BER RAREAUSTREE MELWING Bishop Gibbons.

This distinguished divine lectured at St. Mary's Church, Norfolk, Sunday evening, before a large and attentive audience. The Virginian says the theme of the Rev. prelate's lecture was principally a description of the Ecumenical Council, which lately held its sessions at Rome. He opened by giving the reasons which caused the assembling of the Bishops of the Church, and stated the number in attendance. He remarked that all the nations of the earth, save one, were represented, and that every language and dialect spoken had there its exponent. The lecture throughout was listened to with deep interest.

PREPARATION OF

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fra-grance; the action of a flame destroys this (its active principle), leaving a dark and glutin-ons decoction. Mine is the color of ingredi-ents. The Buchu in my preparation predomi-nates; the smallest quantity of the other in-gredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopæa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. #### The Special Court.

The following resolutions in reference to the Special Court were adopted at the meeting of the Board of Aldermen on Monday night. It will be seen that the Board takes strong grounds in favor of the continuance of that institution in our midst, and as a matter of news we lay them before our readers.

3. Resolved unanimously. That the sense of this Board upon the subject of the City Court be communicated to our members in both branches of the Legislature, with the request that the same be laid before their respective bodies, and their assistance be requested in continuing the Special Court.

The alarm of fire last night, about a quarter to 11 o'clock, was occasioned by the burning of a dwelling house on the Southwest corner of Fifth and Church streets, the property o, Mrs. E. A. Sholer, and occupied by colored people. The entire building was destroyed, but fortunately several other small buildings in immediate proximity were saved. The house was insured for \$700, which it is though will cover the loss.

Lack of water, as usual, was experienced. The engines were promptly on the ground, but only the "Rankin" and one of engines manned by colored firemen could get water. The Hook and Ladder Company was also on the ground and did good service.

WHAT THE CITY PRESS SAY: PRIZE DRAWING.—Quite a crowd assembled at the Theatre yesterday noon, to witness the Grand Drawing of the North Carolina Bene-ficial Association. There were 100 prizes in all, and little rolls of paper separating these were placed in a wheel on one slide, while the tickets were in another wheel opposite to the former. Between the two was a table, at which sat the Judges and Mr. John London, Commissioner. The wheels were made with glass sides, so that everything within them could be seen and were securely locked, until the drawing began. This was done by means of two little boys, who were securely blind-folded, one drawing a number from one of the wheels and the other the prize to correspond with it. There is no question but that the drawing was done in a perfectly fair and just manner.— Wilmington Daily Journal, Dec. 2nd.
