REVIEW OF THE WILMINGTON MARKET FOR THE WEEK ENDING JANUARY 2D, 1861.

TURPENTINE-Has been in rather better request since our last review, and, owing mainly to the meagre receipts, an advance has been obtained of 10 cents on hard, and 20 a 25 cen's on soft-sales being made on Monday at \$2 for yellow dip, \$1 60 for virgin, and \$1 for hard, per 280 lbs. The quantity coming to market is unusually light, and not sufficient for distilling purposes. The receipts for the week ended this morning foot up only 649 bbls., which sold as follows: ibls. Yel. Dip. Virgin. New Hard. Thursday, ... 50......\$1 75......\$1 40...... 90 Co.

Monday..... 599...... 2 00...... 1 60...... 1 00 SPIRITS TURPENTINE-During the week just ended the market has ruled quiet owing to the holidays, but we have | Co.; with naval stores and pea nuts. to report an advance of one cent on N. Y. bbls. Since Saturday no transactions have been reported. There is some E. Hall. demand from buyers at 31 cents for straight and 33 cents for N. Y. bbls , but in the absence of receipts there is little or DeRosset, Brown & Co.; with 1,500 bushels corn. none in receivers hands. The sales foot up only 520 bbls. as follows:

Hall. either grade. There is no demand for the finer qualities, and 28—B it is impossible to sell unless at very low figures; in the pres- | Martin. ent state of the market we are unable to give a correct quotation. The receipts for some weeks past have been unhas become materially reduced. The market for Common Rockport, Me., to Master; with 1436 casks lime to Clark & has also ruled quiet, owing to the continued low rates in the | Turlington. Northern markets, and only occasional sales are taking place. We quote sales for the week of 14,200 bbls., as fol-

Thursday .... 9,200 bbls. at 80 cents per 310 lbs. Friday.....1,000 " " 75 " for tale bbls. Tuesday.....4,000 " " 80 " per 310 lbs. TAR-Is brought to market sparingly, and meets with ready sale. Only about 300 bbls. received for the week, and sold at \$1 55 per bbl. BEEF CATTLE-Scarcely any beeves have been brought to market for the past week or two, and the stock in butchers

hands has become quite light; it is however, fully adequate for present purposes. We quote at 51 to 7 cents per lb., as in quality, delivered here. BARRELS-The market continues to be overstocked with & Co. Empty Spirits Turpentine barrels, and no sales of consequence have taken place for some time past. Parcels are offered at very low figures, but cannot find buyers. Quota-Corron.-Since our review of Wednesday last the advices both from home and foreign markets has proved better, and prices have had an advancing tendency throughout the week—the market closing with quotations fully 2 a 1 cent higher than last week. The receipts for the week have been meagre, and there is little or more now on market unsold, parcels being readily taken when offered at figures below. The sales are as follows : Wednesday, 309 baies at 10 to 10% cents; Friday, 235 do. at 10%, 10%, 10% a 10% cents for low to good middling; Saturday, 67 do. at 10% cents for assorted grades; and Monday, 191 do. at 102 cents low middling and 11 a 11; cents for middling and strict middling; 3 bales cotton, 17 bushels pea nuts, 2 bxs mdze. public, that he has opened as above a BAR and Tuesday, 20 do. at 11 cents: We quote; low middling ROOM AND RESTAURANT, where he will keep the CHOICEST and BEST LIQUORS, and serve up in cents, and good middling 114 a 114 cents. COFFEE. - No change in prices, and we refer to our table for store prices, as in quantity and quality. The market is very well supplied with Rio, and of the cargo previously noted as received, sales have taken place during the week at 131 to 141 cents per lb., as in quality.

CORN MEAL.—None arriving from the country, and the sales have been confined to small lots from the granaries at 85 to 90 cents per bushel. FEATHERS.—Are in light stock, and meet with ready sale at 50 to 55 cents per lb. FISH .- The market is pretty well supplied with Mullets, and nothing doing except in the retail way. See table for

FLOUR .- Nothing of consequence has been done in the market for State brands since the close of our last review. In the early part of the week a small sale was effected at \$7 50 for superfine, but for the past two or three days there appears to be more firmness on the part of holders, who are now asking \$7 75 to \$8 per bbl. for superfine-generally held at highest price; there is, however, only a retail de-mand. The arrivals for the week have been meagre, and the stock in first hands has become rather light, which has A LL BILLS made previous to this date, are now due, and we carnestly request that our friends will pay up.—
We want money.

BALES VERY SUPERIOR EASTERN HAY, for pervious \$60; Reese's Manipulated \$52. American \$40, and Sombrero \$35 per ton. Superphosphate of Lime \$50, and Land Plaster \$10.

Schr. David Faust, Moslander, for Philadelphia, by T. C. & B. G. Worth; with 354 bbls. spts. turpt., 820 do. rosin, the stock in first hands has become rather light, which has caused holders to advance their rates as above.

GUANO—Demand light, and there is a moderate supply be dealers hands. We quote from store as follows: No. 1

Pervivian \$60; Reese's Manipulated \$52. American \$40, and Sombrero \$35 per ton. Superphosphate of Lime \$50, and Land Plaster \$10.

GRAIN-For CORN the market has ruled a little firmer ince our review of Wednesday last. The stock of former arrivals has become somewhat reduced, though the quantity remaining in dealers hands is fully adequate for the demand existing. The re ceipts for the week comprise 3,750 bushels new crop from Hyde county, one cargo of which (2,250 bushels) changed hands at 62½ ce ats per bushel, cash, for prime white; this figure, however, cannot be obtained for the other cargo, and in consequence it has been put in store. We quote at 60 to 624 cents per bushel, as in quality.—OATS—Nothing doing except in the retail way, and dealers have a fair stock in store.— PEAS-The receipts have been rather better for a week or two past, and the market is at present moderately supplied with Cow. We quote small sales at 80 to 85 cents per bushel. - RICE-Clean is it moderate supply, and s lls from first hands at 44 a 42 cents per lb.

HAY-No sales have been reported in either description for some weeks past. There is a fair stock on market, and scarcely any demand exists. LIME.- A cargo of 1436 casks was received a few days since by a dealer, and is going into store. We quote sales at 90 cents to \$1 per cask for common lump, as in quantity. Molasses .- No receipts of Cuba for the past week, but there is a fair supply of former arrivals in first hands, and mly a retail demand exists. We quote from wharf at 23 a 25 cents per gallon, in hhds.

PEA NUTS .- Since our review of Wednesday last the market for this article has ruled decidedly dull, and prices have materially declined. The sales for the week have been at prices ranging from \$1 to \$1 10 per bushel, though one or two lots of prime quality have sold higher—the market closing with little or no demand.

POTATOES .- Sweet are brought to market slowly and mee with ready sale at 50 to 60 cents per bushel. Irish are in moderate supply, and dull at \$1 75 to \$2 per bbl. See table for prices.

TIMBER.-The market continues to rule decidedly dull in the absence of the usual demand for mill purposes, and when order on thine agents for a bottle, and receive to thyself sales are effected low rates have to be submited to. A cargo of 3,500 sacks was received from Liverpool a few days since and sold on private terms. August last. I have faithfully followed the directions and the bald spot is now covered with hair thick and black, though short; it is also coming in all over my head. Feeling confident that another large bottle would restore it en-tirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an kind to the widow and the fatherless."

SUSANNAH KIRBY. Thy friend, Ligonier, Noble Co., Indiana, Feb. 5th, 1859. PROF. O. J. Wood: Dear Sir :- In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will . . . be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to

recognise me at all. I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended ts use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.

Very respectfully, yours, Attorney and Counsellor at Law. Depot, 444 Broadway, and sold by all dealers throughout The Restorative is put up in bottles of three sizes, viz. large, medium, and small; the small holds a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails compared with the fourth quarter of 1859, ending 31st for two dollars per bottle; the large holds a quart, 40 per o.
