RIVER AND MARINE NEWS.

SATURDAY, Feb. 18. Between nine and ten o'clock yesterday morning the highest tide that has been noticed for years in the Cape Fear attracted the attention of persons who were about the wharves. On the opposite side of the river everything appeared to be under water, and it was re marked that the entire causeway from ferry to fer y was submerged. Such tides are very lower streets of that town are covered to a sufficient depth to allow the passage of boats and canoes through them, but even such an one as we had yesterday is very rare in this locality. The high water was no doubt partly caused by the heavy freshet up the river.

Temperance Lecture.

Our readers will bear in mind that Bishop Gibbons will deliver a lecture on Temperance on Tuesday evening, the 21st inst. The lecture will be delivered in the Theatre, and the proceeds will be applied to the benefit of Mt. Olivet Council Friends of Temperance, of this city. Bishop Gibbons, as most of our citizens are aware, is a gifted and polished speaker, who never tires an audience, and whose every word and gesture carries with it a significance. But aside from the interest which his lecture will necessarily awaken, and which should induce a large audience to be present on the occasion, if only for the intellectual enjoyment which will be experienced, every one should be anxious to contribute something in the way of material aid to the encouragement and support of the cause which is to be benefitted thereby. No one will dispute the fact that the Friends of Temperance, as an Order, has accomplished much good in this community, and with proper encouragement from those who should feel the most earnestly and deeply interested in the success of its mission, it will be enabled to enlarge and increase its useful-

Tickets (25 cents) can be procured at the Book Stores, or at the door.

A Suggestion.

If our friends in Robeson can secure the services of Col. Kenneth Murchison, of Harnett county, and give him fifty picked men, we will guarantee the extermination of Henry Berry Lowrey and his gang of cut-throats.

We know that money would be no inducement to Col. Murchison to undertake this work; but patriotic motives might move him to tender his services if requested. We have seen Kenneth Murchison tried; and

we know the kind of stuff he is made of.

Renckert and Grabau, assisted by talented amateur vocalists, will certainly take place at the Theatre to-morrow evening, without fall. There has been such a dearth of amusements here this season that we imagine very lew of our citizens will let this opportunity pass of hearing such excellent music as will be dispensed by the talented gentlemen alluded to and their experienced assistants in vocalism. the telegrams; he declined to do so. J. G. Cooley: I am telegraph operator at Hillsboro, N. C.; subposned on the 30th of January, with an order to bring all telegrams I had relating to the troops at Company Shops, N. C.; have received or-ders from my Superintendent, not to answer questions or produce any telegrams; I have them here with me, and I refuse to do either.

The Chief Justice directed the witness to file his telegrams and the matter stand open for discussion. [Witness filed telegrams wanted with the Clerk.

John Bragg called and sworn: Lam Assistant Operator in the Telegraph office of this city. In obedience to orders received Mr. Starke, Manager of this office, boxed up all messages or telegrams, I think, of last year and forwarded them by Express to W. Hunter, Supply Agent Western Union Telegraph Co., No. 145, Broadway, New York City. As well as I recollect they were sent about the middle os January last.

John B. Neathery sworn: I was the Private Secretary of Gov. Holden: I was afterwards appointed Inspector of the oth Brigade of Militia, and reported, order to the Adjutant General, twhere I was told that I was wanted as Paymaster General; afterwards at the Treasury, I received \$40,000; I paid \$10,000 of it to Mr Berry, an acting military officer, on a verbal order from Governor Holden and the Adjutant General; it was intended for Colonel Clark's 1st regiment; I went to Graham, found there Kirk's regiment; paid officers and men; I paid out in all about \$45,000; I gave no bond; the Governor assigned no reason for my appointment; had heard of the injunction restraining the Treasurer from paying out money for this object; the Governor said nothing as to the necessity of appointing him (Neathery) as Paymaster; I never heard Governor Holden mention Mr. A. D. Jenkins as paymaster; Mr. Jenkins received the order to pay me the money; he sent for me; Mr. Jenkins said Mr. A. D. Jenkins had been, or would be, instructed to deliver over certain messages to me; I received the money Sunday night, upon a message from Mr. Jenkins; I had no knowledge of the troops being clamorous for their pay; we occasionally did some business on Sunday: during the month of August I carried a letter to the Chief Justice at Richmond Hill, Yadkin county; I was furnished with money to pay expenses for the trip by the Governor; I went to the Chief Justice's, where I staid about two hours: Mr. Ball, a lawyer of Greensboro', was present at the Governor's house when I started: he told me about the road and the best conveyance from Salem; Mr. Ball stated that he had been to see the Chief Justice, and told the Governor, in my presence. that the Chief Justice would come down. and would be more likely to come if I took a conveyance that would bring both; returning, witness and Chief Justice reached Raleigh on the third day, at half past 1 a. m.; I made haste; I don't know it was the same day the writs were re-

NEW ADVERTISEMENTS

A STITCH IN TIME SAVES NINE. If you have a Cough, do not neglect it! thousands go to an untimely grave by neglecting what they call "a slight cold." These slight colds are very insidious. They soon become deep-seated, and defy all remedies. DR. TUTT'S EXPECTORANT will cure it. It can be had of any Druggist.

POISONOUS MEDICINES. The theory that the virus of disease can be afely counteracted by doses of poison, is false and dangerous. Within the last twenty-five years, not less than a score of virulent poisons have been added to the repository of the medical profession. They are given in small doses. otherwise they would destroy life immediately; but even in minute quantities, they produce, ultimately, very disastrous effects. It is unwise and unphilosophical to employ, as remedies, powerful and insidious drugs, which, in subjugating one disease, sow the seeds of another still more unmanageable. None of these terrible medicaments operates with as much directness and certainty upon the causes of disease as Hostetter's Stomach Bitters, a tonic and corrective, without a single deleterious ingredient in its composition. Arsenic and quints are given for intermittents; bromide of potassium for nervous disorders; strychnine and prussic acid for general debility; mercury, in various forms, for liver complaint; preparations of chloroform and opium for sleeplessness; and yet these deadly drugs do not compare, as specifics for the diseases above enumerated, with that wholesome vegetable invigorant and alterative, while they are all so pernicious that it it astonishing any physician should take the responsibility of prescribing them .-Let invalids, for their own sakes, try the Bitters before they resort to the poisons. The relief shey will experience from a course of the harmless specific, will render a recourse to the unsafe preparations referred to, quite unnecessary. [feb 19 eodlw Sun Wed Fri
