Eighth. Equal rights and protection for naturalized and native-born citizens at home and abroad, the assertion of American nationality which shall command the respect of encouragement to people struggling for na-tional integrity, constitutional liberty and in-dividual rights, and the maintenance of the lute doctrine of immutable allegiance, and the

tyranny which have marked its career.

After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge, under which alone was rallied that noble volunteer army which carried our flag to victory.

Instead of restoring the Union, it has so far as in its power dissolved it, and subjected ten States in time of profound peace to military despotism and negro supremacy. It has nullified there the right of trial by jury; it has abolished the habeas corpus, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests and military trials and secret star chamber inquisitions for the constitutional tribunals; it has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American Capitol into a Bastile; it has onage to which no constitutional monarchy of Europe would now dare to resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunals, and threatens to curtail or destroy vested by the Constitution; while the learned Chief Justice has been subjected to the most atrocious calumnies, merely because he would not prostitute his high office to the support of

That the President of the United States, Andrew Johnson, in exercising the power of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party, we tender him our thanks for his patriotic efforts in that regard. Upon this platform the Democratic party appeal to every patriot, including all the conservative element and all who desire to support the Constitution and restore the conservative element and all who desire to support the Constitution and restore the Union, forgetting all past differences of opinion, to unite with us in the present great struggle for the liberties of the people; and that to all such, to whatever party they may have heretofore belonged, we extend the right hand of fellowship and hall all such eo-operating with us as friends and brethren.
