Yesterday, at Exchange Corner, Messrs. Cronly & Morris, Auctioneers, sold the piece of property belonging to the Bennett Flanner estate, situated on Point Peter, for \$2,600; also the wharf property known as the "Flanner Wharf," for \$7,500. The sale of the other property advertised to take place at the same time was postponed until Tuesday, the 22nd inst. See advertisement.

The "National."

Mine host of the National Hotel, over the way, has recently indulged in some very decided improvements upon both the arrangement and appearance of his house, an evidence of prosperity which we are glad to see. The refreshment saloon has also been removed to a more convenient locality in the basement, and a neat sign informs the hungry traveler where he can get a "square meal" and rest for his worn and weary limbs.

The Davenport Brothers.

The celebrated Davenport Brothers, who open in this city on Monday night, have completely mystified and befuddled the amusement seekers of Richmond and Norfolk. They offer no explanation of the mysteries of their performances themselves, and no one in their audiences has been able to fathom them. One of our Virginia exchanges says: "Conjuration, legerdemain, spiritual manifestations, or whatever else they are, these feats afford a most delightful pastime, and open a wide field of inquiry for the speculative mind."

Habeas Corpus.

In the case of John Taylor, recently ec mitted by Parson Sinclair for trial before Superior Court of Robeson county on the charge of being an accessory to the murder of one Make Sanderson, as we learn from the Robesonian, application was made to dudge Russell on Tuesday last, he being at that time holding Court at Rockingham, for awrit of habeas corpus, which was granted and the Sheriff of Robeson commanded him to have the body of John Taylor, with the cause of his detention before him on Wednesday at Cham; bers in Rockingham. DR. WM. H. TUTT'S Vegetable Liver Pills.

DYSPEPSIA OR INDIGESTION. This is the prevailing malady of civilized life, and one for which relief is always anxiously sought. This disease in a measure, is occasioned by the irregularity and want of action in the liver, biliary ducts, gall, bladder, etc.—
Headache, Pain in the Shoulders, Coughs,
Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in Mouth,
Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

These PILLS possess that peculiar power of inv gorating the stomach, and stimulating the liver and torpid bowels, which renders them of unequalled efficacy in cleaning from the blood all impurities, and imparting new life and vigor to the whole system.

LIVER COMPLAINT, BILIOUSNESS, JAUN-DICE. The Liver is one of the most important organs of the body; and when it becomes deranged, and fails in its healthy action, the bile ranged, and fails in its healthy action, the bile is crowded back into the blood, poisoning its life. If there is a deficient secretion from the liver, it becomes swollen and engorged, and and inflammation is set up. Dr. Tutt's Vegetable Liver Pills have a direct and powerful action upon the Liver, and will, with great certainty, relieve Torpidity and Congestion of this important organ. In obstinate cases of the liver, larger and more frequent doses must be taken. Prepared by

DUCED BY IT. A SALLOW or yellow color of the Skin, or vellowish brown apots on the face and other parts of the body; duliness and drowsiness, sometimes headsche; bitter or bad taste in the mouth; internal heat; in many cases a dry, tessing cough ; unsteady appetite; sometimes a sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowers, piles, flatulence, cold-

ness of the extremities, &c.

The Liver is one of the most important organs of the body, and the whole process of digestion and assimilation depends upon a healthy performance of its functions. When t becomes deranged, and falls in its healthy action, these important functions in the animal economy are interrupted, and in addition, the bile, being crowded back, is reabsorbed and carried into the blood, poisoning its lifegiving qualities, giving rise to sallowness of the complexion, Biliousness, Jaundice, Headache, Despondency, and the whole train of hypochondriac feelings. As the bile is the natural purgative by which the bowels are stimulated to carry off the excrementitious maiter, if there is a deficient secretion of the Liver, costiveness results, and in its turn aggravates all these various disorders. Under these circumstances, if the Liver is not stimulated to healthy action by appropriate semedies, it beer mes swollen and engorged, and inflammation is set up. Dr. Lawrence's Koskoo has a direct and powerful action upon the Liver, and will with great certainty relieve torpidity and congestion of this important viscera, and on this account is superior to any other medicine yet brought to the notice of the public. In these various deragements of the Liver a full dose of the Kosmoo should be taken regularly, with a view to its alterative effect upon the Liver, gradually restoring it

to its former healthy action. FOR SALE BY J. W. LIPPITT & CO., AND oct 21-com
