They claim that he will not "go back on them," our refuse to serve if elected.

What Does it Mean?

Hand-bills were being circulated round the city yesterday, calling for a meeting of "the people" at the City Hall this evening. All "true Republicans" are specially called upon to be present to decide upon a "compromise ticket" for the ensuing election. It concludes with the announcement 'that "No office-holder or politician will be admitted." This is decidedly the richest thing out. The idea of holding a political meeting without admitting a politician is something new under the sun. But the most laughable thing about the whole affair is, that the circular is addressed only to Republicans, when it is well known, as we heard a prominent member of the party remark, that the announcement alluded to above would exclude the entire Republican party of New Hanover county, as they are all either officeholders, aspirants for office, or "rantanker-

ous" politicians. The leaders of both factions of the Republican party, as far as we are aware, disclaim any knowledge of the proposed meeting, and the Jones men deny emphatically that it was anthorized by them. Some seem to think it forebodes an effort to get up a third party movement, throwing the present candidates in the field overboard, and nominating an entirely new ticket. We shall see.

If you have lost anything, advertise it in our new department, under head of "Lost and Found," at half our regular rates, for advertisements not exceeding five lines.

Registration. The work of registration in this county commenced yesterday. The amount of labor performed by the Registers in this city was not m upon popular favor consists in the neat- stitutionally opposed to the smallness of the amount which they will realize. However, the laborer is worthy of his hire, and if he gets it he ought to be satisfied. The number registered yesterday was three. Of these, two were registered in the 1st Ward and one in the 3rd Ward. In the 2nd and 4th Wards nothing was done. At three cents a name our Registers may consider themselves on the "high

road to fortune." Look out for Him

We learn that the term of imprisonment of Stephen Williams, colored, will expire tomorrow and he will then be released. Williams was convicted of forging checks, &c., to considerable amounts, by which he succeeded in swindling several of our mechants, and was consider this, and resolve to have good side- interests of our business men to look out for him when he gets at large.

We were informed, resterdsy morning, that it came in contact with the carth in at least five different points. The main-top mast of a vessel lying in the stream, the pole in front of the engine house on Ann, between Front and Second streets, and a tree on the premises in the rear of the shoe shop opposite the old Mechanics' Hotel, on Front street, were each struck by the fiery bolt. In the latter case the tree was riven and shattered from top tobottom. > Body Found-Evidences of Foul Piny. One James Quinn, an Irishman, well known in this city, engaged in some disturbance on Monday night, in the suburbs, and was chased by his antagonists down to the vicinity of the river. The fast seen of him was near the foot of Dock street. He there procured a small boat and put off into the river. The boat was subsequently found under the paddle wheels of the Cuba, empty and overturned. Of course the supposition was that he was drowned. vesterday the body of the unfortunale man was found about two miles below the city, near the "Dram Tree," and Coroner Elkanat Allen summoned a jury and went down to hold an inquest over the remains. He returned last evening and informs us that the body presented most indubitable evidences of his having been fouly dealt with. His breast was cut and stashed in a horrible manner, besides which there were several cuts on other portions of the body, all presenting the appearance of having been done with a knife. It is a matter of conjecture whether he received the wounds in the altercation which took place up town and fainted and fell overboard from loss of blood after he entered the boat, or whether he was violently dealt with by some one after he left the wharf. Coroner Allen reserve the verdict of the jury until the matter can undergo a more thorough investigation.

Killed by Lightning.

On Wednesday evening, during the severe storm which passed over this section, a colored man, by the name of Wm. Williams, Jr., living on the farm of Mr. James McIntire, at Riley's Creek, near Lillington, in this county, was instantly killed by lightning, together with a horse. To avoid the rain he had taken the horse out of the plow, and when about fifty yards from where he had left it, in an open field, remote from any tree or house, he and the animal were stricken to the earth. After the storm had subsided, the other hands on the farm, becoming uneasy on account of his long absence, went to look for him, and soon discovered the dead bodies of the man and horse. Williams was about 21 years of age, and is represented to have borne a good reputation in the neighborhood in which he

In view of the disturbances which occurred in the City Hall on Tuesday night last, the City Marshal informs us that hereafter, in compliance with instructions from the Mayor, there will be an ample police force kept at hand to disperse any disorderly persons who may, by chance or otherwise, find themselves in a public meeting of citizens, assembled for peaceable consultation. In permitting the use of the City Hall, hereafter, it will be only to persons of known character, who will guarantee order and quiet.
