AN ABUSE OF CONFIDENCE.

JIM Spearman, a colored chap over whose head not more than thirteen summers have glided, was yesterday carried to the guard house by the indignant Celia Jeanette, a dusky matron, who accuses Jim of riding her shop, while she was in attendance on the camp meeting. The circumstances of the case place Jim in a very reprehensible light. Celia had engaged him to preside over her establishment, while she was passing the time at the Camp Meeting. This he promised to do, and affianced his intention to set honestly by the dame. She departed satisfied; and the boy remained to chuckle over her credulity, and to enrich himself from her small means. The neighbors soon became aware of the manner in which Jim was acting, and kept him virtually imprisoned until Celia returned, and was informed of his conduct.

THE RESULT.

The result is, we are sorry to say, that the neighbors soon became aware of the manner in which Jim was acting, and kept him virtually imprisoned until Celia returned, and was informed of his conduct.

WE YESTERDAY WALKED INTO THE POPULAR STORE OF THE "SIGN ON THE TREE,"

intending to purchase a flashy hat, appropriate for a good looking local. After looking at an innumerable number—all neat—our eyes fell upon the very hat for which he had long sought in vain. We tried it on, and felt proud; we asked the price, and felt rather alarmed; we learned the price, and positively were astounded that we were so poor. "Only fifteen dollars—only fifteen," reached our ears, but our limited means would not reach the hat, though we did wish to "close the bargain."

THE HAT WAS A BEAUTY—BUT—BUT—

we ain't asking you for it, Mr. "Sign on the Tree."

NEW SCHOOL HOUSE.—DR. H. C. VOGELI,

the Superintendent of the Bureau School for North Carolina, has instructed Gen. Rutherford to build a school house at Long Creek, and three hundred dollars have been appropriated for this purpose. The school-house will be for the use of freedmen, and the young ideas of Long Creek will there be "taught to shoot," and the emancipated will be prepared to govern the "best government the world ever saw."

NO SPECIAL COURT YESTERDAY,

as the Judge was absent on the "Abbott Excursion" to Smithville. When this Court was first established, it realized very large profits from fines, and was undoubtedly a self-sustaining institution in one sense of the word. Later, the fines collected by the Court have amounted to an inconsiderable sum, though respectable when compared with the number of cases tried.

FISHING PARTY.—A small party

of gentlemen yesterday visited Col. McHenry's pond with the intent of whiling away the day in the most delightful of all summer amusements—drawing forth the finny tribe from their watery realms.

APPOINTMENT.—We learn that

Mr. Henry Chilson has been appointed Mail Agent on the W. C. & R. R. R. in lieu of Capt. Plummer, whose popularity declares his efficiency.

RIVER AND MARINE NEWS.

Thursday, May 20. Weather more like May than for several days, and the sky presents a very fair appearance. Business very good—naval stores bringing very fair prices.

FROM BELOW.

Capt. Gilbert, of the "Brands," informs us that there are bound out—Seaborners C. S. Groves,

THE MORNING STAR.

Vol. IV—No. 52. WILMINGTON, N. C., FRIDAY MORNING, MAY 21, 1869. Whole No. 51.

\$17,000.—We are authentically informed that during Gen. Rutherford's official sojourn in our city, he has spent \$17,000 in the construction of "Bureau" school houses in New Hanover county. This sum was obtained through his influence, and the manner in which it was applied reflects credit on his energy in behalf of the class whom he represented.

BOARD OF ALDERMEN.—The Board met last evening according to adjournment, and after remaining in executive session for an hour or two adjourned. The "velocipedes" will be considered next evening, on which occasion the revised tax bill will be discussed. The Board was engaged last night with important matters, but nothing definite was arrived at, and hence we are without an item.

ONCE MORE ADMIT.—Once more adieu we bid to our old acquaintance Squire Foster whom we presume will no longer be connected with the Work House, as the Commissioners have made other arrangements in reference to that institution. The Squire has worked faithfully during his short continuance in office, and whether or not he retires from the field of public services, and we wish him all the happiness to be gathered from the garden of private life.

SAMUEL COUNCIL, a colored man who escaped from jail several years ago, was yesterday caught by the energetic Constable Sellers, and was remanded to prison to await trial for the same offense which in enormity has been increased since his escape on the first occasion.

COLORED MAN BADLY CUT.—The colored people yesterday held a picnic, and we hear a colored man was badly stabbed, and the misfortune imposed a restraint on the gaiety that was before progressing.

The wounded party was brought to the city in a cart, and is not expected to recover.

"TWO FORTY."—We have often heard the "two forty" expression applied to the speed of horses, and we think those who witnessed the rapidly with which a young "poodle" yesterday ran along Front street will yield the palm to the juvenile canine. Some wicked persons had tied to his "terminus" a box containing small pebbles. Cruel sport. Very.

GINGER POP.—Mr. J. F. Wilkinson informs the public that he keeps always on hand, at his establishment on the corner of Fourth and Brunswick streets, the best ginger pop the "nineteenth century has produced." He delivers it in response to orders.

JUDGING from present appearances the summer season will be unusually dull in our city.

So barren is our city of all public amusements that dullness appears to pervade the minds of all, and the universal wish is "amusement, amusement."

MORE VELOCIPEDES.—We learn that the City Clerk expects on the next steamer six additional velocipedes, making the number eleven in all.

Still four more yet to arrive, thus swelling the number to fourteen, sufficient to supply the demand, and perhaps too many after the novelty shall have worn away.

THE NEW HANOVER AGRICULTURAL SOCIETY will hold its third annual meeting this morning at 10 o'clock, in the Court House. We again allude to the meeting in order to call the attention of those interested, and we hope many will be present.

PRESBYTERIAN PICNIC this morning. The impatient children need not be reminded of the fact, for we suppose they have counted each intervening hour that "dragged its slow length along."

THE LIGHTNING RODS were yesterday placed on the City Hall Building. The work occupied two days only, and the cost we learn was not an unreasonable sum.

FISHING PARTY.—A small party of gentlemen yesterday visited Col. McHenry's pond with the intent of whiling away the day in the most delightful of all summer amusements—drawing forth the finny tribe from their watery realms.

APPOINTMENT.—We learn that Mr. Henry Chilson has been appointed Mail Agent on the W. C. & R. R. R. in lieu of Capt. Plummer, whose popularity declares his efficiency.

RIVER AND MARINE NEWS. Thursday, May 20. Weather more like May than for several days, and the sky presents a very fair appearance.

Business very good—naval stores bringing very fair prices.

FROM BELOW. Capt. Gilbert, of the "Brands," informs us that there are bound out—Seaborners C. S. Groves,

Clara Bell, Brig Halsefield Brothers and Steamship Volunteer. All have probably sailed during the latter portion of the day.

Bound in.—No vessels reported bound in, and we have heard of none going to sea to-day.

Wind not very high, and water no very rough.

Steamship Rebecca Clyde cleared on the 18th inst., for this port.

Brig Bertha Granger cleared from N. Y. for this port on 18th inst.

Steamship Fairbanks arrived at N. Y. on 18th inst.

The Herald of 18th inst., reports the Sloop Nevada as having arrived at Nassau, and the same paper of 17th inst., says the Nevada was wrecked on Egg Island Reef on 7th inst., and continues to say crew and part of cargo were saved. Vessel owned by Thos. M. Thompson, of Smithville, who at time of mishap was Master.

Episcopal Convention. The annual Convention of the Protestant Episcopal Church of this Diocese assembled in Christ Church in this city to-day, Rt. Rev. Bishop Atkinson presiding.

At 10 o'clock the Bishop called the Convention to order and directed the Secretary of the last Convention, W. N. Fillingham, Esq., of Fayetteville, to call the roll.

The attendance of the clergy was pretty full. Lay delegates from fifteen parishes only answered to their names.

The Convention being organized, it adjourned for divine service, at 11 o'clock.

Several of the clergy participated in the services and Rev. Jarvis P. Baxton preached the Convention sermon, after which the Holy Communion was administered. Service being over the Convention resumed its business, until adjournment.—Sentinel 19th.

N. C. Immigration Association. The Executive Committee of the N. C. Immigration Society, consisting of the Hon. W. T. Dortch, Chairman; Col. S. L. Fremont and Mr. Henry Nutt, also Dr. S. B. Satchell, the energetic President of the Association, met at the Gregory Hotel, in this town, on yesterday, for the purpose of taking important business into consideration; also to make provision for the reception of twenty-four Swiss Immigrants, that are expected to arrive here on Friday next. We had the pleasure of being present at the meeting and are pleased to note the interest and activity displayed by all the gentlemen, above named, in behalf of the enterprise. We shall probably allude to this meeting again.—Goldboro Messenger 20th.

The combination is a happy one, and must prove a potent remedy in all diseases requiring the use of astringent alterative medicine. I wish you success. F. OLIN DANNELLY, Baltimore, April 2nd, 1868.
