The following was the range of the Thermometer in this office, yesterday, at the different hours named: 9, 12, 3 and 6 o'clock:

9	12	3	6

The Pay of Jurors.

Commencing with the present term of the Superior Court, the pay of jurors is reduced to $1.50, instead of $2.00, as heretofore. This change was effected by the County Commissioners. The pay of witnesses remains as formerly; it being fixed by the Legislature.

The Washington.

The steamship *Washington*, destroyed by fire below this city a few days since, was of 472 tons burden and was built in Chester, Pa., in 1865. She was valued at $40,000, and was partially insured in the Sun and Atlantic Insurance Companies and in the American Lloyds, New York.

Heavy Loss by Burglers.

We regret to learn that Mr. Edward Kidder, of this city, who has been on a visit to his summer residence in Groton, Connecticut, met with quite a severe loss recently. He had packed his trunk with the view of starting home, when burglars entered his house at night, broke open his trunks, and stole clothing and other articles amounting in value to about $2,000.

Homicide in Bladen.

We are informed by Capt. Wooten, Mail Agent on the Wilmington, Charlotte and Rutherford Railroad, that a difficulty occurred about four miles from Rosendale, in Bladen county, on Saturday evening last, between two white men by the names of Baker and Medalin, when the former drew his pistol and shot the latter, inflicting a wound from which he soon afterwards died.

Railroad Meeting at Jacksonville.

There will be a meeting of the people of Onslow county at Jacksonville, on Tuesday, November 1st, to consider the policy of making a county subscription to one or more of the different Railroads projected to terminate at Jacksonville. It is expected that the friends of the different roads will be present, prepared to submit their respective projects, upon which action may be taken by the people of the county.

Special Notice.

We would respectfully call the attention of our patrons to the fact that we are required to settle promptly for our papers every Saturday, and to enable us to do this requires like promptness on the part of our subscribers.

We beg, therefore, that the city subscribers to the STAR will have the money ready for the collector when called for. Having so many to call on, it is a serious inconvenience and loss for us to have to send more than once for so small an amount.

Local Items.

—The Guard House is now empty.

—It continues warm for the season.

—Rainy and disagreeable weather yesterday.

—The shawl suits are not lined by the ladies.

—Velvet costumes will be fashionable this winter.

—Sleeping in heated rooms is positively injurious to healthful persons.

—The steamship *Fairbanks*, Capt. Howes, arrived at this port on Sunday.

—The steamship *Mary Sanford*, Capt. Chadwick, cleared for Philadelphia yesterday.

—Forrest wears a diamond on the forefinger of his right hand that is a great drop of solified light.

—Changing the diet frequently, and with regularity, is recommended by physicians of all classes.

—There was quite a large number of strangers in the city yesterday in attendance upon the Superior Court.

—There is very little talk about the Senatorial contest. The election takes place on the 10th of next month.

The latest style for the hair is to wear a large bow of colored ribbon on one side of the head with one loop and two long ends.

—The Theatre is being thoroughly cleaned and put in order for the opening of the Theatrical season the latter part of this week.

—There are unmailable letters in the postoffice of this city for Miss Rachel Luces and David McCanny, there being no address to either of them.

—There will be a meeting of New Hanover County Medical Society on Wednesday evening, Oct. 19th, over Messrs. Bear & Sternberger's store, at 8 o'clock.

—There was no session of the City Court yesterday morning. There were a few cases to be tried, but the witnesses were not forthcoming, and so they were continued over.

The State Fair.

Superintendent Fremont, of the Wilmington and Weldon Railroad, publishes elsewhere the charges on "human freight" to the State Fair at Raleigh. It will be seen that persons can leave here on the 18th, 19th and 20th, returning after the exhibition closes, for one fare. The preparations made at Raleigh are of an attractive character—such, in fact, as to warrant that those who visit the Capital, either for business or pleasure, will be able to enjoy the one or accomplish the other. The occasion will be a good one, too, if our merchants will avail of it, for making the acquaintance of the Western people and extending their trade relations in that very important direction. Let them make the effort now in the assurance that the day is not distant when Western North Carolina will do a heavy business with Wilmingtonians.

The Water Works.

A party, consisting of Mayor Martin, Marshal Canaday, Mr. Birkinvine, Engineer of the Philadelphia Water Works Company, Mr. Woodruff, also connected with the above Company, and several other gentlemen, rode out yesterday afternoon to get some information regarding the most suitable location for the projected Water Works for this city. It is supposed that the extensive body of water a short distance outside of the Southern suburbs of the city, and known as Greenfield Pond, will be selected for the purpose, as there is no doubt that it will supply an abundance of water for the object intended.

It is hoped that some further effort will be made to get capitalists from abroad to invest in this important enterprise and that ere long our city will be supplied with that great desideration to our people, an abundance of pure and wholesome water.

It is estimated that the cost of the Works will be somewhere in the neighborhood of from $90,000 to $100,000.

Superior Court.

The Fall term of the Superior Court for New Hanover County, Judge Buxton presiding, convened in this city yesterday. The following is a list of the Grand Jury, which were regularly drawn and impanneled: Henry M. Bishop, Foreman; W. L. Jewett, John Casteen, Geo. M. Arnold, John Nixon, B. F. White, W. J. Kellogg, W. H. Sneeden, W. E. Davis, Robert Finney, Wm. Price, Walter G. MacRae, Eugene Maffitt, C. W. Oldham, John Hopkins, August Kehr, G. R. French, Jr., J. C. Millis.

The usual charge was delivered to the Grand Jury by His Honor, after which the Court was adjourned until this morning.

Judge Buxton appears to be a prompt worker, and it is confidently hoped that he will be able to clear the docket by the expiration of the session.

The City Horses.

The two grays purchased in Baltimore for the Howard Relief Steam Fire Engine Company, by City Marshal Canaday, are noble animals, and will doubtless prove as serviceable as they certainly are handsome and well proportioned. Delivered in this city, the cost of the animals was $605, which is considered less, we believe, than was paid for the "Rankin's" horses. The animals for the mounted policemen are also fine looking ones for the price and a trial of their metal yesterday, showed that they work well. The four cost $580.

Miller Street to be Opened.

We learn that an order has been issued by the Mayor and Board of Aldermen for the opening of Miller street from MacRae to Sixteenth street, a width of 66 feet. The Sheriff of New Hanover will be notified to summon twenty men, from which number a jury of twelve will be drawn on Saturday, the 19th day of November, at the Court House, for the purpose of viewing the property and assessing the value to the owners of the same.

Directors.

At a meeting of the Governor and Council held on Friday the following were appointed directors of the Wilmington, Charlotte and Rutherfordton Railroad: Messrs. Harris and Jenkins opposed their appointment. Wm. Sloan, Mecklenburg, R. C. Badger, Wake; G. W. McKee, Gaston; James McDonald, Cabarrus; J. S. Cannon, Norfolk, Va.; J. F. Aydlott, Cleaveland; S. P. Sherill, Lincoln.

GEO. W. REBLET,
Superintendent Foreign Department, New York Postoffice.

Ordination.

Revs. Joseph B. W. N. Townshend and Jas. A. Duncan were promoted to the dignity of the Priesthood at St. Thomas' (Catholic) Church yesterday, a large number of persons being present on the occasion. Sunday night Bishop Gibbons delivered an able discourse on the duties of the Priesthood.

—P. F. Duffy, Esq., a good writer and editor of first-rate abilities, has taken a position on the Editorial staff of the Greensborough *Patriot*.

—The Newbern Academy was opened free on yesterday morning. Prof. Geo. W. Neal has been appointed principal, and Miss Rachael Brookfield, assistant. Miss Esther Stanley will have charge of the primary department.

—The Statesville *American* learns that quite a number of persons from other sections, in and out of the State, are prospecting with a view to purchase farms in Iredell, and that they are well pleased with the lands, several having make purchases and in a short while will remove their families and become citizens.

—The *Sentinel* says: Up to 2 o'clock, Saturday, there were about two hundred entries for exhibition at our State Fair, embracing articles in almost every class; agricultural implements, fine horses, heavy draft horses, domestic productions, cattle, hogs, sheep, poultry, articles of vertu, &c. From present indications, we shall have a most successful exhibition and Fair, both as regards the collection of specimens and attendance of spectators, and we can assure all who may come that nothing will be omitted to make their sojourn at the City of Oaks, pleasant and profitable. Twist and Flyaway are already at the Fair ground. Pachen, Paschaw and two other celebrated trotters are on the way. The trotting will be better than was ever witnessed at a North Carolina Fair.

Coal and Scales.

The coal traffic over the Lehigh Valley R. R. of Penn. is enormous. A slight idea can be formed from the fact that forty thousand tons of coal have been weighed each week, for three years, upon a single track scale built by Messrs. E. & T. Fairbanks & Co., making a total of six million two hundred and forty thousand tons. This does not include that weighed upon the dozen or more other scales at their make upon the said road. Messrs. Fairbanks are now manufacturing nearly 1,000 scales each week, of their various modifications, and are much behind their orders. It
