THE CITY.

☞ **The STAR is delivered to Subscribers in all parts of the City at FIFTEEN CENTS per week, payable only to Mr. JOSEPH E. PUGH. Orders may be left either with him or at this office.**

"HABIT IS SECOND NATURE."—This old adage has been amply verified in the case of the unfortunate J. B. Bird, whose strange freaks have given him a newspaper notoriety, that otherwise would scarcely have been accorded to him. After his release, Tuesday morning, from the Guard House, he wandered about the streets on *foot*, as with his liberty was abolished the *wheelbarrow* convenience. About eight or nine o'clock, he wended his way to the Guard House, and actually applied for quarters at his former prison. The Janitor declined hospitality to his old acquaintance, and refused to permit him to remain, unless with the written consent of the Marshal.

This refusal to comply with the usual courtesies of life, exasperated Bird, and he declared his sentiments in terms not very decorous, and which suggested to the police his arrest on the charge of disorderly conduct. Thus ended Bird's short lived freedom.

INSPECTORS WHO HAVE QUALIFIED.—Before entering upon the duties of their offices, Inspectors are required to qualify by taking the oath of office to be administered by the Clerk of the Superior Court. Many appear either to have forgotten the fact, or to be ignorant of the requirement. Seven only qualified yesterday, and as an item of public interest we publish the names.

INSPECTORS OF NAVAL STORES.—E. J. Pennypacker, Ged. W. Betts, Jeff Williams, and Wm. H. Thorber, the three latter colored.

INSPECTORS OF PROVISIONS.—Daniel Klien, Duncan Holmes, and Wm. H. Green, the two last named colored.

Those who have neglected to qualify had best so do at once, as otherwise they can not discharge their duties without infringing the laws.

We hear that one or two inspectors were yesterday attending to business without having qualified, and we advise them, if the report be true, to hasten to correct an error, which ignorance may palliate, but which delay will only render the more dangerous.

PARADE.—The Wilmington Steam Engine and the Howard Relief Companies yesterday paraded one or two of the principal streets, and finally performed the test to which we have in previous issues, alluded.

The "John T. Rankin," supplied the "John Dawson" with water which was discharged as rapidly as it entered, and the test reflected much credit on the power of the latter, and also spoke well for the former, when it is borne in mind the feat was performed with a very small head of steam, not exceeding at any time thirty-five pounds.

Both the Chief and Assistant Engineers of the "Rankin" were absent, and without their supervision it was not deemed advisable to raise a full head of steam. The "Rankin" is undoubtedly a very superior steam engine, and the "Dawson" ranks high among hand engines.

JUSTICE OF THE PEACE.—Major J. S. Hines yesterday qualified, before the Clerk of the Superior Court, as Magistrate at Rocky Point, a position to which he had been appointed, and which he will undoubtedly fill with justice and with satisfaction to all.

SQUIRE MCQUIRD was yesterday absent on a fishing frolic, and we miss his usual contributions to our small stock of items.

DETECTION OF COUNTERFEITS.—The passing of counterfeit money has become so prevalent, that an unerring mode of detection would be quite desirable, and would prove of inestimable value to all classes. Such a mode has been discovered, and it is at once simple and infallible.

Messrs. J. W. Jones & Co., of New York, have undertaken to supply a deficiency long felt. They publish a monthly chart called the "United States Counterfeit Detector," containing plates of genuine bills with the counterfeits of the same denominations placed opposite, and with the aid of a microscope, which is included when a chart is purchased, any one can detect the spurious from the genuine without bestowing more than a mere glance.

The Agent is now in our city, soliciting subscribers to his "Counterfeit Detector," and he will remain only several days. Yesterday he called on many of our merchants, and few, if any, refused to subscribe, after once having the system explained to them.

The whole knowledge costs only $4.50, for which sum is returned, as we above intimate, both a monthly chart containing *all* of the counterfeits, increasing the list as new ones appear, and a nice microscope which of itself is serviceable.

FIRE.—About three o'clock yesterday morning a small store, located on the corner of Fifth and Walnut streets, was burned to the ground, and the misfortune was attributed to an incendiary. The Steam Engine had nearly reached the spot, when the Foreman received information that no water could be gottne in that vicinity, and this decided him to return with his engine, without unnecessarily going farther.

Other engines reached the fire, but no efforts could save the burning building, which was consumed in a remarkably short time.

When the fire was first discovered, the windows were open, and the flames had gained an ascendency that defied subjection. The store belonged to Mrs. M. S. McCaleb, and was occupied by Mr. Nick Carr, who had in it a small stock of groceries owned by Mr. B. Smith.

On the property their was no insurance, but the stock of groceries were insured in the "Queen Insurance Company of London and Liverpool" to the amount of $700, a sum that will fully protect the owner against any loss.

THE FAIR GROUNDS.—We learn from Mr. Henry Nutt that a portion of our merchants have subscribed very generously towards the completion of the Grounds, intended to be used by the Cape Fear Agricultural Association for the holding of annual fairs. We further learn from the same gentleman that the ground will be surveyed and laid off during next week.

Every one is interested in these grounds, which, when finished, will be of incalculable value to our section; and we sincerely hope the merchants generally will imitate the good example set them by a part of their "fraternity." Mr. Nutt deserves thanks for the energy he exerts in behalf of this enterprise.

WHEN.—Our curiosity prompts us to inquire when the County Commissioners intend to examine the bond of the Sheriff of New Hanover County, and our solicitude for the public interest inclines us to hope the time may not be very distant.

The important Act passed by the Legislature, and entitled "An Act Requiring Sheriffs To Give Sufficient Bonds," requires County Commissioners to examine the bonds of Sheriffs and to reject those not satisfactory.

The Act was published a day or two ago in the columns of the STAR.

Two freedmen yesterday engaged in a row, and their disorderly conduct caused warrants to be issued for their arrest. The names of the parties are Henry Anderson, a burly individual, calling himself "much of a man," and Jane Willis, a delicate personage, claiming to be a "lady who would not take an insult."

VERBATIM ET LITERATIM.—We publish below a copy of a letter, received by Post Master Brink, and we have no hesitation in pronouncing it the most ridiculous piece of nonsense that has emanated from the pen of "Reconstruction:"

OXFORD O. May 4, 1869.

To the post maste of willington pleas have this Note read In all the churches of colored to see If a woman of colored is In this place by the name of——

GEN. ABBOTT is expected to arrive on or before Sunday, and his voice will decide the fate of the *Post*. Until then it will be issued on the regular days of publication.

THIS EVENING the Board of Aldermen will hold a special meeting.

THANKS to the "Indian Senator" from New Hanover for a number of public documents.

TOBACCO ANTIDOTE.—To Mr. W. H. Lippitt we return our thanks for a box of the popular Tobacco Antidote, prepared by Mr. J. W. Lippitt, and warranted to remove all desire for the "weed." We shall try it and if it will cure *us* of all desire to use tobacco, then its virtues are great indeed.

WE are told that hail stones, nearly as large as eggs, fell at Sneid's Ferry, Onslow county, about a week ago. The crops in the vicinity were badly injured and probably destroyed.

SUICIDE.—Dr. Richard J. Jones, a prominent circus agent, well known throughout the United States, recently committed suicide in Buffalo N. Y.

Dr. Jones was at one time connected with Robinson's circus, and visited our city in the capacity of Agent for that troupe.

OUR city still maintains its high reputation for quiet, and we can boast of the good order that ever reigns in Wilmington.

THIS morning the colored camp meeting, to be held below this city, will open, and will continue perhaps for a week or more.

THE Stockholders of the Cape Fear Bank met yesterday afternoon at the Banking House of Mr. James G. Burr.

THE FISHING PARTY returned last evening from "Black Fish Grounds," bringing with them a large number of fish. The lowest estimate of the number that we heard was five hundred. A good day's work.

—The Statesville *American* learns that some of the Iredell people who have been prospecting in Missouri and Kansas, recently, have returned not very favorably impressed with the climate and other surroundings in the Northwest; others, who are there will return as soon as they can obtain the wherewithal to pay their way back.

He used a stick upon one of the ladies, severly injuring her, and then drew a knife and threatened them with it, but his threats were hardly noticed by the heroic girls, nor would they desist from their punishment of the gallant young gent (?) until they had given full vent to their indignation. The man is named Bill Stockton.

BALTIMORE, February 10, 1868.

Dear Sir:—I take pleasure in recommending your Rosadalis as a very powerful alterative. I have seen it used in two cases with happy results—one a case of secondary syphilis, in which the patient pronounced himself cured, after having taken five bottles of your medicine. The other a case of scrofula, of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredients.

Yours truly, R. W. CARR, M. D.
