TO ADVERTISERS.

The Carolina Farmer is one of the best advertising mediums ever offered to the merchants of Wilmington. Though not yet thirteen months old, its regular bona fide weekly edition is now 1500 copies; and of the issue of Friday, November 19th, 1850 copies will be printed, a party having ordered the 350 extra copies to be mailed to that number of his correspondents in North and South Carolina.

New subscribers are coming in by every mail, and its low rates of subscription justify the belief that the number will continue to in

A MARRIAGE (NOT) IN HIGH LIFE. -An exceedingly unsophisticated colored couple from the rural districts somewhere in the vicinity of Rocky Point, artived in the city yesterday, for the purpose of being joined together in the holy bands of wedlock, or in other words to be "spliced." Being unacquainted with the ways of a big city, or with the Magisterial dignitaries which here do so abound, the loving couple found some difficulty in procuring the necessary assistance required to tie the knot which unites two hearts in one. Finally, however, they were directed by some good Samaritan to the office of 'Squire Mc-Quigg, who speedily performed the required ceremony and pronounced them man and wife, when they went on their way rejoicing; not, however, until the groom, in obedience to the suggestion of bystander, had given his dasky bride sundry loud and loving smacks, which sounded like the explosion of a miniature

steam engine.

CHRISTMAS. -Just one month to Christmas! What a pleasant thought to the little boys and girls, and even to many who have attained to the age of maturity was that he came to his death by falling and soberness, is this fact. DEAD .- The colored man, Sandy Sykes, who was struck down by a stick of wood in the hands of Bacchus Quince, at North Carolina in a Nutshell, Point Peter, opposite this city, Tuesday morning, and to which reference was made in our yesterday's issue, died from his wounds on the same night, without having spoken a word, we learn, from the time he received the fatal blow. Taylor, in Brunswick county, opposite Big Island and about 9 miles down the river, he heard proceeding from the shore the most agonizing screams and cries for help, the voice sounding as it it came from an elderly temale. The Captain hailed and inquired what was the matter, but received no response, and was compelled to leave without being colightened as to the mysterious sounds. The cries were evidently from some one in the

direst distress. A CRAZY DARKEY.—On Tuesday DOMESTIC MARKET. - We give be evening last, while the family of Mr. Littleton, living on Queen street, were sit-Apples(good quality) were selling at 70 | ing at the supper table, a colored g'rl by the name of Hannah, who is subject to fits of temporary derangement, and who at the time was suffering under one of her periodical attacks, jumped the fence intervening between the street and the house, burst the door open and rushed in among the frightened inmates, acting in the wilkest manner inaginable and cutting up capers which are only characteristic of a raving manlac. Frightened out of their usual equilibrium and not knowing what to do with the frantic girl, the family called in Constable Hill (col.,) who happened in the vicinity, and he finally succeeded in removing her from the premises, very much to the relief of the inmates. After carrying her a short distance the officer met the parents of the unfortunate girl, into whose hands he delivered her. She was then suffered to recline upon the grass where she lay panting for a few minutes and then came to her right mind sufficiently to be taken peaceably home.

THE FESTIVAL.—The Festival given by the ladies of Front Street M. E. Church opened last evening under the most favorable auspices. The weather was delightful, and the few moments which our pressing business engagements permitted us to remain in the Hall showed us a large crowd of ladies and gentlemen in attendance. The decorations and general arrangement of the Hall displayed much taste, while the different tables were literally filled with fancy articles of all descriptions, splendid iced cakes, confectionery, &c., &c. There was also a stand where ice cream was kept for those who desired it, and another where oysters were served in different styles to those who are fond of the delicious bivalves. A small arbor which enclosed a miniature lake, on the bosom of which rested a miniature boat in which sat a miniature figure of "The Lady of the Lake," attracted much attention. The first night of the Festival has established the fact of its success, and we hope to-night the ladies may be rewarded for their labors in so worthy a cause by a still larger and more remunerative assemblage of the liberal-minded and liberal hearted people of our city.

ESCAPE OF PRISONERS.-Two colored prisoners belonging to the "chain gang," by the names of Andrew Ellis and Willism Murphy, made their escape on Tuesday and have not since been heard of. It seems they, with the other prisoners. were engaged in hauling sand, when seizing an opportunity, they broke and run, an agreement having no doubt been prefound impossible to recapture them,-Murphy is the individual who was overhauled a week or two siuce with a variety of articles in his possession which he had stolen from the establishment of Messrs. Williams & Murchison, for which he was fined \$50 and costs, and was also to be placed under a bond of \$200 when the city was through with him to answer a wife at Mr. Nixon's place on the Sound and is probably lurking in that neighborhood.
