The many friends of Rev. Dr. C. F. Deeme in this city were glad to great his arrival among us yesterday morning, and to learn that it is his intention to remain during the remainder of the week. It has been suggested to us that it would add, perhaps, to the usefulness and success of the Cape Fear Agricultural Association if the ring the present session of the Legislature, they woold petition for a change of the title to the "Cape Fear Agricultural and Mechanical Association." It can do no harm, and we are pretty well assured that it would accomplish some good.

Escape of Prisoners.

Sheriff Eldridge, of Bladen county, informs us that two of the three prisoners confined in the jail of that county, broke out and escaped on Monday night last. The time of sentence of Jesse Pope, colored, one of the escaped prisoners, would have expired in seven days, and the time of the other, Richard Merrick, would have been out at the approaching session of the Superior Court. The most singular thing about the affair is the fact that the only prisoner whose crime was of any magnitude remained in the jail. This war, one Coltime since of a man by the name of Medley, at Rosendale, in that county and is now awaiting trial before the next Superior Court. John Whiteman, a colored man, bases his claims to the position of City Marshal, we leern, on the fact that the colored people of Wilmington should certainly be entitled to the second office in the gift of the Board of Aldermen, aspecially when it is considered that the votes placed them in their present position. They are represented in the Board, but they think they ought to have one office at least, that pays something. But we oning that they are doomed to disappointment,-They are very useful when there is any voting to be done, but when it comes to dividing the spoils their services can be dispensed with. DYSPEPSIA OR INDIGESTION. This is the prevailing maindy of civilized life, and one for which relief is always anxiously sought. This disease in a measure, is occasioned by the irregularity and want of action in the liver, biliary ducts, gall, bladder, etc.—Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in Mouth, Bilious Attacks, Palpitation of the Heart, Infammation of the Lungs, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia.

These PILLS possess that peculiar power of inv gorating the stomach, and stimulating the liver that torpid bowels, which renders them of unequalled efficacy is cleaning from the blood all impurities, and imparting new life and vigor to the whole system.

LIVER COMPLAINT, BILIOUSNESS, JAUNDICE. The Liver is one of the most important organs of the body; and when it becomes deranged, and fails in as healthy action, the bile is crowded back into the blood, personing its life. If there is a deficient secretion from the liver, it becomes swollen and engorged, and and infammation is set up. Dr. Fust's Vegetable Liver Pills have a direct and power.

There were 100 prizes in all and little rolls of paper separating these were placed in a wheel on one side, while the tickets were in another wheel opposite to the former. Between the two was a table, at which sat the Judges and Mr. John London, Commissioner. The wheels were made with glass sides, so that everything within them could be seen and were securely recked, until the drawing began. This was done by means of two little boys, who were securely blindfelded, one drawing a number from one of the wheels and the other the prize to correspond with it.
