THE CITY

Mrs. Oates' Troupe opened in Raleigh last evening.

Mr. Wm. Ettinger contemplates considerably enlarging the dimensions of his store on Market Street.

SENT TO THE WORK HOUSE.—Wallace Cook and John Anderson, not being able to pay the fines to which they were subjected in the City Court, were sent to the Work House yesterday.

There was an immense audience at the Front street M. E. Church, on Sabbath evening, to hear Rev. Mr. Daily, who is on a brief visit to our city.

THE CITY CLOCK.—The subscribers to the City Clock are requested through an advertisement in another column to meet in the City Court room this afternoon, at 3 o'clock, for the purpose of deciding upon the location of the clock.

BROKE JAIL.—The notorious horse thief Edmondson, alias Chase, broke jail at Whiteville, last Friday night, and has thus far eluded pursuit. He had been tried before the Superior Court of Columbus county and been sentenced to ten years' imprisonment in the penitentiary.

St. John's Church.—We are very glad to learn that Rev. George Patterson has accepted the rectorate of St. John's Church, in response to the call of the vestry and congregation of that young but vigorous parish.

A BIG HAUL.—There was considerable excitement yesterday morning, on the wharf foot of Princess street, among a number of colored people, over a quantity of turpentine which was fished up in the river at the mouth of the dock and hauled to land.

CITY COURT.—The usual number of cases were before this tribunal yesterday morning, and were disposed of as follows:

Wallace Cook, charged with disorderly conduct and petty larceny, judgment for the penalty (\$50) and costs, with security in the sum of \$100 for good behavior for twelve months, and to be in custody at hard labor until the bond is given; the fine to be paid in money or hard labor at the Work House.

John Anderson, disorderly. Judgment for the penalty and costs, with a recommendation that it be reduced to one-third and costs, to be paid in money or labor at the Work House.

GEN. WM. MORAN.—We heard the rumor, some ten days since, that our friend Gen. Wm. MacRae, long and favorably known in this community, had in contemplation the resignation of his position as General Superintendent of the Wilmington and Manchester Railroad.

Dr. Dick made all haste to reach the side of the sufferer and found him in a very critical condition. On Sunday it was found necessary to amputate the leg of Mr. Norman, who lingered in great agony until yesterday morning, when he was relieved of his sufferings by death.

No clue has as yet been obtained as to the perpetrator of this diabolical and cowardly murder. Mr. Norman is represented to have been a peaceable, industrious citizen, and no motive can be imagined by his friends for the dastardly act.

AMPUTATION.—Edgar Brown colored, one of the sufferers by the late explosion in Messrs. Hart & Bailey's foundry yard, and who has been in a very critical condition ever since, was compelled to suffer the amputation of his wounded leg at the City Hospital yesterday. Dr. J. E. Winants, the Hospital physician, performed the operation.

"DU TELL."—Will the representatives from New Hanover in the General Assembly be so obliging as to let the public know what has become of the various charters which have been entrusted to them by the people of Wilmington, and why they have not passed the Legislature? There are many anxious inquiries in relation to the matter, and we should be glad if they would take an early occasion to relieve the suspense of all interested.

THE STEAMSHIP VOLUNTEER.—Capt. Jones, arrived from New York yesterday.

GOVERNMENT SALE.—To-day, in front of the Custom House, at 12 o'clock, Messrs. Cronly & Morris, Auctioneers, will sell that valuable three story brick building, well known as the Marine Hospital, built at a cost of \$40,000, with grounds 390x380 feet, comprising an entire square. Also, at the same time and place, seventy-one city lots.

MISS ALEXANDER AND MISS ELDRIDGE.—The Charleston News, in referring to the amusements in the new Academy of Music during the present season, pays the following deserved compliment to the ladies named: "Miss Alexander and Miss Eldridge were the sponsors of the new building, and the last named lady, always ardent and bright in modern comedy, grew so rapidly in dramatic strength and knowledge that before many weeks were past she was winning hearty plaudits by her admirable impersonations of Beatrice and Rosalind.

TO BE REPLACED.—We are pleased to learn that the school house which was burned on Sunday morning, is soon to be replaced by an elegant brick structure, furnished with all the modern improvements, and built after the most approved style of architecture.

ST. PATRICK.—St. Patrick's Day was generally celebrated throughout the country, according to the accounts of our exchanges, which contain lengthy proceedings of the Hibernian Societies in the different cities. The speeches, balls, suppers, processions and general demonstrations were grand and imposing.

ANOTHER OUTRAGE.—Robeson county has long been noted for the number and frequency of the outrages which have been committed within its limits. We record an instance of the most terrible character in another part of this paper, and now are called upon to chronicle still another, which only through an interposition of Providence was prevented from being equally unfortunate in its results.

BUCKED TO DEATH.—A little colored child, by the name of Martha Ann, about 18 months old and a daughter of Frances Beery, residing in the Fifth Ward, was accidentally burned to such an extent on Saturday last, about 1 o'clock, that she died yesterday from the effects of the disaster. The accident occurred in this wise: The child was sitting by the stove, the mother being out, when a coal of fire from the stove fell into her lap. When the mother came in she found her child horribly burned, which finally resulted in its death, as above stated. This is another warning to mothers of the danger of leaving little children in a room by themselves when there is any fire with which they are liable to come in contact.

A CHAPTER OF ACCIDENTS.—A gentleman was riding along Market street yesterday and when in the vicinity of St. James Church met with a most unusual mishap. Rider and horse were in excellent spirits, and the latter was moving along with his burden very gracefully, when a small colored boy, crossing from North to South, on Third street, unwittingly placed himself in the way of the pacer. The collision grounded the darky, dived the horse, and unseated the equestrian. The basket carried by ye juvenile, with plates, spoons, knives and forks, represented in their flight many geographical points, but, pleasant to relate, nobody was hurt.

LAWLESSNESS IN ROBESON.—MURDER OF A PROMINENT CITIZEN.—Lawlessness and outrages are still the order of the day in Robeson county. On Saturday night last Mr. Owen Norman, commonly known as "Black Owen," who resides with his father-in-law, about fourteen miles from Lumberton, went out into his piazza preparatory to retiring to his bed, it being it is supposed about 9 o'clock, when he was suddenly fired upon by some one who had been lurking around the house. The shot from the gun took effect in his leg, shattering it in a horrible manner.

CLOSE OF THE VOLUME.—With today's issue closes the fifth volume of the MORNING STAR, and to-morrow (Wednesday) ushers in the commencement of a new volume and the entrance upon the fourth year since the STAR first made its appearance in the journalistic firmament.

BOARD OF ALDERMEN.—The Board held its regular weekly meeting yesterday evening.

In reference to the extension of the city limits, the Mayor stated that he had consulted Mr. London, the city attorney, who made certain explanations as to the difficulty in defining the meaning of the act as to the location of the wards of the city under said act; in the place of which he submitted a new act.

The following resolution in reference to the subject was then passed: Resolved, That the Mayor be requested to forward the act to amend the act entitled "An act to extend the limits of the city of Wilmington and for other purposes" to the representatives of New Hanover county in the Legislature, with the request that the same be presented at once.

An ordinance in reference to bill posting reported from a special committee was rejected.

J. & H. Haas, J. C. Kosch, H. Fincke, O. H. Mohr, Henry Lietz, Henry Hart, Brook & Webb, J. A. Clifford and J. H. Neff were granted recommendations to obtain licenses to retail spirituous liquors.

It was ordered that all Barber Shops be closed on Sundays, under a penalty of \$5 for each and every offence.

The action of the Mayor in reference to the Steam Fire Engine horses was confirmed.

The matter of the dilapidated building on Fourth street, was referred to the Marshal with power to act.

The Mayor, as Chairman of the Committee on Streets and Wharves, reported in reference to a communication of Messrs. Northrop & Cumming for the opening of Ninth street, recommending that as there will be no expense to the city permission be granted.

The following ordinance in reference to this matter was then passed: Be it ordained, That Ninth street from Wooster to southern limits of the city be and is hereby declared open 66 feet in width, as laid down in the plan of the city; provided that the same be done at no expense to the city.

It was ordered that a reward of \$250 be paid for information to convict any person having set fire to any of the buildings recently burned in this city.

WHEREAS, The owners of land on the line of the proposed street between Red Cross and Brunswick have protested against the city opening the same, and it has been ascertained that in order to open the proposed street the city would have to pay in advance the sum of \$18,800; and whereas the finances of the city do not admit of the outlay of so large a sum, the Mayor and Aldermen do resolve not to open or widen the proposed street, and that the consideration of the subject be indefinitely postponed.

The Mayor and Aldermen do ordain, that all ordinances, orders, or resolutions concerning the opening or widening of Nutt street be and the same are hereby repealed and declared to be of no effect.

Extraordinary Experience of a Bridegroom. Not long ago a newly married couple from this county established themselves at a fashionable hotel in Cincinnati, for the purpose of seeing the sights.

The bridegroom walked up the clerk and remarked: "That's my wife! I suppose so," was the bland reply. "Well, I thought I'd mention it, continued the man, "so you wouldn't think it strange in my company, I never like to find fault, you know, but we're kind of bothered, and my wife has been invited to go to ride three times, and to go to the minstrel's shows likewise, and just now a sleek looking chap knocked at the door and wanted to know if she was alone, and another actually inquired if that countryman she had on the string had gone."

"I've no doubt that these young men mean well enough; but they are too doggedly polite for me." The poor fellow was assured that the "well-meaning" young men should not annoy him any further with their politeness and he retired apparently much satisfied.

In Brooklyn they have been throwing bars of soap instead of bouquets at a dance.
