Local News. March is waking up. Etherial spring is here. Rain water is soft, but rarely pure.

Weather Report. The following is a synopsis of the weather reports for the past 24 hours:

War Department, Office of Chief Signal Officer, Washington, March 3—4:35 P. M.

The rain which was reported yesterday evening has extended principally north and eastward.

Cloudy weather and fresh winds will probably prevail throughout the country. A serious disturbance is apprehended as advancing from the extreme northward.

Fire at Laurinburg. We learn from Capt. F. M. Wooten, who came down on the Wilmington, Charlotte and Rutherford Railroad, yesterday afternoon, that fire was discovered in the store of Mr. A. F. Bizzell about one o'clock this morning.

The March Winds Doth Blow. Yesterday the March campaign was fully inaugurated and "rude Boreas, blustering raller," sent the dust in blinding volumes through the streets, throwing it into the eyes of unfortunate pedestrians.

Another Robeson Desperado Captured.

Passengers on the Wilmington, Charlotte and Rutherford Railroad, yesterday afternoon brought the gratifying intelligence that Tom Lowrey, another of the band of desperados, and a brother of the notorious Henry Berry Lowrey, has been captured.

The Theatre.

A very fair audience, both in numbers and respectability, greeted Wilmington's favorites, the charming Chapman Sisters and Bishop, at the Theatre last evening.

Unmailable Letters.

The following is a list of unmailable letters remaining in the postoffice in this city:

J. S. Redfield, N. Y., and Messrs. Samuel Orendorf & Son, Baltimore, Md.

Fine Forest Cemetery.

There were thirteen interments in Pine Forest (colored) Cemetery during the month of February, of which number six were adults and seven children.

Resisting an Officer.

The case of Wm. Burney, of Franklin Township, charged with resisting an officer of the law in the discharge of his duty, came up before Justice McQuigg yesterday morning.

An Infant Smothered to Death.

An inquest was held by Coroner Hewlett, yesterday morning, at the corner of Sixth and Castle streets, over the body of a colored infant, three weeks old, found dead in bed on Thursday morning.

Gardening for March.

As there is much attention paid to gardening in various parts of the city, we remind such of our readers as have not already attended to the matter, that during this month lettuce and cabbage may be transplanted; cabbage seed may be sown in open borders; peas, beets, spring kale, carrots, lettuce, onions, parsley, parsnips, radish, spinach, and herb seed, may also be sown.

Steam Fire Engines.

As the question of purchasing another steam fire engine for this city is now agitating the community, we would state that, as the volunteer fire department of Philadelphia has, by recent action of councils there, given place to a paid department, their apparatus, consisting of forty-seven steam fire engines, about one hundred hose carriages, etc., belonging to the individual companies, is now offered for sale.

High Court of Impeachment.

[Condensed from the Daily Telegram.] THURSDAY, March 3. Joe Harvey, colored, sworn: I live in Alamance, about two years this March, 12 disguised men came to my house, burst into my house, tied me, took me about a mile, tied me to a tree, took my clothes off, each one struck me five licks and then afterwards hit me three more licks on my bare back; some one struck my child five months old; at least it looked like it; shortly afterwards it died. They struck my wife on the side of the head; she hasn't been well since; witness very positive as to the exact number of licks struck him; they accused me of knocking down a white woman; I denied it, though I had a dispute with a white man; they swung me up off the ground; I was very weak; they said I was "playing possum," then it was each gave me the three, extra licks; I thought I knew some of the party had them arrested, but I was mistaken; I never was found guilty of stealing; I had a dispute about a crop; yes I was convicted of stealing, and the Judge dropped the case; after that I was whipped; I had never been whipped before; on the breast-works around Raleigh, I was whipped for running away; my boss has whipped me; he has charged me with stealing too; Mr. Harden, Justice of the Peace, discharged the men I had arrested; I then went to Mr. Bulla, the Solicitor; he sent me before the Grand Jury; I didn't say the men struck the child for certain; I lived a mile from Graham; I didn't send

for a doctor; no white person saw the child before it died; I belong to the Loyal League; I was cropping on shares; had difficulties; went to the Barron; officer told me to go back, take what I wanted; I did so, and the owner got a writ out after me.

Cordy Mebane, colored, sworn: I live in Alamance; last fall a year ago twelve disguised men broke in my house, took me out and carried me a quarter of a mile down the road, pulled off my clothes and whipped me entirely naked; I think they must have given me 300 with hickories; couldn't tell exactly; whipped me pretty hard; whipped on the back; all of the party took a hand; it was about 12 o'clock at night; I made no resistance; they whipped me because I belonged to the Union League; no other cause given; didn't know any of them; there was never any indictment for this; after they got through they told me to go home; never saw any more disguised men afterwards; I didn't go to work for three days; I was not charged with stealing anything—only with being a Leaguer.

Sally Holt and her daughter Polly Holt (white) sworn: nothing important elicited.

Ned Stroud, colored, sworn: I live in Orange now; been living there two years; in Alamance three weeks before Christmas, living at Mr. Will. Thompson's, driving a wagon for him; four white people living on his land; he gave me a horse and land to go to work; disguised men, about a week after I got fixed, came to my door, asked me to come out, they wouldn't hurt me; on opening the door they seized me; one got my gun and broke it; another pitched my axe out; I didn't know any of them; they went up stairs and scared my two little children; run 'em down stairs; made me take out everything in the house; finally made me pull off my shirt and step up and hug a tree; they struck me 25 or 30 licks; told me to put on my clothes, and if I said anything they would come back in a week and burn the house and me in it; there was about 16 in the party; didn't take me more than ten steps from my house; my wife and 8 children were present; only one man whipped me; never saw disguised men before or since; I didn't know who to indict for this; if there was any desire among the others living on the land for me to leave they never said so.

John Overman sworn: I live in Chatham county; 10 disguised men a year ago came to my house, burst my door in, took me out of bed, sat me down on the floor; crapped my beard and hair on one side, then took me out, and each gave me 2 licks; I knew one of them, Cicero McPherson; knew him by his voice; known him 3 or 4 years; he lived about a mile from me; he accused me of "pitching around a certain woman;" I was a married man, and I was guilty of keeping another woman; my wife growled a little about it; I haven't quit my habits yet; I think I deserved all the whipping I got. [This witness certainly was the most candid of the evidence, which was mainly in reference to whippings by disguised men, and to prove the existence of what the witnesses termed Ku Klux in Alamance, Chatham and other counties.]

There is no excuse for those who drag their weary and disordered bodies into our country, with a few doses of AYER'S SARRI-PARKILLA would cleanse their murky blood and restore their health and vigor. Ye muddy victims of bilious disorders, show regard for your neighbors, if not for yourselves.

Neither falling teeth, nor the peeping wrinkles of time, so forcibly tell of advancing years, as your gray hair; AYER'S VIGOR restores its color and makes your appearance more agreeable to others, as well as yourself. With fresh, luxuriant hair, the infirmities of age are far less noticeable.

FRIDAY, March 3. Capt. Harper, of the steamer Oldham, up from below this morning, reports that the Barques Geo. S. Hunt, J. W. Barrs and Schooners Willie Dill, John, Donna Anna, Comogey and Geo. H. Squyers, are in below, bound out.

THE PAIN KILLER. WE ASK ATTENTION TO THIS UNRIVALED Family Medicine.

The PAIN KILLER is, by universal consent, allowed to have won for itself a reputation unsurpassed in the history of medicinal preparations. Its instantaneous effect in the entire eradication and extinction of Pain, in all its various forms incidental to the human family, and the unsolicited written and verbal testimony of the masses in its favor, have been, and are, its own best advertisement.

For evidence in favor of the PAIN KILLER for Ministers' Sore Throat or Bronchitis, read the following: GENTS.—The Pain Killer has been a constant occupant of our house for over two years, and a portion of the time it has been the only medicine under our roof. Hardly ever do I have my children complain of being sick without having them ask in the same sentence for Pain Killer.

For several years before I became acquainted with the Pain Killer, I had suffered a great deal from an affection in my throat, thought by some physicians to be Bronchitis; by others written letter, in commendation of Perry Davis' valuable medicine, will be of any service, you are at liberty to do with it as you please. Very truly yours, EDGAR CADDY, Owatonna, Minn., Missionary of the A. B. Home Mts. Society.
