Too FAST FOR HIM.-We understand that Mr. Dantel O'Connor, of this city, was so unfortunate as to loose a sheek calling for \$200, on Thursday night last, and that the person who found it presented it at the Banking House of Mr. James Dawson, yesterday morning, and had it cashed, before Mr. O'Copnor could get an opportunity to stop the payment.

The parties were summoned to appear before the Special Court yesterday morning, but neither the husband, nor his wife (who lodged the complaint), obeyed the summons,

NEEDS ATTENTION. At the crossing on the corner of Front and Dock streets, West side, is an ugly place which requires notice from the authorities at once. Our attention was called to it twice in the course of five minutes, vesterday, and one gentleman informed us that a lady came very near getting a fall there the night previous, which might have proved serious.

ACADEMY OF OUR LADY OF MERCY. -Such is the title of the school or convent which the Sisters of Mercy propose to open in this city on the 11th of Octo. ber proximo. The school will be located on Fifth, between Orange and Ann streets. The course of instruction will embrace all the branches required for young ladies. See their advertisement in another column of this paper.

Ex-Gov. VANCE.—The mere intimation that Ex-Gov. Vance is expected here soon for the purpose of delivering a lecture in aid of the monument fund, will be received joyous acclamations by nearly all of our citizens. "Old Zeb" is a power in this State, and can beat John Robinson's great circus in drawing a large audience. We hope ke will not fail to come, as a speech from him, in his peculiar style of oratory, would do us all good, besides aiding largely in the good cause in which his services are sought to be en-

Unsophisticated.—The Newbern Times says: "They rent stores at auctionin the neighboring village of Wilmington. We regret to learn that "business" is such that stores are obliged to be disposed of in this way." As soon as as you get "far enough advanced," to have stores to rent, you will find that the earliest and best way to dispose of them. At present you are not expected to know anything about it. That's the way they do business in all large cities! Understand you are going to have a market house. How's that,

WILL MEET TO-NIGHT .- The members of Building Association No. 3 are expected to meet at the Freedmen's Savings Bank on Dock, between Front and South water streets, this evening, at 74 o'clock, to effect a permanent organization. We hope the colored people, especially, will not let this opportunity pass by for securing themselves comfortable homes on such easy terms, but come out in their strength this evening, establish this Association on a permanent footing and go to work in earnest. To delay it any longer and procrastinate, will only tend to the ultimateand speedy abandons ment of the enterprise, which leave, them no chance of shraring in the benefits which are accruing to the laboring men from these Associations in this city and elsewhere. Go to the meeting.

THE CAPE FRAR BUILDING COMPANY-A NEW ENTERPRISE. -It is the duty of a public Journalist to keep the people posted in regard to all the improvements inaugurated which are calculated to promote the prosperity and growth of his immediate section; but, aside from this, it affords us a real pleasure to note the different enterprises which are or may be put on foot tending to develop our latent resources and launch our "Music Hath Charms"—Some- people forth on a career of prosperity and my. In addition to the above, they will be prepared to offer inducements in the course of a few weeks that will compare very favorably in point of economy with the different building associations. That is, they propose to build a house and let the owner pay 25 or 50 per cent, cash for the same, and be allowed one and two years in which to pay the balance, at legal rate of interest-they to take the same security that the building associations propose to take, making a saving on the cost of a \$3,000 house of over \$600 at the end of three years.

The gentlemen connected with this new scheme are all Northern men, and evince an amount of public spirit and enterprise which some of our own men of means would do well to emulate.
