CONGRESSIONAL. HOUSE—The proceedings are uninter-sting. There was a meagre attendance of members.

MISCELLANEOUS. The Democrats of the Senate are in accord with neither the Bollock nor Bryant party, and their action on Brigham's amendment is somewhat doubtful unless Georgia Democrats, who, they say, have kept aloof, take some action. The fate of the amendment is doubtful, unless Democratic Senators vote for the bill as it came from the House. It will be remembered that the Democrats of the House voted for the amendment, but they voted en masse against the Georgia bill as amended, and the Democrats of the Senate seem inclined to

vote the same way unless supported by some positive demonstration from Georgia Demo Despatches from Admiral Poor mention his arrival in flag-ship "Severn," at Port-au-Prince, on February 9th. He had an interview with the Provisional President and Cabinet of Hayti and explained that, pending present negotiations between the United States and San

Domingo, this government would protect the Dominicans against any hostile power.

The Haytien authorities hoped that friendly relations between the United States and Hayti would not be interrupted; and while aware of their weakness, they knew their rights and would protect them to the best of their ability, and that they must be allowed to be judges of their own policy. Poor heard, unofficially, that the authorites

were displeased with what they considered the menacing attitude of the United States. Rumors, which proved unfounded, of a collision between a United States and Haytien war vessels, have been in circulation. The U. S. "Dictator" is also at Port-au-Prince.

The Secretary of the Treasury has allowed to be protested some of the unendorsed Texas indemnity bonds, holding that, according to the principle decided in the case of Texas vs. White and Chiles, they are not negotiable, and will be paid only to Texas.

#### A Curious Application for Divorce.

On yesterday an application for a divorce was presented in the House of Delegates, from a woman who asked to be dissolved from the bonds of matrimony with two men. From her own statement she married a man some years ago, who treated her very badly and deserted her. Some years afterwards, not knowing or caring whether her first husband was dead or alive, and not thinking herself bound to him, she married a cousin, who took her to Bristol to live. It was not long before her second spouse began to maltreat her, and he finally deserted her without leaving her and an infant food or even sufficient clothing. She has returned to her relatives, and now sucs for divorce from her two bad- husbands.-Richmond Dispatch.

#### Improvement in Divorce Machinery.

A Chicago Benedict named Morgan has devised and ingenious improvement in divorce machinery.
