THE MORNING STAR.

NOON REPORTS.

From Washington.

WASHINGTON, Jan. 11.

MISCELLANEOUS.

Gen Clayton has been elected Senator from Arkansas.

Reports received here represent that there are but three candidates for the Kansas U. S. Senatorship. The correspondent of the Missouri Democrat telegraphs that Ross, who voted against Johnson's impeachment, has no chance.

The Alumni of Yale College has elected W. M. Evarts to the Presidency of that Institution.

A disorderly meeting adverse to Gladstone occurred in London last night.

Major Perry Fuller, Collector of Customs at New Orleans, under Johnson's administration, is dead.

CONGRESSIONAL.

HOUSE.—The Committee on Agriculture is submitting reports.

SENATE.—Revels is speaking on the proposition to extend government aid to the Mississippi levee improvements.

From Pennsylvania.

HARRISBURG, Jan. 11.

John Cavode, member of Congress from this State, is dead. He died of heart disease.

From New York.

NEW YORK, Jan. 11.

The steamship Ville de Paris arrived this morning.

An Aspinwall correspondent says: "I am informed by a Cuban officer of a plan organized to seize the steamer Ocean Queen from New York on the 3rd. Gen. W. A. C. Ryan of Cuban celebrity sailed in the Ocean Queen under the assumed name of Ashbury, after slipping upon that vessel 2,000 cases of arms and ammunition. Two or three hundred Cuban troops are expected to go abroad as passengers and during the voyage seize the steamer, land the troops and arms at some point and then release the steamer. Two hundred U. S. troops aboard the Ocean Queen, which was bound for California, alarmed the Cuban troops who remained ashore. Ryan is going alone to Aspinwall, where the stores will be landed.

"Subsequently the Hornet arrived, shipped the stores and departed for a Cuban port."

Foreign News.

LONDON, Jan. 11.

The Brussels Echo to-day says the militia have again been summoned to the Belgian frontier, and the staff officers have already arrived in the neighborhood of Longroy.

The Prussians continue the investment of Givet near the Belgian border.

Berlin letters to London journals assert that the London conference is likely to consider the question of peace should Paris surrender during the session.

OUR NIGHT REPORTS.

FROM WASHINGTON.

WASHINGTON, Jan. 11.

MISCELLANEOUS.

The Tennessee, fitted out to convey the Dominican commissioners, has been ordered to Norfolk to await orders.

The postoffice committee have agreed to report favorably upon the San Francisco and Australia mail steamship line with a subsidy of $500,000 per annum.

Nominations—Willis Drummond, commissioner of general land office. Chas. P. Goodyear, collector of customs at Brunswick, Georgia.

The judiciary committee of the House heard fifty women upon the point that the 15th amendment conferred female suffrage.

It is not true, as some correspondents have stated, that the President intends to send a reconstruction message to Congress. It can be positively asserted that what the President proposes doing is to transmit to Congress a large number of reports from military commanders complaining of outrages in the South, and in a brief message recommends that some means be adopted to secure protection.

Now that the San Domingo joint resolution is adopted there is good reason to believe that the three commissioners will be ex-Senator Wade of Ohio, Andrew White, president of the Cornell University, and Bishop Simpson, with Gen. Frank Rigel as secretary. The expedition will sail as soon as these gentlemen are ready.

Hill, Miller and Farrow are claimants for seats in the Senate from Georgia. Those who watched the proceeding think the committee will stand five to two in favor of Hill and Miller.

CONGRESSIONAL.

HOUSE.—The diplomatic and consular appropriation bill is made the special order for Friday. It appropriates a million and a half of dollars.

A bill was introduced for the better protection of the Texas frontier.

A bill was introduced prescribing rules for the transportation of cotton.

The House went into a committee of the whole on the appropriation for the Louisville and Portland Canal and the Desmoines Rapids which passed.

Six hundred citizens and business men of Cincinnati petition against the bridge between Cincinnati and Newport on the proposed plan.

The agricultural committee are instructed to inquire what legislation is necessary to prevent or restrict the transportation of diseased cattle through the country.

Butler made an ineffectual attempt to resume amnesty. Adjourned.

SENATE.—The joint committee on the Ocean cables was considered. Sumner opposed the committee and the matter was postponed.

A bill for the improvement of the Mississippi Levees was referred to the committee on agriculture and labor.

The House amendment to the Dominica resolutions passed and goes to the President.

From New York.

NEW YORK, Jan. 11.

In the United States District Court this afternoon, Judge Blachford gave a decision in the case of the steamer Florida, libelled by the United States for alleged violation of neutrality laws. The Court held that the fact of the vessel being laden with war material was not a violation of law, and as there was no evidence before the Court to show that she had been fitted to cruise against a State with which the United States government was at peace, the vessel was released and the libel therefore dismissed.

From Newbern.

NEWBERN, Jan. 11.

A fire on Pollock street destroyed the Episcopal Church, Baer & Eppler's dry goods store and Nash's Book store. Loss sixty thousand dollars. Insured for twenty thousand dollars. The Church was not insured.

From Louisiana.

NEW ORLEANS, Jan. 11.

The Pouchartrain railroad has sued the Chattanooga railroad for five thousand dollars for trespassing the right of way and damaging the property, etc.

The negro children have been admitted by the social equality public school authorities into schools which were heretofore attended only by the white children.

From Virginia.

AND AGENTS FOR THE

Burdett Combination Organ,

Greatest Success of the Age!

THE disagreeable reedy tone entirely overcome in this instrument. The verdict is unanimous. We challenge the World to equal it! Our new scale medium-sized 7 octave PIANO FORTES are now ready, at low prices for cash.

The New York *Independent* of Sept. 16th, says of the BURDETT ORGAN:

"It is by far the most perfect reed instrument we have ever seen."

The *Christian Leader* of Oct. 2d, says:

"We had no idea that a reed instrument could be brought to such perfection."

The press and public everywhere who have had an opportunity of listening to its beautiful strains, accord it their unqualified approval, and cheerfully concede that it stands without a rival.

The great increase in the sale of our instruments, has enabled us to reduce our prices for

FIRST-CLASS PIANOS,

from ten to twenty-five per cent. less than any other house (offering the same grade of instruments) in the United States.

While we act upon the maxim of "quick sales and small profits," we make it, at the same time, a special object, to furnish our customers with instruments in no way inferior to the

Best in the Market.

EVERY INSTRUMENT FULLY GUARANTEED FOR SIX YEARS.

Many families have had a desire to obtain a Piano, but could not afford to pay the dealers a profit of from $100 to $200, neither do they wish to purchase a cheap made instrument, that would cost more to keep in repair than it is worth, hence a large class of our deserving people have been obliged to do without.

We can furnish New Seven Octave Piano Fortes from $275 to $950. Second-hand Pianos from $40 to $250. New Cabinet Organs, $45 to $1,000.

DR. WM. H. TUTT'S Vegetable Liver Pills.

DYSPEPSIA OR INDIGESTION. This is the prevailing malady of civilized life, and one for which relief is always anxiously sought. This disease in a measure, is occasioned by the irregularity and torpor of action in the liver, biliary ducts, gall bladder, etc. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms are the offspring of Dyspepsia.

These PILLS possess that peculiar power of invigorating the stomach, and stimulating the liver and torpid bowels, which renders them of unequaled efficacy in cleansing from the blood all impurities, and imparting new life and vigor to the whole system.

LIVER COMPLAINT, BILIOUSNESS, JAUNDICE. The Liver is one of the most important organs of the body; and when it becomes deranged, and fails in its healthy action, the bile is crowded back into the blood, poisoning its life. If there is a deficient secretion from the liver, it becomes swollen and engorged, and inflammation is set up. Dr. Tutt's Vegetable Liver Pills have a direct and powerful action upon the Liver, and will with great certainty, relieve Torpidity and Congestion of this important organ. In obstinate cases of the liver, larger and more frequent doses must be taken.
