Consumption in its Farly Stages, can be Cured. Dear Dr. Lawrence :- My daughter having been cured of a deeply scated disease of the lungs by your "Rosadalis," I feel it my duty to make the fact known to you for the benefit of others. She suffered nearly two years with a hard cough, which troubled her day and night; at last the emaciated form, glassy eye, night sweats, together with the cough, told too plainly that it was Consumption, beyoud question, eating at her vitals. Our Physicians brought no relief. She was advised to try your Rosadalis, as a tonic-which she lid-imagine my surprise and gratification when I found her appetite returning. Slowly she regained her strength, her cough and night-sweats gradually ceased, and she is

now, after taking five bottles of your medi-cine, apparently as well as ever.

Yours Respectfully,
