Read the Following Home Certificates From Physicians:

We hereby certify that the Rosadalis is prepared by a Physician, who is an experienced Pharmaceutist and Chemist, and that his remedy is an efficient and valuable one in Scrofula, Syphilis, &c., it having performed some remarkable cures in this vicinity. Wilson, N. C., May 10th, 1866. Edgecombe County, N. C., May 2, 1867.

Dr. J. J. Lawrence,—Dear Sir: Please send me immediately, per Express, to Tarboro', two dozen more bottles of your Rosadalis. I have carefully examined its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in average of Severale and Nye Hutchison, Haywood W. Guion, C. C. Hen-derson, A. G. Logan, A. R. Holmesly. Superintendent—W. I. Everett.

have tried it in several cases of Scrofula, and Scrofulous affections, &c., with much satisfac-tion to myself and patients. I have also used it in Secondary and Tertiary Syphilis [one terrible case of eight years standing], in which it acted with surprising and satisfactory effect—making a quick and thorough cure. Thave, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.

Respectfully Yours, &c., A. B. NOBLES, M. D. A Wonderful Cure of Scrofulous White Swelling.

HOME CERTIFICATE.

I hereby certify that last September I was attacked with White Swelling of the left knee-and also with an enlargement of the glands of the neck-(one tumor reached a large size). The swelling of the knee was enormous, and was attended with the most exeruciating pains. I was so reduced that I was confined to my room, over three months. My leg was so completely drawn up that I could not bend it at all. I tried various remedies, and they filled to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. The swelling in both knee and neck began to subside be-fore I took all of the first bottle. By the time I took the second bottle the swelling of the neck entirely disappeared, and that of the knee nearly so. After taking three bottles l found myself completely well-able to walk as well as ever, &c. LATIMER WILLIAMS.

I hereby certify that during the Summer and Fall of 1866, I was severely afflicted with Carbunctes, having as many as 14 large Carbune'es and 12 ordinary Boils. I suffered so much from them that I could not get out of the house half the time for several months. Being induced to try Dr. Lawrence's Rosadalis, I was entirely cured by the use of one bottle of that truly valuable medicine.

Consumption in its Early Stages, can be Cured.

Baltimore, Md., March 4th, 1867.

Dear Dr. Lawrence:—My daughter having been cured of a deeply seated disease of the lungs by your "Rosadalis," I feel it my duty to make the fact known to you for the benefit of others. She suffered nearly two years with a hard cough, which troubled her day and night; at last the emaciated form, glassy eye, night sweats, together with the cough told too plainly that it was Consumption, be vond question, eating at her vitals. Our Phy sicians brought no relief. She was advised to try your Rosadalis, as a tonic-which she lid-imagine my surprise and gratification when I found her appetite returning. Slowly she regained her strength, her cough and night-sweats gradually ceased, and she is now, after taking five bottles of your medicine, apparently as well as ever. Yours Respectfully

MRS. E. ANN SMITH. Major John W. Dunham, one of the editors of the Wilson North Carolinian, says in the issue of the 20th of April, 1867: "I believe, from personal experience, that the Rosadalis is the finest tonic ever prepared."

Wilson, N. C., Sept. 15, 1867.

Dr. Lawrence, Wilson, N. C.,
My Dear Sir:—For the last ten years (until recently), I suffered with an inveterate cruntion of the skin—called by physicians "Satt Rheum," with which I suffered terribly; the pain and itching was almost intolerable. I tried several of the best physicians in Eu-rope and this country—have visited several celebrated springs—spent thousands of dollars—and failed to get better. In December, 1866, being in Charleston, S. C., I was told by a gentleman at the hotel, that he had been cured of a bad tetter by a medicine called "Rosadadis," I resolved to try it, without any hope though of its doing me any good any hope, though, of its doing me any good. I procured a bottle of Messys. King & Cassidy, and commenced taking it. Finding, to my surprise, that I was improving, I bought four other bottles; but before commencing on the last two, I found I was completely wellthe disease having entirely disappeared. Murder and Robbery. About dark on Monday, a man in Ollona, Miss., received a dispatch request him to come to Memphis immediately a settle a claim which would h sum of \$2,700 to satisfy. He prothe money, and about 9 o'clock he satisfy from his home for the depot. He has gone more than a deten varies from own gate, when he was shot down robbed of the money. The weapon was a double barrelled shot-gun, and bot barrels must have been discharged ut a sixteen buckshot being found in his son. He was shot through the left side, and died almost instantly. The noise of the shooting alarmed the neighborhood, and on hastening to the scene the man was found lying on his back perfectly dead. The affair caused a great deal of excitement, but no clue has yet less than tained as to who was the cowards.

Terrible Accident. We learn that a young man named Jordan, was instantly killed, Saturday m ing, near Mt. Zion church, two and a half miles east of Buford's depot by being run over by the Western bound freight train of the Virginia and Tennessee ratiroad. The deceased was driving a one-horse wagon, and just as he was crossing the railroad track, the horse became frightened at the approaching train, and the deceased, instead of letting the frightened animal escape as he could, selzed him by the bridle and endeavored to back him from the track. Before this could be done, the train was upon him, and both the driver and horse were run over and killed. The unfortunate young man was harrible mangled, both legs and arms being cut of and his body being torn completely to pieces.—Lynchourg News.

"Impeacher" on the Stand. Impeacher Ashley, in his testimony before the Committee, relative to the alleged complicity of the President in the Asse nation plot, made use of the following

"I have always believed that Presidents Harrison, Taylor and Buchanan, were por-soned, and poisoned for the express pur-pose of putting Vice Presidents in the Presidential office. In the first two instances it was successful. It was attempted with Mr. Buchanan, and failed. It succeeded with Taylor and Harrison. Then Mr. Lincoln was assessinated, and from my standpoint I could come to a conclusion on which impartial men holding different views could not come. It would not amount to legal evidence?

The Condition of Florida.

A private letter from a gentleman in Tallahassee, to a merchant in this city, describes the condition of things in that part of Florida. The writer says:

"Everything here is entirely prostrated by the fall in cotton, and in the terrible political condition of the country; no one is making arrangements for planting next year. I shall have some cotton, niules, corn and land, but do not know what to do with them. Under negro rule it is Gents' Furnishing Goods, folly to plant, and there is the destitution as we daily meet with."

Catholic Priests and Nuns Arrested. The sheriff of Cape Giardeau county, Missouri, arrested last week a priest name-ed Alezeri, President of St. Vincent's College, and several nuns at the convent there, for teaching without taking the new constitution test oath. This oath has been decided unconstitutional as to preachers and attorneys, but no decision as to teachers has been made.

A Sensible Durkey. A dilapidated old darkey in Montgomery, while watching the monkeys in a me-
