- The "Wilmington High School," Mr. J. N. Hinton, Principal, will reopen on the 4th of October. Cir culars, giving all necessary information, to be had at the Book stores.

A Good IDEA .- The street hands were taken from their usual employment yesterday afternoon, and ordered to give the City Hall a thorough cleansing. Considering what occurred there on Thursday night, we think this a very sensible

Fishblate & Bro. are now receiving their Fall and Winter Goods, which they will sell it the very lowest prices.

IMPROVING THE STREETS. - We are glad to see that the City Marshal is engaged in grading Seventh street, between Orange and Ann, opposite the colored Baptist church. The hills in that viciniy are being leveled and the low places filled up, which will add greatly to the appearance as well as convenience of that portion of the city.

A FRACAS .- A fight occurred last night, about 9 o'clock, on Water, between Chesnut and Mulberry streets, between two colored individuals. The parties were separated before much damage was done, and both were lodged in the Guard House to afford them an opportunity of "cooling

A "SURIMMAGE."-We learn that difficulty occurred Friday night between two colored individuals on Front, between Market and Dock streets, one a grocery clerk and the other a professor of the tonsorial art, which ended in blows. The parties were separated, however, before much damage was done, and without the intervention of the "perlice."

THE COTTON CROP.-We learn through Mr. Piper, agent on the Wilmington and Manchester road, that cotton is going to market quite freely, all along the line of the road to Augusta. There is much complaint among planters, how ever, relative to the prices offered, and the indications are that the most of them will hold back their stocks for an advance. He thinks, from all appearances, that the crop will be considerably short,

Just received 50 dozen Paris Kid Glove (every pair warranted not to rip or tear, or the money refunded) at Fishblate's.

CORN IN BLADEN. - A gentleman from this county informs us that the corn crop will amount to more than the average yield. In the high, sandy soil it has been almost completely cut off, but in the bottoms the increased yield will more than over-balance this loss. Taking this into consideration, together with the fact that more has been planted than formerly, the farmers are sanguine of housing considerably more of this very necessary article this year than the last.

ARRESTED FOR DISTURBING RELI-GIOUS SERVICES .- A colored youth, by the name of Robert Hill, was arrested yesterday, by officer Hill, on a capias issued by the clerk of the Special court, for disturbing the congregation of the colored Methodist church, some time, since, while engaged in religious worship. He was released, however, on giving bail in the sum of \$50 for his appearance at Court.

"HOWLING DERVISHERS."-Much complaint is made by cirizens, living in the vicinity of Fifth and Red Cross Streets, up. To the little with on account of the noise and confusion kept up in a certain colored church in that locality, which is of almost nightly occurrence, and often continued until nearly daylight in the morning. It has been whispered about that an altercation occurred there early yesterday morning; that blows were exchanged, and rumor hath it that certain parties concerned in this striking example of Christian love, and that "charity that endureth all things." will be held to an account for the same to-morrow, before one of our judicial tri-

> THE RACE. - The regatta, to come off at Wrightsville Sound on Tuesday next, is expected to be one of the grandest affairs of the kind ever witnessed in this vicinity. The prizes for the occasion are said to be very tasty and beautiful. Five bonts have entered for the race, viz : the Teaser, the Carolina, the Retta, the " No Name," and the Vina. A large erowd will doubtless go from this city to witness the exciting affair.

Ho! FOR LOUISIANA,-Mr. Z. Mc Donald, of Natchez, Miss., is in our city. engaged in procuring laborers to work in the sugar, cotton and rice plantations of Louisiana. He informs us that he has about seventy already engaged, nearly all of them colored, and that they will start for their destination, accompanied by himself, to-morrow morning. The price paid on the plantations of that State is \$20 per month and rations. He will return in about ten days for the purpose of securing another instalment of laborers.

RESISTING AN OFFICER.-Yesterday morning a bail warrant, issued by Justice Cantwell, was placed in the bands of Officer Hill, with instructions to arrest a sailor named Augustus C. Hankins, charged with having been engaged in an affray. He was found on a brig laving in the stream off Chadbourn's mill, and the officer proceeded to make the arrest. The Captain of the brig then interposed and ordered the man's release. This order, of course, the officer refused to comply with; whereupon the Captain ordered al his men on deck for resistance, when the officer, finding in impossible to accomplish his purpose, beat a hasty retreat to the shore. He then proceeded to the Sheriff's office to procure a posse to aid him, but was unable to-do so. Yesterday, however, a posse of ten men was obtained, who boarded the brig and, after a slight resistance on the part of the Captain and crew, the man was arrested. He was subsequently taken before Justice Cantwell, but the plaintiff in the case compromised the matter with the defendant and the case was dismissed.
