As the internal revenue bill will occupy the House this week, the report of the committee of fifteen proposing a constitutional amendment will not be taken up very soon, if at all. The third section of their proposed amendment, prohibiting persons who had participated in the rebellion from voting for presidential electors till 1870, shows that the committee were ignorant of the fact that electors may be of virgin dip on Friday last, and the market since has chosen by State legislatures.

SPIRITS TURPENTINE-The favorable advices from the New York market has imparted a firmer tone to the market here for this article, and prices have somewhat improved during the week—closing at an advance of 2 @ 3 cents on previous figures. There has been a brisk demand throughout the entire week from buyers, and parcels have found quick sale when offered on market. The arrivals for the past week or two have been somewhat larger than for some weeks previous, still there is very little remaining unsold in first hands. We quote sales as follows :

It is confidently stated here that the visit of Mrs. Jefferson Davis to this place promises to be of long duration. During yesterday Major Gen.

Miles, acting under in structions from Washington, directed Lieut. McEl ratty, the post quartermaster, to the very light stock on market, the transactions have been meagre. We quote sales during the week as follows: 1,450 bbls. FLOUR-For Northern brands there is more firmness in the

store quotations of the different qualities.

LIME—Only a small business doing; and market moderately supplied. We quote from store at \$2 25 \$\to\$ cask.

Molasses—No recent receipts of Cuba, but we note a fair stock of former arrivals in first hands, and quote sales the Supreme Court of Appeals, to fill the vacancy caused by the death of Judge Thompson.

POULTRY-Is very scarce, and sells at high prices. We note chickens from carts at 50 to 75 cents each, as to size. Provisions .- The receipts of N. C. cured Bacon have been exceedingly light for several weeks past, and conined principally to small lots, and in consequence tho supply on market has become materially reduced, all in first hands having been closed out. At present there is a brisk demand, and prices have advanced. We quote sales luring the week of a few small lots at 18, 19 @ 20 cents or hog round, and 20 @ 21 cents # th for hams-highest figures being paid for an extra article. There is little or no enquiry for Western, and several lots are on market. We quote from store at 15 @ 16 cents for shoulders, and enquiry, and only a light supply on market. We quote N. SHINGLES .- The market rules dull in the absence of any demand for shipment, and only a few small lots have found sale at \$2 50 @ \$3 for Common, and \$4 50 @ \$5 \$2 M. for Contract.

TIMBER-There is rather more enquiry from millers, and the market for the past few days has shown more firmness, and if anything prices are a shade higher than quoted in our last review. Several rafts have changed hands during the week at prices ranging within quotations, according to quality. See table.

Wood—Is in demand, and market almost bare. We quote by the boat load at \$2 75@\$3 for pine, \$3 25 to \$3 75 P cord for oak. FREIGHTS-We have nothing new to report in rates coastwise. There is only a small quantity of produce awaiting shipment, and there are sufficient vessels in port to take all
