SENT TO THE HOSPITAL -A white woman, by the name of Annie Blue, was sent to the Hospital yesterday, by order of Marshal Cannaday. - A lady in Fayetteville ad-

vertizes in this issue of the STAR for a situation as teacher. She is well versed in the science of teaching, and we can heartily recommend her.

Our Coin .- We were shown yesterday, by officer Sellars, a variety of old coin, some of it dating as far back as the early part of the last century. They were of various nations-Russian, Prussia, Hanoverian, &c.

- The cars of the street rail way now run as far as Red Cross and 9th streets, which brings them to the same street on that side of the city, after their divergence from Market, as on this,-the starting point being at the corner of Front and Red Cross.

--- A white woman was taken to the Guard House, yesterday, charged with throwing "dirty water" out of front window, and on the person of an in dividual passing at the time. She was released on her own recognizance, to appear before the Special Court on Monday.

GAVE BOND .- John Brown was taken from the jail yesterday for the pur pose of getting some person to stand security for his appearance before the next term of the Superior Court, which he succeeded in doing, in the sum of \$100; and "John Brown's soul went marching on."

SALE OF PROPERTY .- MESSES Cronley & Morris yesterday sold to Mr. Card Inks, at prices varying from 25 cents to | H. Litgen for the sum of \$2,500 the desir. able lot at the corner of Market and Fifth Street. This is a beautiful building site and we hope the purchaser will soon erect a handsome dwelling upon it.

- Messrs. Zimmerman and White, on 2d street, between Market and Dock, advertise that they will do work in the line of upholstering, &c., cheaper than any house in the city. Give them a

DR. HUDSON'S REMAINS .- The body of Dr. E. J. Hudson, the gentleman who committed suicide in Baltimore a few days ago, were carried to Richmond for interment. They were met at the depot by his family and a number of friends, who escorted them to Hollywood Cemetery, where they were interred.

MECHANICS' BUILDING ASSOCIA-TION. - The Constitution and By-Laws of the association will be ready for signstures Monday, Tuesday and Wednesday, at the Banking House of J. G Burr & Co. and members are requested to call and sign the same, pay their initiation fees, monthly instalment, &c. Read the advertisement in another column.

BUILDING ASSOCIATION .- The colored citizens of Wilmington, interested in the formation of a Building Association, will meet at the City Hall on Tuesday evening, at 8 o'clock. As will be seen by advertisement in this issue, over eleven bundred shares have already been taken which is a very encouraging exhibit, and shows that the colored people of Wilmington are alive to their interests.

LADIES' BENEVOLENT SOCIETY. We are requested to announce that there will be a meeting of the Officers and Visitors of this Society, at the house of its President, corner of Market and Third. streets, on Tuesday next, (7th inst.) at 6 o'clock P. M. It is essential that all the Visitors be present from each of the eleven Wards. Should rain prevent, the next fair day will be substituted.

SEARCH WARRANT.—A search carrant was issued vesterday, by Judge Cantwell, at the solicitation of Andrew Robinson (col.), for the recovery of a cost, which he alleged had been stolen by one placed in the hands of officer Jos. C. Hill, who found the coat in the possession of default of bail in the sum of \$100 for his

hand, for sale to those who may desire them, a large and varied assortment of the thered tribe. In his list will be found the bronze turkey, white guines, light white-taced balck Spanish, game fowl, col, ored dorking, silver spangled Hamburg, &c. We noticed in front of the Express office, yesterday, three large coops of poultry intended for the "Henery."

of the factory was not sufficiently injured en; oysters (Sound) 25 cents a quart. as to necessitate the purchase of a new one, and is undergoing a thorough overhauling under the hands of skilful artizans from the foundry of Messrs Hart &

THE GRAND BALL.-We are requested by the committee of arrangements of the grand Ball to be given at the City-Hall on Thursday, the 7th inst., to state that this and the Ball given at the same place on Thursday last, are two separate and distinct affairs, and under entirely different management. We are not informed, but suppose they have the same object in view, -that is, to aid in the purchase of a Steam Fire Engine for the colored people, and we wish the management abundant success.

ACCIDENT IN CHURCH.-An accident occured at the M. E. Christian chapel (col.), corner of Church and 7th strects, on Friday evening, which came very near resulting in serious conseque ces. It appears the sexton attempted to put the light of a kerosene lamp out by fanning it with his hat, when the fire com ing in contact with the oil through the motion given it by the wind, the lamp exploded. Fortunately there was any quantity of sand close by, and through the strenuous efforts of those present flames were extinguished before any material damage was done. Persons should bevery careful how they trifle with Kero-

-As early as may be practieable for them to do so, it would be great public convenience if the proper officials connected with the Street Railway would arrange and publish a schedule, so that business men and others who have no time to spare to wait for the cars, may know exactly at what time to meet them wait for the cars, may know exactly at at certain points.

This suggestion has been made by several and we have no doubt that this and other matters tending to the accommodation and convenience of the public will receive proper attention at an early day.

SENT TO THE WORK HOUSE .-Judge Cantwell, of the Special Court, disposed of several cases yesterday, but they were all of minor importance. Samuel Owen, alluded to yesterday as having stelen a piece of lead from Mr. Clifford, was required to give a bond of \$100 for his appearance before the next term of the Superior Court. Mr. VanAmringe, Superintendent of the County Workhouse, signed his bond and took the individual to the Workhouse for safe-keeping.

Amos Williams, the boy who was arrested while prowling round the jail on Thursday night, was required to give bail to the same amount, for his appearance before the Special Court, when the matter was further disposed of in the same maner as in the case of Owen.

Abraham Wright, Alex Lord aud Henry Lucas, all colored, charged with vagrancy, were also turned over to Mr. Van-

CONFIDENCE GAME. -Two colored men tried the confidence game in this city resterday with success, though their illgotten gains did not amount to much, They came across a rather verdant specimen from the country, whom they thought they could "fleece" without much difficulty, and pretended they had a gun worth ten dollars which they had been compelled to pawn for three dollars, and wanted to sell it to the countryman for that sum. A third man came up and corroborated their story. He then went with them, at their solicitation, to a place somewhere in the vicinity of Dry Pond, where they finally overcame his slight apprehensions York Dudley (col.) The warrant was that they intended to defraud him, and handed them a five dollar bill, stating that to be the smallest change he had. said Dudley, when he was arrested, and, in | They started off, as they represented, to get the bill changed, refusing their conappearance before Judge Cantwell, on sent to his going with them on the plea Monday, he was committed to the lock- that they were living with white people and didn't want them to know of the transaction, and said they would be back A "HENERY."—Sheriff Schenck in five minutes. Interest hereafter falling due on said bonds will be paid at the above mentioned

A little daughter of C. Cannedy, Esq., of Granville county, was recently kicked in the forehead by a mule; the terrible force of the blow left a wound the shape and size of the shoe, and forced a large piece of bone in upon the brain.— Several physicians expressed their inabili-ty to do anything for the sufferer, and recommended that Dr. E. Burke Hawood, of Raleigh, be sent for, who visited the patient and performed the dangerous operation of removing the bone by trephining. The child is now doing well and is expected to entirely recover.
