THE CITY

The MORNING STAR is de-The MORNING STAR IS de-FIFTEEN CENTS per week. Subscribers North of the centre of Market Street will be supplied by Mr. WM. L. HARLOW; and those South of that line by Mr. JOHN B. BURCH. Only these Agents are authorized, in their respective Divisions, to collect city subscriptions.

THE CIRCULATION OF THE MORN-ING STAR IS LARGER THAN THAT OF ANY OTHER DAILY NEWSPAPER PUB-LISHED IN NORTH CAROLINA

Contractors will not be allowed, under their contract, to advertise any other than their legitimate business unless by paying specially for such advertisement.

TO ADVERTISERS.

The Carolina Farmer is one of the best advertising mediums ever offered to the merchants of Wilmington. Though not yet thirteen months old, its regular bona fide weekly edition is now 1500 copies; and of the issue of Friday, November 19th, 1850 copies will be printed, a party having ordered the 350 extra copies to be mailed to that number of his correspondents in North and South Carolina.

New subscribers are coming in by every mail, and its low rates of subscription instify the belief that the number will continue to in-

With one exception, we think the circulation of the Farmer is, even thus early in its existence, the largest of any publication in this

--- Only two deeds were admitted to probate yesterday, by the Judge of the Probate Court.

-There was one arrest for drunkenness yesterday, but with that exception everything was quiet.

-The Steamship Jas. A. Gary, Capt. Hall, from Baltimore, arrived yes

- The dog catchers were out with their nets yesterday, and created considerable excitement among collarless

- The streets were a little "sloppy" yesterday, and somewhat disagreeable, but we must not expect sunshine to always gild our pathway.

- There was not a solitary police arrest on Monday, and consequently there was no session of the Special Court yesterday morning. " All quiet on the Cape Fear."

-Mr. E. F. Cox, an agent for the FARMER at Kinston, has recently sent in a list of sixteen subscribers at that point, which is an evidence of what can be done by the display of a little energy. Mr. C. expects to largely increase this number.

-A letter from the Standard, ordering a second supply of the printing ink sold by the STAR agency, concludes as follows: "The ink already received gives perfect satisfaction. We intend to deal with you hereafter." This is the verdict of all who have used Robinson's

-That stone pavement leading from the sidewalk to the Commercial It also shows to advantage how solicitous the worthy President of the Chamber is for the welfare and convenience of " his flock,"

The name of J. J. Parker, as an applicant for a position on the police force, as published in the proceedings of the Board of Aldermen, should have been Jas. H. Bell. The mistake was made by confounding the name of the petitioner with that of the recommender. Mr. P prefers his present duties in the P. O. to the course of a few days, and the necessa that of being one of the "guardians of ry repairs put upon her to enable her to resume her regular trips.

Vol. V-No. 58.

THE RIVER TUGS .- The Alpha s now the only "tug" runing on the river, and we consequently get but little news from below. The Brandt has been laid up for sometime past. The Oldham, however, we learn, will soon be on the "trackless waves" again, under the command of Capt. Harper, the late affable and accommodating master of the Brandt.

A New Enterprise.—We learn that a sash and blind factory and planing mill is soon to be erected on the other side of the railroad, near Bony Bridge, by Messrs, Foster & Newall of this city. We are glad to be able to record such evidences of improvement and go-aheaditiveness and hope they will continue to

APPOINTED .- We learn that Sheriff Schenck has appointed Sylvester Capps (col.) a Deputy to wait on magistrates, &c. This is the position, we believe, which a large number of our citizens desired should be filled by Mr. R. L. Sellors, and petitioned the Sheriff to that end. The new Deputy was required to give bonds, which he did, and has entered upon his duties.

A NORTH CAROLINIAN IN VIRGINIA. -We see that our old friend, T. L. Hall, Esq., founder of the Gaston House, at Newbern, but more recently of the Macon House, Morehead City, has become associated with Mr. B. F. Briggs in the proprietorship of the Ocean House. Portsmouth, Va. Mr. H. is a genial, whole souled gentleman, and what he don't know about keeping a Hotel it is useless for any one to attempt to learn.

COMMITTED. - Yesterday morning man by the name of Thomas Garvin, of Duplin county, was brought to this city and incarcerated in the county jail. It seems that said Garvin is charged with forcible trespass and that, on the affidavit of the prosecutor, the case has been rendered to this County for trial. The committing Magistrate in Duplin required the defendant to give security in the sum of \$2,000 for his appearance, in default of which, the jail of that County being considered insecure, he was sent here for confinement until the sitting of the Spring term of the Superior Court for New

A Public Meering.—By a notice in another column it will be seen that a meeting of citizens is called for Friday night next, at the City Hall, at 71 o'clock, for the purpose of taking into consideration the propriety of abolishing the Special Court of this city, and other matters connected therewith. An interchange of views on the subject and an emphatic expression of opinion either for or against the continuance of the Court is eminently proper at this time, in order that the Legislature may thoroughly understand the feelings of our people and act advisedly in the matter.

MISS ALEXANDER IN CHARDESron.-Manager Ford will open the new Academy of Music at Charleston this evening. The News, in alluding to this fact, says: "Miss Alexander, the leading lady, is an accomplished actress, and a charming and cultivated lady. She belongs to one of the leading families in Western North Carolina. Her father was one of the most brilliant members of the bar, and her mother a renowned belle of the State. The Alexanders, Polks and Grahams are historic names in North Carolina, and bave been from the date of the Mecklenburg Declaration, prominent alike in public and private life. One brother was a distinguished officer of the Confederate navy, and another left the presidency of a college in Texas to serve in the Confederate army, which he did with distinction."-The News bespeaks for Miss A. a cordial welcome to the Charleston boards.

ACCIDENT ON THE CAPE FEAR-COLLISION BETWEEN RIVER STEAMERS ONE OF THEM GOES DOWN .- Intelligence was received in this city yesterday morning that an accident had occurred to one of the river steamers, and various and conflicting reports were in circulation concerning it. Wishing to arrive at the truth in relation to the disaster we called on a gentleman whom we knew to be conversant with the facts and obtained from him the following particulars: On Monday night, about 9 o'clock, as the steamers Governor Worth and Haloyon were steaming up the river, nearly side by side, and when near the point known as John O. Daniels' place, about 35 miles above this city, the suction of the mud or sand operated in such a manner on the wheel of the Exchange is a decided improvement, and will prove especially so in rainy weather. at the can in discharging his duties. We don't think he would knowingly do wrong—will prove especially so in rainy weather. towing up came in collision with the Halouon near her bows, the force of the blow driving a hole in her hull below the surface of the water and causing her to sink in about fifteen minutes after the disaster. She is now lying on her side about half way under the water. She had a pretty fair freight on at the time, a portion of which will be saved. We are glad to say that no lives were lost and that no injury was sustained by any one on board. It is expected that she will be righted in

WILMINGTON, N. C., WEDNESDAY MORNING, DECEMBER 1, 1869.

THE "CUBA" AGAIN.—The U. S. Circuit Court is in session at Raleigh, Judge Brooks presiding. From the Standard we learn that on Monday the libel case of the steamship Ouba was argued before the Court, Mr. Solicitor Starbuck and Messrs. Phelps of New York, and French, of Wilmington, counsel for the Government, and Messrs. George Davis and O. P. Meares for the defence.

The morning session was occupied by Mr. Phelps, who opened the case in an able speech, replete with argument and many citations from authorities on international law.

A Public Park.—There is some talk of enlarging the city limits, and we believe the project meets with a great deal of favor. The city is rapidly expanding itself in all directions, and soon necessity will compel an enlargement so as to give ample room for a manifestation of the progressive spirit which has been lately enkindled among our people. When this enlargement takes place we would earnestly impress upon our authorities the necessity which exists for a public park or square, and the splendid opportunity which will then be afforded them for procuring the necessary grounds for the purpose at a trifling expense, some where in the eastern or south-eastern suburbs of the city, which can be made accessible by suitable drives or by an extension of the street railway in that direction. Some will no doubt say that a park should be located in the centre of the city. This might prove more convenient, but it would also prove much more expensive, and it must be remembered that in locating our park we must make allowance for the growth and expansion of the city. Let it be located in the suburbs now and in a few years, or by the time it has been properly adorned and beautified and made a fit place for popular resort, the city will have grown to such an extent in that particular direction that there will be no excuse for dissatisfaction on the score that

it is not centrally located. With a population estimated at more than twenty thousand, Wilmington should certainly be able to afford such an institution, and we hope the day is not far distant when we shall have one of the finest public squares in the whole Southern country, where old and young, male and female can betake themselves occasionally and spend a few hours of social converse amid pleasant scenes and away from the busy din of the city.

Rosadalis!

Rosadalis!

There are diseases which cannot be classed under any particular head: such as Debility' Lowness of Spirit, Loss of Appetite, Fain in the Side and Back, Palpitation of the Heart, Yellowness of the Skin and Eyes, little or no Relish for Food, Bad Taste in the Mouth, &c. These symptoms indicate that the Blood is impure, and the functions of the body in a morbid state. Nature will exert herself to remove these disor ers, and often with the assistance of good nursing, much will be accomplished. But, in the majority of cases, it is powerless to avail much unassisted by the proper medicines. In this condition of system, Rosadalis acts as a perfect charm, by purifying the Blood, changing the see etions and giving tone and strength to the system.

NOLANDINE!

Nolandine! Nolandine THE GREAT SOUTHERN REMEDY.

THE ONLY SURE REMEDY

For Chills and Fevers! THE wonderful success of Noladine in cur-

ing the most obstinate complaints peculiar

to the Southern States emboldens the proprietors to invite the attention of the citizens of Wilmington to its curative power in the treatblood, and complaints requiring a promp and powerful alterative. Hundreds of cases duly certified by responsible individuals attest the efficacy of Nolandine in diseases test the efficacy of Nolandine in diseases which have successfully resisted all the usual remedies. In all blood diseases, whether recently contracted or of long standing, in mercurial complaints and malarial disorders, Nolandine has been pre-eminently successful. We especially commend our preparation of Nolandine designed for obstinate cases of Ague and Fever. In the treatment of this latter complaint, our great vegetable preparation is conceded in all sections where chills and fevers are prevalent, where Nolandine has been used, to be absolutely without a rival. Nolandine is a purely vegetable preparation and therefore unattended by the svill consequences which so frequently follow the use of mercury. We solicit orders. MISCELLANEOUS.

Notes for December, addressed to the Feeble and Debilitated.

HIS is a trying season for invalids, indeed for all who are not blessed with robust constitutions and iron frames

Cold has come upon us suddenly, sealing up the open pores, and sealing in as it were, any seeds of disease that may have been lurking in the system, but which remained undeveloped so long as the waste matter of the body and all acid and unwholesome humors were freely discharged by evaporation from the

surface and through the bowels.

A tonic, aperient and alterative medicine is now needed to invigorate the vital powers depressed by a low temperature; to stimulate and purify the secretions, and to fit the body to endure, without inconvenience, pain or danger, the sudden climatic change which ushers in the Winter.

The only preparation which will fully meet this almost universal need, and will thorough ly and safely perform the important work, is the leading tonic and alterative of the age, HOSTETTER'S STOMACH BITTERS.

This popular specific improves the appetite. invigorates the digestive organs, regulates the flow of bile, enriches the blood, calms the nerves, relieves constipation, promotes superficial circulation and evaporation, and being composed solely of wholesome vegetable ements, with a pure stimulant as their diffusive vehicle, may be taken by the weakest without fear. The flavor is agreeable, for although the BITTERS are a potent medicine. they contain no nauseating element. nov 30-S&F1w
