Splendid Engravings. We had a call yesterday, from Mr. J. H. Dancan, for Virginia, who visits our city as

agent for the sale of a splendid steel engraving of Gen. Robert E. Lee. These engravings are exceedingly well executed and are pronounced by competent judges to be by long odds the most accurate and life-like picture of the great Chieftain now extant. They are sold by subscription under the anspices of the Lee Memorial Association of Lexington, Va., and the proceeds will be devoted to building a monument at the tomb of Gen. Lee, at the Washington and Lee University, Lexington, Va. Mr. Duncan was formerly a Confederate soldier, having lost a leg in the service, and comes to us well recommended. He will call on our citizens, and all who are willing thus to contribute to the building of a monument to the memory to the great and good man will have an opportunity to do so, and at the same time have as perfect a likeness of him (life-size) as can possibly be published.

Skating Beception.

Those of our readers who have not yet wit nessed the skatorial feats of the Southern champion, Mr. W. H. McClure, and Miss Georgia Briggs, we advise to attend the first reception, under the new administration, given by Mr. James M. Brown, who assumes the superintendency to-night. Mr. McClure will positively perform his inimitable feat of the "Breginner on Skates." This will be the last appearance of Mr. McClure and Miss Georgia Briggs in our city ere their departure for Raleigh. We commend Prof. Briggs and his gers, and that the balance of the street be riends of the press in that city, while we express the hope that their relations with them may be as pleasant and agreeable as have characterized our own.

Neuralgia, &c. Sufferers from neuralgia may be pleased to learn that a medical correspondent of the London Lancet writes: "A few years ago, when in China, I ascertained that the natives when attacked with facial neuralgia used oil of peppermint, which they lightly applied to the seat of pain with a camel hair peneil. Since then, in my own practice, I have frequently employed this oil as a local anæsthetic, not only in neuralgia, but also in gout, with remarkably good results."

George Owen, colored, arrested on a warrant issued by W. H. Merrick, J. P., on a charge of larceny, was committed to jail, yeslerday, in default of security in the sum of \$50, to await an examination before the above named Justice on the 9th inst.
