

APPOINTMENTS FOR OUR COUNTY CANDIDATES.

The Conservative candidates will address the people of New Hanover county at the following times and places: March 31st, Tuesday, Upper Black River. April 1st, Wednesday, South Washington. April 2nd, Thursday, Piney Woods. April 3rd, Friday, Point Caswell. April 4th, Saturday, Kaintuck. April 5th, Sunday, Long Creek. April 6th, Monday, Burgaw. April 7th, Tuesday, Holly Shelter. April 8th, Wednesday, Sandy Run. April 9th, Thursday, Middle Sound. April 10th, Friday, Federal Point. April 11th, Saturday, the 18th, and Monday the 20th (at night), in Wilmington.

THE CANYASS IN THE EAST.

From gentlemen who have attended the appointments of Col. E. D. Hall, in the East, we learn that the excitement and enthusiasm is unparalleled. At Beaufort, in Carteret county, where but a small audience was expected, over one thousand people were assembled. At Newbern, Col. Hall's reception was a perfect ovation. Escorted from the depot by a large delegation of citizens, headed by a brass band, he found at the place appointed for his address one of the largest audiences ever assembled in Newbern. At this place a considerable number of Northern men will support the Conservative ticket. One of our informants says that the Bogus Constitution will be defeated by twenty thousand majority if the whole State comes up to the work as manfully as the East.

We tell our friends all over the State that the campaign is progressing gloriously in the East. In counties that elected Radical delegates to the Gorilla Convention, a complete revolution is going on. The white men are almost a unit, and many colored men, unwilling longer to risk their future prosperity in the hands of interlopers and blatherskites, have determined either to vote the Conservative ticket or remain away from the polls. The fate of the Bogus Constitution is fixed; but let us crush it with thirty thousand majority. The State is alight with enthusiasm, and even as we write, we doubt not, an hundred manly voices are appealing to the Conservatives to do their whole duty.

THE COLORED MAN'S FRIENDS.

We intend to show the colored man that the regard and friendship professed him by the Northern Radicals and Southern blatherskites is a gigantic swindle. Here is another evidence that we are right: It was decided by the Senate of the United States (a Radical Senate, recollect!), that during the trial of President Johnson, no one should be admitted to the galleries to witness the trial except those who had been provided with tickets of admission. One thousand tickets were issued, and how many do you suppose, colored men, were bestowed on your race? NOT ONE! These Radical Senators who talk so glibly about negro suffrage and negro equality in the South will not even allow a colored man or woman to go into the Senate galleries to witness the trial of the President. Do you not see through the swindle? The equality of the races, with these Radicals, is one thing in theory, but it is another thing in practice. Cut loose from this infamous party, and go with your own people who tell you frankly what you are to expect.

THE DRY POND TICKET.

What has become of the rag-end of the Dry Pond ticket? We were reliably informed that unless the thing were withdrawn, a large number of respectable colored men intended holding an indignation meeting, and express their contempt for the whole proceeding. Some of the colored men who own property here are determined to oppose all such tickets as the Dry Pond rag-end. They can't be humbugged by the carpet-bag-sealawagery that Southern men are not to be trusted; that the "niggers are to be re-enslaved"; and that blatherskites are the proper persons to handle the public funds. The rag-end managers will have to try another dodge. Suppose they nominate now the Pope of Rome and the Archbishop of Canterbury for school commissioners? Of course they will accept; and this much respectability and talent placed at the head of the ticket, they can add as much tail as they please. Verily, these are the days when great men—intellectual giants—most do flourish!

THE AGONY OVER.

After a prolonged struggle, the Radical Convention that assembled at Lumberton, on Wednesday, nominated for Congress Captain Oliver H. Dockery, late of the Confederate army. Of course he can take the test-oath and—the \$12,000 per year! The same Convention appointed the following delegates to the Chicago Convention:—Ahan Rutherford, F. F. Frunch, T. A. Byrnes and O. S. Hayes—all from the North Pole.

CORRECTION.

James M. Johnson, "Mr. L. A. Hart's carriage driver," wishes us to correct our statement that he was President of the Radical mass meeting at the theatre. We always correct errors, even when a request

is couched in as disrespectful terms as those used by "Mr. L. A. Hart's carriage driver, in his note."

A CONSERVATIVE TRACT.

Let every voter read the article on our first page, headed "Thoughts for the People." It is copied from the Sentinel, and contains facts and figures that should be carefully read by every man who desires to see North Carolina saved from Radical rule.

THE CITY.

THE PROVOST COURT.—The following Special Order, relative to the establishment here of a Provost Court, has just been issued by General Canby at Charleston, and as it is of a nature of general interest, we publish it here entire: HDQ'S 2ND MILITARY DISTRICT, CHARLESTON, S. C., March 23, 1868. SPECIAL ORDER, No. 69. [Extract.]

VI. A Provost Court is hereby constituted at Wilmington, North Carolina, for the counties of New Hanover, Brunswick, Bladen and Columbus, North Carolina, with jurisdiction, as restricted by paragraph II, of General Orders, No. 18, current series, from these Headquarters, of all civil cases arising within the limits of that Post, in which the amount in controversy does not exceed three hundred (\$300) dollars; and of all offenses, not under the Articles of War, which may be referred to it by the Post Commander, except murder, manslaughter, assault with intent to kill, violation of the laws against duelling, perjury, rape and arson. Sentences and judgments will not be executed until approved by the Commanding General.

The court will ordinarily sit and be always open at Wilmington, North Carolina; but will, when needful, repair to and temporarily sit at the other points within said counties, as the interests of justice may require.

The procedure of the court will be assimilated to that of magistrates under the laws of the State, and will conform to the regulations prescribed for like courts in General Orders.

The proceedings of the court will be forwarded through the Post Commander for review and final decision.

J. C. Mann, Esq., is hereby appointed sole Judge of said court, and his compensation as such fixed at one hundred (100) dollars per month.

The court may employ a clerk at a compensation not exceeding three (3) dollars a day, who shall keep the records of its proceedings. The fund accruing from fines and costs will be appropriated to defray the expenses of the court.

Simple rules and forms of procedure, and the fees and charges prescribed by the court, will be published by the court for general information.

The Sheriffs of the said counties of New Hanover, Brunswick, Bladen and Columbus, their deputies and all constables therein, are required to execute the orders and decrees of the court.

At the end of each month a return of the cases tried, and of all receipts and expenditures, with vouchers, will be made by the court to the Post Commander, and by him forwarded to these Headquarters.

By command of Bvt. Maj. Gen. Ed. R. S. Canby: LOUIS V. CAZIARC, Aid-de-Camp, A. A. General.

SPECIAL MAGISTRATE'S COURT.

March 26th, 1868.—A white woman named Jenny Smith was arrested and carried before Esquire Conoley, on yesterday, charged with having committed an assault and battery on another white woman. In default of \$50 bail, she was committed to jail to await her trial before the next term of the Criminal Court.

Fanny Jones, colored, charged with obtaining goods under false pretences, and with the forgery of orders for that purpose, was committed to jail in default of a bond of \$50 for trial at the next Court.

FAYETTEVILLE HOTEL.—The especial attention of the travelling public is called to an advertisement of the proprietors of the above hotel in our to-day's paper. Messrs. Draughon & Overbaugh have lately become the proprietors, and having refitted the house throughout, are prepared to do much towards rendering the traveller comfortable during his sojourn with them. Their prices have been reduced to a low standard so as to suit the times, a good Bar will be kept open, and every endeavor made to please the most fastidious.

THE COUNTERFEITERS.—George Newton and W. Stanhope, the two alleged counterfeiters who were arrested here on Tuesday last by the civil authorities, in compliance with a request from the Mayor of Charleston, and who were on Wednesday turned over to Col. Frank, are still detained in custody by the latter, awaiting a guard from Charleston, whither they will be sent.

PAYING OFF.—Maj. I. O. Dewey, Paymaster U. S. A., arrived in this city Wednesday night, and was on yesterday busily engaged in paying off the troops stationed in this vicinity. This will serve to put a little more money afloat in the community, and is about the only good result of living in a Military Department.

CRAU'S GRAND OPERA.—Will make its first appearance in our city on Monday evening, the 30th inst., in the Grand Opera, Faust, in five acts. The Troupe will remain with us but two nights. Attention is called to their advertisement in this issue.

A SERIOUS OUTRAGE.—A dastardly assault was committed in this city yesterday on the person of Mr. A. H. VanBokkelen, by a negro, giving his name as McLean McKeller. It would appear from the testimony of an eye-witness (Maj. M. P. Taylor) that Mr. VanBokkelen, in opening his street door, discovered McKeller and another negro seated upon the stoop. He told them to move away from there; that the entrance was a private one, and could not be obstructed by them, and again ordered them to leave. They, failing to leave, Mr. VanBokkelen pushed McKeller aside to effect his own exit, when that negro rushed out to the street and seized a very large rock, and returning, struck Mr. VanBokkelen a severe blow with it on the back of the head, completely prostrating him thereby. That gentleman then arose and stared towards the negro, who again raised his rock to strike, but Maj. Taylor had already seized and attempted to disarm him, and this desisted the force of the rock, which was thrown at and with which Mr. VanBokkelen was struck and wounded in the face. At this moment a white soldier came up, and with his assistance Maj. Taylor succeeded in securing the negro, when he was turned over to the police and by them carried to the lock-up. Mr. VanBokkelen's injuries, although painful, are yet not very severe. McKeller has been represented to us as being of a very bad character, and was but recently concerned in a difficulty with a gentleman in Brunswick county. The case will be heard before Esquire Conoley to-day.

People are generally too hasty in besting of their blessings. For instance, the newspapers all over the country have had various phases of rapture on the advent of Spring, when, sooth to say, Spring doesn't seem much nearer us now, than is the North pole. Witness yesterday and last night.

In the recent donations of books lately made by Northern publishing houses to the Wilmington Library Association, there were just 172 bound and 14 paper volumes, making in all 186 volumes.

John Johnson's band were out last night for the purpose of testing the new brass instruments just received by them. The music was very fine.

Steamship Rebecca Clyde, Capt. Chichester, arrived at this port yesterday from New York, consigned to Horace M. Barry.

The Almanac told us that it would be clear and pleasant yesterday. Very nearly right, wasn't it?

The Criminal Court for New Hanover County will convene in this city on the first Monday in April.

PAIN KILLER.

We ask attention to this Unrivalled FAMILY MEDICINE. The Pain Killer is, by universal consent, allowed to have won for itself a reputation unsurpassed in the history of medicinal preparations. Its instantaneous effect in the entire eradication and extinction of pain, in all its various forms incidental to the human family, and the unsoiled written and verbal testimony of the masses in its favor, have been, and are, its own best advertisement. For evidence in favor of the Pain Killer for Ministers' Sore Throat or Bronchitis, read the following: GENT.—The Pain Killer has been a constant occupant of our house for over two years, and a portion of the time it has been the only medicine under our roof. Hardly ever do I have my children complain of being sick, without having them ask in the same sentence for Pain Killer. For several years before I became acquainted with the Pain Killer, I had suffered a great deal from an affection in my throat, thought by some physicians to be Bronchitis, by others to be what is called Ministers' Sore Throat. At one time it became so bad that I was obliged to give up preaching. Within a few months after I had become acquainted with the Pain Killer, I had another attack from that distressing complaint. I tried my new found medicine, and to my astonishment and delight, it produced a wonderfully soothing effect. In a short time I was wholly relieved. Since that time I have had a number of attacks of the same nature, and the Pain Killer has always afforded me relief. About one year since, my wife became subject to severe suffering from Rheumatism; our resort, as usual, was to the Pain Killer, which would always relieve her. I have no time now to say more, as I could with a hearty good will, and always have done, in praise of the Pain Killer. If this last written letter, in commendation of Perry Davis' valuable medicine, will be of any service, you are at liberty to do with it as you please. BARRELS, Shooks and Cooperage STOCK! THE WILMINGTON Manufacturing Company, HAVING PURCHASED THE RIGHT OF THE AMERICAN IMPERMEABLE TURK COMPANY for rendering barrels ALL and LIQUID tight, call special attention to their PINE AND OAK BARRELS

For the safe transportation of SPIRITS OF TURPENTINE, the IMPERMEABLE PINE BARREL, and so understood it in our testimonials. Yesterday we saw some of the Spirits of Turpentine which you forwarded to us in December last, in the IMPERMEABLE Pine Barrels, they are still perfectly tight. Mr. Thomas Evans, of the firm of J. R. Blossom & Evans, of Wilmington, N. C., writes: "I consider the IMPERMEABLE PINE BARREL less liable to leak than the New York Barrel." Messrs. Cochrane, Russell & Co., of Philadelphia, write: "We have received your consignment of Spirits of Turpentine in the IMPERMEABLE PINE BARREL, and so understood it in our testimonials. Yesterday we saw some of the Spirits of Turpentine which you forwarded to us in December last, in the IMPERMEABLE Pine Barrels, they are still perfectly tight." Messrs. Dolner, Potter & Co., of New York, have also received, during the past four months, several hundred barrels of Spirits of Turpentine in our IMPERMEABLE PINE BARREL, and express great satisfaction at the order in which they were received. We take pleasure in referring to them.

FOREIGN SHIPMENT.

Messrs. O. G. Parsley & Co., of Wilmington, made a shipment of Spirits of Turpentine, in October last, to Liverpool, by the Bark Panama. The shipment comprised an assortment of barrels, in order to test their respective qualities and adaptation to transatlantic voyage. The vessel was detained at the bar off Wilmington, having got aground, for six weeks, arriving in Liverpool January 25th. Messrs. O. G. Parsley & Co., recently exhibited to us the returns of this shipment, and we find that the IMPERMEABLE Barrel sustained NO LOSS WHATSOEVER. THE IMPERMEABLE PINE BARREL shows a GALVY. While every other lot in the shipment was more or less short. We have submitted a few of the numerous testimonials setting forth the utility of our IMPERMEABLE BARRELS, and take pleasure in referring to the above parties for further particulars. Special attention is called to the process of penetration, which consists in causing the moisture contained in the pores of the wood, by the introduction of dry hot air, and while heated, injecting liquid into said pores by atmospheric pressure—twenty-five pounds to the square inch. Barrels so treated cannot shrink, and experience proves that they will bear transportation, to any part of the world, without loss. We are prepared to furnish BARRELS in any number, either plain or painted, an additional charge of FIFTY CENTS PER BARREL being made for penetration. The public is respectfully invited to call and inspect this process, and the general operation of our works. m23-150-1w
