. Shields, an eminent physician  
of Tennessee, says: "I regard Ayer's  
Sarsaparilla as the best blood medi-  
cine on earth, and I know of many  
wonderful cures effected by its use."  
Physicians all over the land have  
made similar statements.

That was a regular blizzard that  
came down on the camp here this  
morning, like a wolf on the fold.

Rev. T. H. Sutton, the new pastor  
of the Market Street M. E. Church,  
preaches there to-morrow morning  
and night.

paints, glass, sash, doors and blinds  
that we are the people on these

Rev. Dr. Kilgo, President of Trin-  
ity College, Durham, N. C., will  
preach at Grace M. E. Church to-  
morrow morning and the pastor,  
Rev. R. A. Willis, at night.

We have the largest stock and  
most complete assortment of stoves  
in the State and are in position to  
meet any and all competition. Get  
the best, at lowest prices, from N.

Mr. Henry Oldenbittel, son of Capt.  
John G. Oldenbittel, is about to  
embark in business for himself. He  
has bought the stock and good-will  
of Mr. John Bremer, corner of Ann  
and Front streets, and is now en-  
gaged in repairing and refitting the  
store preparatory to opening with a  
complete stock of goods.

68 bales for corresponding day  
last year.

At 6 o'clock yesterday morning  
there was 11.4 feet of water in the  
Cape Fear at Fayetteville, a fall of  
7.5 feet in 24 hours.

The water froze almost as it left  
the nozzles at the fire this morning.  
The oilcloths of the firemen were  
frozen hard. Yet the boys did some  
splendid work.

The maximum temperature here  
for the 24 hours ending at 8 o'clock  
this morning was 62° and the mini-  
mum 24°, a range of 38 degrees, which  
is a big drop from yesterday after-  
noon to this morning.

There were four false alarms of  
fire this morning in one hour, be-  
tween 1 and 2 o'clock. It is shame-  
ful. So great has this nuisance be-  
come that Chief Newman, by direc-  
tion of Alderman Von Glahn, chair-  
man of the Fire Committee, will  
close the boxes and leave the keys  
with the nearest householders.

Who says this hasn't been a cold  
day? At 8 o'clock this morning the  
thermometer was down to 24°, which  
is, we believe, the lowest of the  
season thus far, and the wind was  
savoring around at the rate of 18  
miles an hour, from the northwest.  
At Hatteras it was 36 miles and the  
centre of the gale seems to have  
been there. The temperature at  
Raleigh stood at 18.° at Charleston  
at 28 and at Norfolk at 20.

**The Modern Mother.**  
Has found that her little ones are  
improved more by the pleasant lax-  
ative, Syrup of Figs, when in need  
of the laxative effect of a gentle  
remedy than by any other, and that  
it is more acceptable to them. Chil-  
dren enjoy it and it benefits them.  
The true remedy, Syrup of Figs, is  
manufactured by the California Fig  
Syrup Co. only.

**For the Men.**  
A special address to men will be  
delivered by Dr. J. C. Kilgo, presi-  
dent of Trinity College, at the Y.  
M. C. A. to-morrow afternoon at  
4.45. All men are invited to attend,  
and a good speech may be expected.  
Dr. Kilgo, tho' a young man, is one  
of the leading educators of the  
South, and has won an enviable  
place in his denomination in this  
State. He preached two sermons  
in this city three months ago which  
were very highly complimented by  
those who heard them.

### Death of Miss Davis.

It is with sincere sorrow that we  
record to-day the death of one of  
our brightest and most lovely young  
ladies, Miss Mary Polk Davis, eldest  
daughter of Mr. Junius Davis. She  
had been sick for but two weeks.  
At first the attack developed into  
typhoid fever and a few days ago  
pneumonia intervened. From the  
first, so seriously sick was she, that  
grave fears for her safety were en-  
tertained. These have, alas! been  
realized, notwithstanding the unremit-  
ting care and the loving and  
tender devotion which have sur-  
rounded her and ministered to every  
want. She was just 21 years old;  
just at the threshold of young wo-  
manhood, as lovely in mind as she  
was in person, a sweet, gentle, am-  
iable and charming girl, with rare  
gifts of mind as well as of body, be-  
loved of all who knew her, the idol  
of her father's household, and it  
does seem hard to bow in meek resig-  
nation before so severe a chastise-  
ment. But those who are bereft  
are of sterner mould than this;  
they are not of those who hope  
without hope for they can see  
through faith "a more excellent  
way" and they will look towards the  
stars to commune with the soul of  
the loved and the lost.

Less than three weeks ago she  
was the beautiful, bright and happy  
maid of honor at the wedding of a  
near relative and friend at St.  
James' Church and as she moved  
up the broad aisle alone in all of  
the glory of her fair young woman-  
hood all eyes dwelt upon her in lov-  
ing admiration. Not one of those  
who saw her thought for one mo-  
ment that the next time she entered  
the doors of the sacred edifice it  
would be on the way to her last  
long home.

And just one year ago to-day she  
stood with streaming eyes by the  
bier of one of her girlhood's friends,  
Miss Ethel Myers, who was on that  
day laid away to rest beneath Oak-  
dale's peaceful and hallowed shades.  
The funeral services will take  
place at St. James' Church at 3  
o'clock to-morrow afternoon and the  
interment will be in Oakdale.

**Synopsis of the Weather.**  
The following is a synopsis of the  
weather for the 24 hours ending at  
eight o'clock to-day, prepared by  
the U. S. Weather Bureau:

The pressure has increased more  
or less all over the country, except  
in the extreme west and northwest  
where it has been diminished slight-  
ly. The high area in the northwest  
yesterday morning has moved south-  
east, and this morning covers al-  
most the whole of the map, but is  
central chiefly in Missouri, Arkans-  
as and Oklahoma; the storm in the  
northeast has moved slightly north-  
eastward, and another low area is  
indicated as approaching from the  
west, over western Nebraska and  
Kansas, Colorado and Wyoming.

The temperature has fallen decid-  
edly in all the country from the lakes  
to New England and south to cen-  
tral Florida and southern Texas;  
the zero temperature line extends  
down into Kentucky this morning,  
and freezing well down in Florida,  
and almost the whole Gulf coast.

Light showers fell on the South At-  
lantic coast, with light snow along  
the North Atlantic, in the lower  
lake region and the Ohio valley, and  
in Georgia and Alabama. It is ex-  
pected that it will continue fair in  
this vicinity for the next two or  
three days, at least; it will be colder  
to-night and to-morrow morning,  
followed by slowly rising tempera-  
ture about Monday.

**TO THE NEW YEAR**  
One song for thee, New Year—  
One universal prayer;  
Teach us—all other teaching  
To hide dark hate beneath the  
wings of Love;  
To slay all hatred—strife,  
And live the larger life!  
To bind the wounds that bleed;  
To lift the fallen, lead the blind;  
As only Love can lead—  
To live for all mankind!  
Teach us, New Year, to be  
Free men among the free,  
Our only master Duty; with no God  
Save One—our Maker—monarchs of  
the soil!
