THE CITY

☞ **The MORNING STAR is delivered to City Subscribers at FIFTEEN CENTS per week. Subscribers North of the centre of Market Street will be supplied by Mr. WM. L. HARLOW; and those South of that line by Mr. JOHN B. BURCH. Only these Agents are authorized, in their respective Divisions, to collect city subscriptions.**

THE CIRCULATION OF THE MORNING STAR IS LARGER THAN THAT OF ANY OTHER DAILY NEWSPAPER PUBLISHED IN NORTH CAROLINA.

☞ **Contractors will not be allowed, under their contract, to advertise any other than their legitimate business unless by paying specially for such advertisement.**

——The Steamship *Rebecca* Clyde, Capt. Price, arrived at this port yesterday, from New York.

——The Steamship *Lucille* left Baltimore for this port yesterday morning, and the *Gary* arrived at the former place Monday night at 10 o'clock.

SENT TO THE HOSPITAL.—Hammond Waddell (col.) was sent to the City Hospital yesterday to undergo medical treatment, his feet being frost bitten.

—— The person who lost a brass key on Fourth street, opposite Mr. S. D. Wallace's residence, yesterday, can get the same by applying to Capt. Fitzgerald, of the police force.

ACTETH WISELY.—Wise, the oyster man, is having a new covered stall erected at the West end of the Market House, where he will hereafter dispense the delicious bivalves to greedy customers.

GONE TO RALEIGH.—Judge Cantwell, of the Special Court, having departed on a short trip to the Capitol yesterday morning, there was no session of his Court. Consequently we were deprived of our usual items in that quarter.

SAILED FOR WILMINGTON.—The Steamship *Fanita*, Capt. Freeman, sailed from New York for this port yesterday, she having resumed her regular trips in connection with the Lorillard line of Steamships between Wilmington and New York.

ROBBING CHICKEN COOPS.—We learn that Mr. Wm. Hall, of Summerville, Brunswick county, lost a number of fine chickens on Monday night. He had a coop full of them, which he was fattening for Christmas, and out of the number the thief evidenced the deep depravity of his nature by leaving him only one poor hen on which to make his Christmas dinner.

ASSAULT AND BATTERY.—Jack Hooper (Whip-her) a colored individual, was arrested yesterday, on a warrant issued by Justice McQuigg, charged with committing an assault and battery on the person of Caroline Hall, also colored. He was taken before the 'Squire, who required him to give security in the sum of $100 for his appearance this morning.

RELEASED.—The three sailors belonging on the Schooner *Lilly Dale*, who were arrested on a bail warrant on Thursday last, by officer Hill, were released yesterday and taken on board their schooner, Deputy Constable Capps was sent down as far as Smithville on the vessel to prevent their desertion, and he reports that soon after starting one of the parties, Wm. Champion, knocked the Captain down the hatchway of the schooner. It is likely he will have a lively time with the mutinous trio before he arrives at his destination.

TO ADVERTISERS.—As advertising mediums the MORNING STAR and *Carolina Farmer* are not surpassed by any publication in the State.

——The weather is becoming seasonable.

—— Slowly but surely is Princess street becoming saw-dusted.

SUPERIOR COURT.—A special term of the Superior Court for New Hanover County will commence in this city on Monday next, the 13th inst., His Honor Judge Russell, presiding.

ARRESTED.—A seaman belonging on board the British Bark *West Wind*, was arrested yesterday, on a warrant in the hands of officer Hill, for resisting his Captain.

THE STREET RAILWAY.—There is much complaint about the system of charges on the Street railway, and a general desire for some uniformity in prices on the different cars, so as to avoid that confusion which frequently occurs under the present arrangement.

—— We had the pleasure of a call yesterday from Mr. Bratton, of the Carlisle, Pa., *Volunteer*, a staunch and able opponent of Republicanism in every form. We are always glad to meet such friends and co-workers as Mr. Bratton and we hope that the day is not far distant when they may be properly rewarded for their devotion to the true interests of our country.

—— We regret the necessity that compelled us to lose our mails yesterday morning. In our effort to give not only our usual variety of news, but the President's message, by telegraph, in full, we failed in getting our forms to press in time to save the mails. Had we followed the custom of excluding all editorial and much general news matter on such occasions we would have saved our mails, but would have failed in reaching our standard of enterprising journalism.

MECHANICS' AND LABORERS' ASSOCIATION.—There will be a meeting of this Association at the City Hall this evening, at 7½ o'clock. The Mechanics' and Laborers' Association comprise, in its membership both white and colored people, instead of being exclusively colored, as has been erroneously stated. It is an extensive organization, numbering about three hundred members, and is intended to elevate and dignify labor and secure for it that respect which is its due.

A LEAP FOR LIFE.—Yesterday afternoon while the cadets of the Cape Fear Academy were "double-quicking" in the vicinity of the City Hall, the several tame deer which add beauty and interest to the surroundings, became badly frightened and showed their heels in a wonderful manner. During the excitement, one of them, more frantic than the others, made a desperate leap, successfully run the gauntlet of the iron enclosure and bounded wildly up the street, as if he had been pursued by a "thousand fiends." The "deer creature;" how he did run! It was a regular "Bull Run;" and the cadets "double-quicking" looked as if they might have been a regiment of "Confeds" in hot pursuit.

ARRESTED ON THE CHARGE OF ROBBING A MONEY DRAWER.—A colored boy, by the name of Amos Lucas, was arrested yesterday, charged with stealing a sum of money from Mr. H. McLin's Drug Store, on the corner of Market and Front streets. He went in the store in the morning directly it was opened, and asked for permission to warm himself at the stove. As he had been in the habit of coming about the store frequently and assisting in little odd jobs, he was allowed to do so, and while the clerk stepped out-side to take down the shutters to the window it is supposed he stepped behind the counter and secured the money. The money was left in the drawer the night previous, and was missed shortly after Lucas left the store. He was lodged in the Guard House until his case can be investigated.

COUNTY COMMISSIONERS.—This body was in session again yesterday, the most of the time being taken up in considering matters connected with the apportionment of the school fund for this County, Superintendent Ashley being present to afford such information and explanations as might be necessary. In this connection it was

Ordered, That Col. E. R. Brink, Treasurer of New Hanover County, remit without delay to the Treasurer of the State the school fund and Confederate notes that were of the old School Fund before the organization of the present government of the State.

E. S. Woodford, Esq., qualified as Lumber Inspector, he having given his bond of $3,000 on Monday, with Messrs. Jos. H. Neff and J. W. Schenck, Jr., as sureties.

The Commissioners adjourned late yesterday afternoon, to meet again on Friday next, the 10th inst.

Female Diseases.

Large numbers of women—in fact a most nine-tenths of the entire sex—suffer from some disease peculiar to females.

DR. LAWRENCE'S WOMAN'S FRIEND meets with wonderful success in curing them.

This fact should be widely known. If every lady in the United States were to take one or two bottles of the WOMAN'S FRIEND, they would be repaid by a *renewal of health and strength*.

It is a safe and reliable remedy, and is endorsed by the best physicians.

aug 8-tf

Pah! How Disgusting! is the exclamation of every lady who indiscreetly ventures to apply the ordinary hair dyes or "colorers" or "restorers" to her whitening ringlets. Mud and tar are scarcely more abhorrent. Not so PHALON'S VITALIA OR SALVATION FOR THE HAIR. Nothing defies its freely flowing crystal. There is no sediment, no gum, no foul gas. It is harmless, and its operation perfect. What a discovery!

Rosadalis!

There are diseases which cannot be classed under any particular head: such as Debility, Lowness of Spirit, Loss of Appetite, Pain in the Side and Back, Palpitation of the Heart, Yellowness of the Skin and Eyes, little or no Relish for Food, Bad Taste in the Mouth, &c. These symptoms indicate that the Blood is impure, and the functions of the body in a morbid state. Nature will exert herself to remove these disorders, and often with the assistance of good nursing, much will be accomplished. But, in the majority of cases, it is powerless to avail much unassisted by the proper medicines. In this condition of system, ROSADALIS acts as a perfect charm, by purifying the blood, changing the secretions and giving tone and strength to the system.

PREPARATORY MEDICATION.

THE HUMAN SYSTEM, THE MOST DELICATE and sensitive of all created things, should be duly prepared to meet the shock occasioned by a sudden change in the temperature of the air. Even the solid metals contract and expand under cold and heat—so that if man were composed of iron, instead of frail tissues and fibres, circulating fluids and brittle osseous matter, his frame would not be proof against the vicissitudes of climate. As it is, it behooves every one, especially the feeble, to fortify the frail tenement of mortality against the inclemency of the present season. A wholesome, strength supplying vegetable tonic and alterative is the preparatory medicine required, and among medicinal agents of this character, HOSTETTER'S STOMACH BITTERS *stand supreme*.—In a successful career of nearly a quarter of a century, the preparation has never been equalled or approached, and its sales are now larger than those of any half dozen articles, purporting to belong to the same class that has ever been advertised in this country. As a remedy and preventive of DYSPEPSIA, and all its complications, it may be said to have *lived down competition* and to be the standard specific of the Western Hemisphere. A course of this genial restorative at the commencement of Winter is the surest safeguard against all the complaints which are caused or aggravated by exposure to cold.

NOLANDINE!

Nolandine! Nolandine!

THE GREAT SOUTHERN REMEDY.

THE ONLY SURE REMEDY

For Chills and Fevers!

THE wonderful success of Noladine in curing the most obstinate complaints peculiar to the Southern States emboldens the proprietors to invite the attention of the citizens of Wilmington to its curative power in the treatment of all malarial diseases, disorders of the blood, and complaints requiring a prompt and powerful alterative. Hundreds of cases duly certified by responsible individuals attest the efficacy of Nolandine in diseases which have successfully resisted all the usual remedies. In all blood diseases, whether recently contracted or of long standing, in mercurial complaints and malarial disorders, Nolandine has been pre-eminently successful. We especially commend our preparation of Nolandine designed for obstinate cases of Ague and Fever. In the treatment of this latter complaint, our great vegetable preparation is conceded in all sections where chills and fevers are prevalent, where Nolandine has been used, to be absolutely without a rival. Nolandine is a purely vegetable preparation and therefore unattended by the evil consequences which so frequently follow the use of mercury. We so left orders. Address JOHNSTON & LANGHORNE,

of the Tract is cleared and under fence. The balance is divided into pine land and rich swamp. The main residence is at a beautiful location and comfortable and healthy having

EXCELLENT WATER.

There is a negro quarter on the other end of the farm conveniently situated. The farm of cultivated land may be enlarged by clearing. An experiment was made the present year upon two acres, manured with domestic manure and planted in cotton which made

1200 POUNDS LINT COTTON.

It must not be expected to find the land [at the price placed upon it] producing this way in an unimproved state; but it is mostly adapted to cotton culture and is offered at the low price of $3200, cash; or $4000 on six months time. It is in a good neighborhood. Enquire of the Editor of this paper.
