**THE CITY.**  
THE MORNING STAR is delivered to City subscribers at FIFTEEN CENTS per week. Subscribers North of the centre of Market Street will be supplied by Mr. Wm. J. HAWLEY, and those South of that line by Mr. JOHN R. BAKER. Special Agents are authorized, in their respective divisions, to collect city subscriptions.

**TO PRINTERS AND PUBLISHERS.**  
We have just received a general assortment of Black Printing Inks, manufactured at C. E. Robinson's Gray's Ferry Printing Ink Works. We have now on hand Book, News, Job and Card Inks, at prices varying from 25 cents to \$2 per pound. Book, Job and Card Inks in packages of one, two, five and ten pounds. News Inks in packages of ten, twenty-five and fifty pounds. We sell these superior inks at manufacturers' net cash prices, charging nothing for freight from Philadelphia to Wilmington. Printers and publishers in this section will thus see that they can buy them from us cheaper than they can buy them at the manufacturer. Give us an order. Terms, cash.

**THE CIRCULATION OF THE MORNING STAR IS LARGER THAN THAT OF ANY OTHER DAILY NEWSPAPER PUBLISHED IN NORTH CAROLINA.**

**CONTRACTORS** will be not allowed, under their contract, to advertise any other than their legitimate business unless by paying specially for such advertisement.

**AUCTION SALES THIS DAY.**  
Messrs. Cronly & Morris, Auctioneers, will this day sell a valuable residence, at present occupied by S. K. Bunting, Esq., Two Houses and Dock on Dock, between 6th and 7th streets.  
House and lot on Ninth, between Princess and Chestnut streets.  
A lot of West India Fruit—Oranges, Bananas and Pine Apples.  
They will also receive valuable Truck Farm within one mile of the city limits.

**NEW CONFECTIONERY STORE.**  
Mr. Chas. R. Banks is now opening, at his new stand, No. 6 South Front-street, Brown's old millinery stand, a fine lot of fruit, confectionery, &c. His candy factory will be in operation to-morrow, when he will be enabled to keep fresh candy constantly on hand. Give him a call.

**TO BE RELEASED.**—In the cases of the four sailors belonging on the Cuba, who have been confined in the guard house for several days past for non-payment of fines, the Marshal made application, yesterday, to His Honor Judge Cantwell, to request the Mayor and Board of Aldermen to reduce their fines, which amount in the aggregate to \$126. In the meantime Marshal Canaday took the responsibility of releasing them on the payment of costs, the parties wishing to leave the city and being destitute of means to pay the fines imposed on them.

**A NARROW ESCAPE.**—A colored man by the name of Joe Chapman, while in a state of partial intoxication, fell overboard yesterday, from the wharf at Mr. A. H. VanBokelen's still, and narrowly escaped drowning. Officer Hill, who happened in that neighborhood, witnessed the accident, and rushed to the rescue; but it was with great difficulty that he succeeded finally in placing him upon terra firma. The man was perfectly helpless, and his rescuer found it necessary to call for assistance in hauling him upon the wharf. But for the presence of the officer on the wharf at that particular moment, Joe would now have been in the "happy hunting grounds of his fathers."

**Robinson's circus and menagerie** were at Elizabeth city on Tuesday.

**Ice was discovered** to be found in several places in this city yesterday morning. The weather was undoubtedly very cold for this early in the season.

# THE MORNING STAR.

Vol. V—No. 29. WILMINGTON, N. C., THURSDAY MORNING, OCTOBER 28, 1869. Whole No. 657.

**THE CASE OF THE CUBA.**—This case was resumed yesterday at the usual hour.

James Denison sworn: I am a native of England, and am by occupation an engineer; have followed the sea nine years; never was in the United States until I got to Wilmington; joined the *Hornet* at Halifax; was not told of a naval expedition; went to Halifax from St. John; was shipwrecked in the *Oleopatza*. I am not acquainted with the U. S. coast; I shipped on the *Hornet* on the 28th of September; left Halifax three or four days afterward; nothing was found when the *Hornet* was discharged; saw a schooner come up and put some men aboard, 7 or 8 miles from land; some heavy guns were also taken on board at the same distance from land; were four miles from land when the *coal* was taken on board.

Cross-examined by Mr. Phelps: We were at sea when we met the first vessel, in sight of land; the first vessel was a schooner, shipped for Queenstown, or any port on the other continent. Capt. Edging was in command at Halifax; Gibson was second in command; witness was second assistant engineer; didn't pay any attention to dates and didn't know places. We met another schooner; we were in sight of land then; have not since then recognized any one who came on board from the schooner; saw some ammunition, etc., taken on board; were at anchor when we took the guns on board; were in sight of land while anchored; the land was on the port side; anchored between 8 and 12 o'clock at night; the schooner made fast alongside; the guns were hoisted by tackle; and were in very heavy cases; took some shot and shell on board, and several other cases, the contents of which were unknown to me; saw a stranger and was told he was a pilot; steamed about after we got the guns; saw no lights; remained there some days. Met another schooner and a steamer; gave schooner a hawser; she had coal on board; took the coal out; she left Monday or Tuesday; she broke away, and the wind blowing on the land she drifted ashore; saw no lights. Came to Wilmington then. The U. S. flag was flying on the *Hornet* when I joined her; the next flag hoisted was the Cuban flag; it was a day or two afterwards that we took the coal; a little steamer came to us when the flag was hoisted. My attention was first called to distances when Gordon was telling in his evidence; thought he was giving awful falsehoods. We used 9 or 11 tons of coal a day on an average; had ten tons aboard when we came up to the schooner.

In reply to a question by Mr. Davis, witness said: We were flying the Cuban flag when we came into the Cape Fear. The *Hornet* was 750 tons burthen.

Capt. Maffitt was sworn. Examined by Mr. Davis: I have been following the sea for 33 years; was in the U. S. Navy 14 years—in the coast survey; made a chart of No-man's Land; no anchorage within 3 1/2 miles of No-man's Land. When the wind is to the eastward can't anchor within 4 miles of Montank Point, but can do so when the wind is at the Northwest. It is 4 1/2 miles from No-man's Land to Gay Head Light.

Mr. Phelps examined the witness by the chart.

Mr. Davis offered in evidence a Naval List, showing that on the 1st of January, 1869, the *Hornet* was a U. S. gunboat.

Mr. Phelps objected to it as irrelevant.

Mr. Davis said that she was bought as a dismantled ship of war.

Capt. Maffitt recalled by Mr. Davis. In reply to a question, witness stated that, judging of distances on water depends on atmosphere and knowledge of land. I had a long experience at this.

Mr. Bolles sworn. He stated he had been in the service of the Coast Survey for 16 years—that is, in the Coast Survey proper. His testimony was the same as Capt. Maffitt's as to judging of distances, vessels generally appear to nearer in ordinary weather than they really are.

Mr. John Christian sworn. Examined by Mr. Davis. I joined the ship at sea. I engaged to join in New York. The ship was about 7 miles from shore when she was at anchor. I went aboard of her from the *Martha Washington*. Mr. Greenwood engaged me to go, in Cherry street, New York. I didn't know where the steamer was going. I had seen Greenwood before, but was not acquainted with him though. Since I came here I have been told of the *Cuba*, and walking about town. Mr. Shields offered me \$20 to turn against the ship.

**WHOLESALE ROBBERY.**—THE U. S. AUTHORITIES FORESTALLED IN THE MATTER OF STRIPPING THE CUBA.—Yesterday morning, about 8 o'clock, was the policeman on duty in the neighborhood of Messrs. Northrop & Cumming's mill, was walking his beat, he discovered a man approaching him from the direction of the wharf with something like a box on his head. Waiting until he came within a few steps of him, he hailed the individual—who proved to be the watchman at the mill, a colored man by the name of Moses Waddell—and ordered him to drop his load. He did so and it proved to be a box of tobacco. Having his suspicions aroused by this, he, with another officer, made further investigations which led to the discovery of several other boxes, and a number of other articles such as constitute a ship's stores, and also of a boat, which was lying at the wharf, and which contained a number of articles corresponding with the goods on shore.—Subsequently it was ascertained that two white men by the names of James Brinkley and John Hewlett had been engaged in bringing the goods ashore in the boat, and that a quantity of them had been stored in the basement of a warehouse on the wharf. In all there was about five dry loads discovered, comprising every variety which usually constitutes a ship's stores. The three men mentioned were arrested and placed under guard until the Marshal could be heard from. At half past three o'clock in the morning, an order came from that functionary demanding the detention of the men and their confinement in the guard house until the matter could be investigated, and they were accordingly taken to that institution. At the usual hour for the assembling of the Special Court, yesterday morning, they were taken before Judge Cantwell, who recognized them in the sum of \$50 each to appear this morning as witnesses against other parties implicated as being the principals in the transaction.

Later we learn that a warrant was issued by Commissioner Rutherford, yesterday afternoon, for the arrest of a man by the name of Dupong, who, with others, were on the *Cuba* at the time the goods were smuggled ashore, and who had been implicated in the affair. He was taken into custody, and, we learn, goods to the amount of about \$300 taken in his possession, which had been found from the *Cuba*. We hear of others being implicated in this wholesale robbery, and among them a man who was lately employed on the *Cuba* in the capacity of clerk, but we think it proper to await further developments before saying anything further on the subject.

**THE CASE OF DEMPSEY.**—This individual, who was concerned in a difficulty that occurred in front of the Purcell House on Friday night last, and who was arrested for disorderly conduct at that occasion, came up before the city court yesterday. Mr. J. L. Holmes appeared for the defendant and Mr. DeVane for the prosecution. A number of witnesses were examined—among them Capt. Dornin, of the *Cuba*, and Messrs. Davis and Shields, two of the New York detectives, who are here in the interest of the government in the case of the *Cuba*. The examination was continued till a late hour in the evening, and resulted in the discharge of the prisoner on the payment of costs. Dempsey is also a detective and is here in the same capacity as Davis and Shields.

**CAROLINA FARMER.**—Old subscribers are renewing their subscriptions, and new subscribers are coming in rapidly, to the *Carolina Farmer*. At \$2.00 per year it will be one of the cheapest weeklies in the country, and is just the paper for the "field and fireside." We are receiving the most encouraging reports from our Agents, many of whom have already doubled our old subscription lists at their respective post-offices. We are prepared to supply any demand.

**MULLETS.**—There is considerable business now being done among our merchants in the article of corral mullets. One firm—Messrs. Edwards & Hall—has, within the last two days, sold about \$5,000 worth, or about 600 barrels. They keep them constantly on hand, and of a fine quality, as we can speak from experience.

**THE PROPOSED CONSPIRACY TO LEASE THE N. C. ROAD.**—The *Standard* of Tuesday has a double-length editorial of over a column in length, in which are dealt some heavy blows at the projected leasing of the N. C. Railroad, which it characterizes as being in dead y conflict with the interests and prosperity of North Carolina, and a blow aimed at every business interest of the State.

Let the meeting of our citizens to-morrow night be a routing one, and let their voices be heard in thunder tones against this unheard of proposition to destroy every vestige of hope in the future prosperity and growth of our State in commercial importance.

**SENT OFF.**—Forty-three of the men recently employed on the *Cuba*, were sent off yesterday, en route for the North. They went by the Wilmington and Weldon Railroad.

**Dr. Lawrence's "Woman's Friend"** cures diseases peculiar to females.

**SUPERIOR COURT.**—The usual number of cases for larceny, etc., were before this tribunal yesterday. The following is a list of the cases disposed of: State vs. Sol. Pritchard and Thos. Canaday, for larceny. Guilty. Sentenced to six months in the Workhouse.

State vs. James Capot and Jas. Fisher, for larceny. Capot was tried and found guilty. Sentenced to the Workhouse for four months. Judgment to be suspended on the payment of costs. Fisher not yet taken.

State vs. Merlen Shepard, for larceny. Guilty. Verdict set aside. Motion for a new trial granted—not pro se entered.

State vs. James Satchwell, for larceny. Guilty. Judgment suspended.

State vs. William Howard, for larceny. Guilty. Sentenced to the Workhouse for twelve months.

State vs. Edward Carr, for larceny. Not guilty.

State vs. William Stevenson and Jeremiah Williams, for larceny. Sentenced to the Workhouse for two years each.

State vs. Richard Howe, for larceny. Guilty. Sentenced to the Workhouse for twelve months.

State vs. Nathan Fillyaw, for larceny. Guilty. Sentenced to the Workhouse for four months. Judgment to be suspended on the payment of costs.

State vs. William Howard, for larceny. Not guilty.

State vs. George Bowden, Rebecca Bowden, Anthony McKee and Sarah McKee, for keeping disorderly houses. Not guilty.

**Female Diseases.**  
Large numbers of women—in fact a most numerous class of the entire sex—suffer from some disease peculiar to females.

**Rosudalis!**  
Dear Sirs—Please send me immediately, per Express, to Taylor, two dozen more bottles of your Rosudalis. I have carefully examined the formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it beyond doubt the best alternative fever used. I have tried it in several cases of Sore Throat and Scrofulous Affections, &c., with much satisfaction to myself and patients. I have therefore no hesitation in recommending it to Physicians and others, as the most reliable Alternative now known.
