AYER'S AGUE CURE.

Jan. 14th, 1860-111-1t-21-12m.

WM. H. LIPPITT, sole Agent for Wilmington, N. C.

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Heads ache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.

A VALUABLE PLANTATION, containing about 300 acres, situated in the lower part of Onslow county, adjoining the town of Swans.

Onslow county, adjoining the town of Swans. Ague. Such we are now enabled, to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its

use in any quantity. That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the develop ment of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where FEVER AND AGUE prevails, everybody should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all-the poor as Solicits the patronage of his country friends, and all oth- | well ass the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinine or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease. Fever and Ague is not alone the consequence of the mias-

matic poison. A great varity of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Goutama, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.

AYER'S CATHARTIC PILLS, FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that disease within the range of their action can rarely withstand or evade them. Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my Amerrections for their use in the following complaints: Costivedisease.

AYER'S CHERRY PECTORAL FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bron-

the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, 43 Prompt personal attention given to consignments of this has gained friends by every trial, conferred benefits on Naval Stores, Cotton or other Country Produce, for sale or the afflicted they can never forget, and produced cures too [April 5, 1860-31tf | numerous and too remarkable to be forgotten.
