Adrain" and four for the use of the mounted police provided for duty on the outskirts by a recent city ordinance. Captain Fitzgerald, Chief of Police, will be Acting Marshal during his absence.

City Court. The following cases were before the City Court yesterday: Samuel Collins, charged with disorderly conduct. Judgment by default against the defendant and his surety. Perry Doser, charged with larceny, was found not guilty and discharged.

The Ladies should not fail to call and see the magnificent stock of Silks, Poppins, Alpines, Notions, Domestic, &c., at the popular dry goods establishment of Fishblate & Bro's, 23 Market street. 1w.

A Good Appointment. We learn that Mr. Alvis Walker of this city has received the appointment of Sleeping Car Conductor on the Wilmington, Columbia and Augusta Railroad, connecting with the North Eastern Railroad, between this city and Charleston, to fill the vacancy occasioned by the death of Mr. James R. Sterling. This is an excellent appointment and will give general satisfaction.

Hem-stitched Handkerchiefs, for 10 cents and up, at Fishblate's. 1w.

The Colored Base Ball Match at Raleigh. We are requested to state that extensive preparations are being made by the colored people of Raleigh to give the Wilmington excursionists a good time on the 2nd of November. The Raleigh Base Ball Club have engaged the Metropolitan Hall and will give the "Mutuals" a grand banquet and ball. Neither time, money or pains will be spared to make visitors from this city feel at home.

A Wilmingtonian in Paris. The following dispatch, received at Tours a few days since by balloon from Paris, and addressed on an open card, "E. H. Kidder, Maid en Lane, New York, by son George," will be recognized by our readers as coming from Mr. George Kidder, of this city, a son of Mr. Edward Kidder. Mr. George Kidder has been in Europe for some time past, where he went to recruit his health.

"Tell my family I am in no danger. There are plenty of provisions here. The terrible stories manufactured by Bismarck regarding internal dissensions here are entirely false. The people are in excellent condition."

A Small Business. We learn that Lieut. Col. O. H. Dockery, late of the Confederate army and ex-Brigadier General of Hollett's "militia," and the wife of Geo. L. Mabson, a colored politician of this city and member elected to the lower House of the next Legislature, removed from her position in the Treasury Department at Washington because her husband opposed his election in the late campaign. We have this information from a prominent member of his own party.

Florence Sewing Machines. We have examined some specimens of work done by the Florence Sewing Machine, and we can unhesitatingly assert that we have never seen it approached by the product of any machine which has ever come under our observation. The neatness, precision and accuracy with which the thread is drawn through the cloth stamps the Florence as the best machine now in use. The great popularity which it has attained, not only in this city, but throughout the country, is sufficient evidence of its intrinsic merits. Mr. David Anderson is the General Agent for the sale of the Florence Sewing Machine. Call at his office and sales-rooms, No. 51 Market street, and see his samples, and buy a machine.

Local News.

Mr. and Mrs. Harry Watkins are at Portland. Shiff and Gaylord's troupe has gone to Atlanta. The plank walk to the Cemetery is sadly in need of repairs. Blessed are they that do not advertise, for they are not bothered with customers.

The County Commissioners adjourned Saturday night until Thursday, the 13th. The Chapman Sisters and Bishop commenced an engagement on Monday last week at Cleveland, Ohio. The funeral of Mr. J. J. King on Sunday, was largely attended. The Hibernian Association was out in full force.

The pavement in front of the Court House is to be relaid this week, and will be all right when Court meets. The cool, damp nights of Autumn are just the time to contract colds which may terminate in fevers. Messrs. Cronly & Morris, Auctioneers, will sell, to-day, at 11 o'clock, at Exchange Corner, a No. 1 saddle and harness horse.

We learn that "Jack Frost" paid his respects to the people of Anson and the upper end of Richmond counties on Sunday morning. Lovers of the drama will be keenly disappointed if Laura fails to come to time on the 17th. She has promised to be here at that time.

The annual meeting of the Stockholders of the Wilmington, Charlotte and Rutherford Railroad will come off in this city on Thursday the 20th inst. Unmistakable letters in the postoffice for Mattie G. Read, Providence, R. I.; Office of Zion's Advocate, Portland, Me., and Hon. S. S. Ashley, Raleigh, N. C.

A great many colored people are very indignant at the removal of G. P. Rourke and the appointment of Geo. M. Arnold as Weigher of Roan for this port. Our "beloved Governor" can't keep out of hot water, it seems. The Free Schools, under the superintendence of Miss Amy M. Bradley, opened yesterday with a full corps of teachers. There was a large attendance of scholars, and the number will doubtless be increased to-day.

Under our Marine head to-day, on the 4th page of the STAR, will be found a port calendar, which will hereafter form a feature of that department of our paper. It will be carefully corrected weekly, giving the state of the water on the bars, &c. Splendid French wore Corsets for \$1, at Fishblate & Bro's. 1w.

Death of a Wealthy Colored Man. A well-known colored man of this city, by the name of G. W. Thomas, who by the practice of medicine among the colored population had earned the title of "Dr.," died at 8 o'clock on Sunday morning and was buried yesterday by the colored Masons. He was held in great esteem by the people of his own race and was also highly respected by the whites. He was about 59 years of age.

A tribute of respect to the deceased was sent in last night, but late to appear in this morning's paper. Miss Marianna Thompson, who has just completed a three years' course of study at a theological school, is preaching at Grand Rapids, Michigan, to 1,275 congregations. She is said to be a great and eloquent speaker.

Burglar Arrested.

William Cameron, a colored boy, was arrested by Detectives Sellers and Carr, last night, on suspicion of being one of the gang of burglars who have lately been operating in this city. A pair of shoes was found in his possession, which were identified as belonging to a colored man; from whom they were stolen a few nights since. He will come before Justice McQuigg this morning.

Anniversary Services. Last Sunday, at the Market street Baptist Church, Rev. J. C. Hilden preached his second Anniversary Sermon, in commemoration of his connection with religious work in this city. The discourse was interesting, and among other facts he stated during the past twenty months, he had preached one hundred and thirty-four sermons, delivered one hundred and eleven addresses, attended eighty-nine prayer meetings, one hundred and sixty-nine general religious meetings, and made one thousand two hundred and fifty-four pastoral visits.

The preacher then referred to the laborious nature of the pastoral office, and reasonably and sensibly assumed that, when duty was even tolerably performed, the labors were sufficient to demand all the time of those who filled it, physically, intellectually and morally. The Church was congratulated on its unity, freedom from internal feuds and external embarrassments; and it was stated that within a year there had been twenty-two conversions, twenty-two baptisms, twenty-four admissions to membership by letter, and that the names of one hundred and ninety persons were enrolled on the church-books.

Altogether the occasion was one of interest, and the pastor expressed hope and faith—now that they could worship under their own "vine and fig tree,"—that with the active cooperation of the membership the current church year would exhibit at its close even a higher degree of prosperity than the one just closed.

Danish Vice Consul. Hon. Silas N. Martin has received an official notification from Mr. C. T. Christensen, Consul at New York and Acting Charge d'Affaires for the Government of Denmark, of his resignation of the Danish Vice Consulate for the State of North Carolina, and also of the appointment of Mr. B. E. Heide, of this city, as his successor. The letter conveying this information closes as follows:

"It is my agreeable duty on this occasion to assure you of the sincere appreciation with which this Legation has noticed the faithful and acceptable manner in which the Vice Consulate of North Carolina has been conducted while under your care."

Mr. Martin turned over the seal and archives of the Vice Consulate to Mr. Heide yesterday afternoon, the latter gentleman having also received an official confirmation of his appointment from the President of the United States and the Secretary of State. It should be a source of congratulation to the Danish Government that the mantle of the Vice Consulate, in being resigned by Mr. Martin, has fallen upon worthy shoulders. Mr. Heide is a native of Denmark; but has been a resident of the Cape Fear District for the last twenty years. Much of that time he has resided in this city, where he has made troops of friends and is classed among our most enterprising merchants. As its representative in this State, the government of Denmark can rest assured that its interests will be carefully looked after by the Vice Consul, as it was by the gentleman who has just resigned its duties into his hands.

A special meeting of the Board was held last evening to take into consideration the question of an appropriation to build a suitable Hall for the Hook and Ladder Company, and of a road to the Cemetery and the reduction of the tax on bar rooms, &c. The Mayor having stated the object of the meeting, Alderman Hays proposed the following resolution, which was adopted:

Resolved, That the portion of the Hook and Ladder Company for \$3,500 in bonds of the city for the purpose of erecting a suitable building for their truck, &c., be granted, the bonds to be delivered in such amounts as they may be needed, when the said Hook and Ladder Company shall produce satisfactory guarantee to the Mayor that they will procure a new truck without cost to the city; And provided that the said building shall be erected under the supervision of the Mayor and resolved, further, that permission is hereby granted to erect the said building on land belonging to the city.

The report of the Committee to whom was referred the petition of certain persons for a reduction of the tax on retail liquor dealers being under consideration, the Mayor recommended that if the Board reduce the tax on bar-rooms to \$12.50 per month, he thought that the tax on wholesale liquor dealers and retail liquor dealers should also be reduced. The following ordinance was thereupon introduced and adopted:

An Ordinance defining and prescribing the rates and subjects of taxation and directing the prompt collection of the same, passed by the Board of Aldermen Feb. 21, 1870, be amended by repealing the sections entitled Bar Rooms, Wholesale Liquor Dealers and Retail Liquor Dealers, and inserting in the places thereof the following:

That from and after the 1st day of November, 1870, the tax on all Bar Rooms, wholesale and retail, shall be twelve dollars, he trusts that he will be able to give perfect satisfaction to all who may patronize him. JAMES J. KING.

The report of the Committee to whom was referred the matter of constructing a road to the Cemetery being next under consideration, the following was adopted:

Resolved, That Miller street, from Seventh street East to Oakdale and High Street, be improved in such manner as to make a good carriage road, in accordance with plans and specifications in the hands of the Mayor. That the Mayor be authorized to advertise for proposals to perform said work in accordance with said plans and specifications for the term of ten days, said proposals to be opened in presence of the Committee on Streets, with power to accept the most favorable proposal; the contractor to give bonds for the faithful performance of the contract. That sum not exceeding \$1,000, be and is hereby appropriated to defray the expenses of said improvement. The Board then adjourned.

Death of Davis—Capture of One of the Gang—Two more Reported to be Killed, &c.

Through Capt. Wooten, the accommodating Mail Agent on the Wilmington, Charlotte and Rutherford Railroad, we are enabled to give our readers a brief statement of the present condition of affairs in Robeson county. A young white man by the name of McLaughlin was captured on Sunday, against whom there is strong evidence of his being implicated in the outrages which have from time to time taken place in that county. He was carried to Lumberton yesterday and lodged in jail. It is stated that a lot of stolen goods were found in his trunk.

The citizens in the vicinity of Moss Neck have all fled to Lumberton for protection from the outlaws, they having threatened a wholesale butchery of all who came in their way. A number, being about the last of the inhabitants of that locality, came to Lumberton on the train yesterday.

Mr. Stephen Davis, who was so badly wounded during his heroic charge upon the outlaws in Long Swamp a few days ago, since which time he has been lingering in great agony, died at Shoe Heel yesterday morning at 9 o'clock, just as the train arrived at that point. It is reported, but our informant cannot vouch for the truthfulness of the information, that George Applewhite and a man by the name of Strong, two of the band of desperadoes, have been killed. The pursuit of the gang is still kept up and the excitement is unabated. Arms are needed and we hope that steps will be taken to furnish some from this city.

Preservation of Order. At the opening of the City Court, yesterday morning, Judge Cantwell, in directing the new Deputy Marshal, Mr. Kuhl, to preserve order during the proceedings, remarked the difficulty he experienced in hearing the testimony of the witnesses, owing to the noises which constantly interrupted the proceedings. Whether it was due to the imperfect accommodations of the place, or the ignorance of the persons in attendance, it must be stopped and remedied either by a removal of the Court to some other Chamber or by punishment. He should use his whole power and to its fullest extent to enforce the respect every good citizen owed to the place where justice was habitually dispensed. Our ancestors, said he, regarded the Hall of Justice with peculiar veneration. Educated as he had been, he could conceive of no disorder which would not be aggravated, by being committed in the Court House. This was the Temple of Justice; and no less sacred than any other that might be named. Here, as well as at St. John's, there was an altar, erected to the God of Justice and Truth. We are its ministers, and there was no nobler or higher occupation than its daily ministrations. A habitual reverence for the seat of Justice and a constant sense of the Presence and the business conducted here made us in our past history respectable, prosperous and great. If we would retain the character of our ancestors, we must inculcate their practice in these respects to the imitation of posterity.

In France the Marsellais has become the national Hym; while in Prussia, Bismarck is decidedly the national Hero.
