THE CITY

The MORNING STAR is delivered to City Subscribers at FIFTEEN CENTS per week. Subscribers North of the centre of Market Street will be supplied by Mr. WM. L. HARLOW; and those South of that line by Mr. JOHN B. BURCH. Only these Agents are authorized, in their respective Divisions, to collect city abscriptions.

THE CIRCULATION OF THE MORN. ING STAR IS LARGER THAN THAT OF ANY OTHER DAILY NEWSPAPER PUB-LISHED IN NORTH CAROLINA.

TO ADVERTISERS.

The Carolina Farmer is one of the best ad vertising mediums ever offered to the merchants of Wilmington. Though not yet thir teen months old, its regular bona fide weekly edition is now 1500 copies; and of the issue of Friday, November 19th, 1850 copies will be printed, a party having ordered the 350 extra copies to be mailed to that number of his correspondents in North and South Carolina. New subscribers are coming in by every mail, and its low rates of subscription justify the belief that the number will continue to in

-A large shed is being erected on the wharf in front of Mr. F. W. Kerchener's establishment and intended, we presume, for the use of that gentlewan.

-We are glad to see that a new and substantial pavement is being put down on the north side of Market, between Second and Third streets.

THE FESTIVAL.—The Ladies' Festival for the benefit of the Front Street M. E. Church will open to-morrow evening at the City Hall. We are indebted to Mrs. J. H. Dally, President, for complimentary tickets.

TAKING LIBERTIES. - David Elliby (col.) was arrested yesterday, charged with drawing out a sum of money from the Freedman's Savings Bank belonging to another individual, whose bank book he had purloined for that purpose.

DISMISSED.—Coon White alias Henry White, who was arrested on Saturday, charged with larcency, was taken before Justice McQuigg, yesterday, but the evidence not being sufficient to sustain the charge, the case was dismissed.

-Mr. Wm. R. Terry. Attorney and Counsellor at Law, Rockingham vertising columns that he is prepared to attend to all professional business with promptness and fidelity. See advertisement,

FAIR TREATMENT. - We desire to return our acknowledgments to Marshal Ransom and his assistants for various nets of courtesy extended us on the grounds during the Fair last week. Especie when the cry came, as it frequently did "To your tents, O Israel," were we impressed with a sense of our obligations. We enjoyed the cheese, crackers, sardines, &c., and particularly the latter.

WILMINGTON, N. C., TUESDAY MORNING, NOVEMBER 23, 1869.

-The Board of Aldermen held no meeting last night, on account of the failure to get a quorum.

- The ladies of the Front Street M. E. Church will commence dressing the City Hall this morning preparatory to the opening of their Festival to-morrow night.

Ransom, the popular barber, now has his shop in fine order. The many friends and patrons of Curraway, the Napoleon of tonsorial artists, will be glad to learn that he has recovered his health, and is now with Ransom, at the old stand, on Front street, SATSINKAS

"A new broom sweeps clean," especially such ones as those made by the pupils in the Deat and Dumb and the Blind Asylum at Raleigh, a specimen of which has been kindly presented us by Mr. W. J. Palmer, Principal of the Institute. They are most excellent brooms.

SPECIAL TERM. There will be a special term of the Superior Court held in this city, commencing on the second Monday in December, being the 18th day of that month. We learn that there are about 950 civil cases on the docket, many of which will require over a half day to investigate them, and that it is expected the term will continue over two weeks.

THOSE PICKPOCKETS .- A gentleman informs us that, he saw, on Friday last, at North East, four of the pickpockets who were operating on the Fair grounds on the day previous, and among them the two arrested by officer Sellars and subsequently released. They had plenty of money and manifested no desire to conceal it, and were also displaying to an admiring crawd of spectators a number of fine watches, which were no doubt among those stolen on Thursday. It is a little strange that they should have been allowed to go off peaceably with their booty, without any effort being made to detain

DESERVING OF CREDIT.-Among the many specimens of mechanical genius, on exhibition during the Fair last week, nothing attracted more attention, taking every thing into consideration. than did the artificial arm and hand made by Mr. Wm. Farland, engineer at Messrs. O. G. Parsley, & Co.'s Planing mills in this city. The main feature of interest is the fact that Mr. F. himself has but one arm, having lost the other in one of the seven days' fights around Richmond The work is well executed and reflects much credit on his skill and ingenuity, which we hope will ultimately receive its proper reward.

THE "PRESS-GANG."-Among the members of the press in attendance on the Fair last week, we were pleased, to meet the following: Stone of the Weldon News McSween, of the Fayetteville Eagle; Bonitz, of the Goldsboro' Messenger, Post, and Sharpshooter; School field, of the Petersburg Index; Charles, of the Tarboro' Southerner, and last, though not least, Meeker of the New York Tribune. We also learn that Mr. Turner, of

the Raleigh Sentinel, was in the city, but we did not see him. The "press gang" all presented an appearance that indicated good living, exuberant spirits, large subscription lists and plenty of greenbacks. Come to see us again next year, gentle men, and we will promise you a Fair that shall come fairly up to our ideas of such

A NEW STEAMSHIP .- Yesterday through the politeness of Messrs. Barry Bros., agents of the Lorillard line of steamships in this city, quite a number of our merchants, members of the press and others assembled on board the new and substantial iron steamship, the Regulator, which has just been placed on the line between this city and New York, and is now for the first time in our waters. After inspecting the beautiful steamer, her commodious cabir, her ample staterooms, and the various other arrangements for the comfort and convenience of passengers, the guests were invited to partake of a collation served up for their especial benefit, Several toasts were drunk, in bumpers of sparkling champagne, to the success of the splendid steamer and her enterprising owners and agents, whilst the various other refresh-ments with which the table abounded were made to lend their share to the enjoyment of the occasion.

The Regulator is a fine large iron steamship, being 180 feet in length, 86 in breadth, 18 in depth of hold and having a capacity of 848 tons. She was built at Chaster, Pa., by Resny, Son & Archibald, and Counsellor at Law, Rockingham and is commanded by Capt. L. W Pen-Richmond Co., announces through onr.ad-nington. > SPLENDID PIANOS. - In addition to other articles exhibited by Mr. P. Knabe & Co.,
> Baltimore, and the other a Full Square
> Piano, from the equally well known house
> of Chas. M. Stieff, Baltimore. A medal
> was awarded by the committee to the
> manufacturers of each of these Pianos.

--- There was no session of the Special Court yesterday, Judge Cantwell being absent at Raleigh. There are no cases, however, of any importance await-

TREMAINE BROTHERS. - Another fine audience last night testified their appreciation of the excellent musical entertainments given at City Hall by the Tremaine Brothers and Prof. Pierson. The performance was irresistably attractive, and created a wide-spread and absorbing interest, as was fully testified by the frequent and enthusiastic rounds of applause that greeted the accomplished performers at the close of each piece.

After the close of the performance, as previously announced, a beautiful Burdett Combination Organ was given to the church that received the largest number of votes, each ticket purchased entitling the holder to a vote. There were nine competitors for the handsome prize, and as we anticipated, the Lutherans came out with flying colors. The vote was as follows:

Lutheran Church, Front St., M. E., Philharmonic Society. First Presbyterian Church, Catholie Church. Baptist " Grand Army Republic, St. John's Church, Scattering.

The total (gross) amount realized by the entertainment was \$513.75, of which amount the Lutherans, with their accus-

tomed liberality, contributed \$305.25. The performance last night was the last to be given in this city by the Brothers, and we regret their departure; though we are promised another visit from them at an early day. They go to Macon, Ga., and to the good people of that city we cheerfully recommend their entertainments, as chaste, charming, and exquisitely delightful.

THE LATE FAIR. - Previous to the opening of the first Fair of the Cape Fear Agricultural Association some apprehension was felt that it might fall short of public expectation, and some even went so far as to predict a failure; but, thanks to the energy, enterprise and public spirit of our reople, and of the people of the whole State, we are enabled to say now. at its close, that, all things considered, it has proven a grand and glorious success. We have conversed with numbers of gentlemen who attended the Fairs in Richmond, Raleigh and other places and they all agree in the declaration that the people of the Cape Fear section should be proud of their first annual Fair, and that it should stimulate them to renewed ex-

ertions in their preparations for next year. Much of the success of the Fair was doubt less due to the energy and untiring industry of the Executive Committee, who have labored faith fully and almost incessantly for the past few weeks to promote the success of the exhibition. Gen. Robert Ransom, the Chief Marshal, also deserves much credit for the manner in which he discharged his duties. proving to the satisfaction of all who appreciates good order, system, &c., that he was the right man in the right place. In this work he was ably seconded by his aids, Captains Cumming, Ashe, DeRosset and Wright, Dr. Kerr, Maj. McClammy, and Mesers. Cutton, Evans, Dortch and Morrisey, who were untiring and Dortch and Morrisey, who were untiring and efficient in the performance of their various duties. Col. S. L. Fremont, the President of the Association, also contributed largely to its success, as did Maj. J. C. Mann, the able and efficient Secretary, whose ardnous labors during the continuance of the Fair, and interest manifested from the first inception of the scheme, have done much towards furthering the objects of the Association and making it one of the permanent institutions of our section.

nine-tenths of the entire sex—suffer from some disease peculiar to females.

Dr. Lawrence's Woman's Friend meets with wonderful success in curing them.

This fact should be widely known. If every lady in the United States were to take one or two bottles of the Woman's Friend, they would be repaid by a renewal of health and strength. strength.

It is a safe and reliable remedy, and is endorsed by the best physicians.

Rosadalis!

There are diseases which cannot be classed under any particular head: such as Debility' Lowness of Spirit, Loss of Appetite, I ain in the Side and Back, Palpitation of the Heart, Yellowness of the Skin and Eyes, little or no Relish for Food, Bad Taste in the Mouth, &c. These symptoms indicate that the Blood is impure, and the functions of the body in a morbid state. Nature will exert herself to remove these disor ers, and often with the assistance of good nursing, much will be accomplished. But, in the majority of cases, it is powerless to avail much unassisted by the proper medicines. In this condition of system, Rosadalis acts as a perfect charm, by purifying the Blood, changing the sec ctions and giving tone and strength to the system.

THE ONLY SURE REMEDY For Chills and Fevers THE wonderful success of Noladine in cur-

ing the most obstinate complaints peculiar to the Southern States emboldens the proprietors to invite the attention of the citizens of Wilmington to its curative power in the treatment of all malarial diseases, disorders of the blood, and complaints requiring a promp and powerful alterative. Hundreds of case duly certified by responsible individuals at-test the efficacy of Nolandine in diseases test the efficacy of Nolandine in diseases which have successfully resisted all the usual remedies. In all blood diseases, whether recently contracted or of long standing, in mercurial compatints and maisrial disorders, Nolandine has been pre-eminently successful. We especially commend our preparation of No andine designed for obstinate cases of Ague and Fever. In the treatment of this latter complaint, our great vegetable preparation is conceded in all sections where chills and fevers are prevalent, where Nolandine has been used, to be absolutely without a rival. Nolandine is a purely vegetable preparation and therefore unattended by the evil consequences which so frequently follow (he use of mercury. We so ictioniers. Address JOHNSTON & LANGHORNE, Prop'rs.
