Weather Report. Office of Chief Signal Officer, Washington, March 9-4:35 P. M.

The following is a synopsis of the weather reports for the past 24 hours:

The low barometer which was, on Wednesday evening, contral over Iows and Missouri, after extending its influence with high winds to the Gulf, has traveled due northward and now covers Lake Superior. Higher southerly winds and gales have been experienced from the Gulf northward, with heavy rain in the Gulf States, and light rains and snows on the lakes. The pressure has somewhat recovered. Gulf States, and light rains and snows on the lakes. The pressure has somewhat recovered in the Gulf and South Atlantic. It has remained nearly stationary on the Middle and East Atlantic, with cloudy and threatening weather. A special offshoot from the low pressure in Missouri passed westward through Kentucky into West Virginia, and is now pursuing a northeasterly course along the Atlantic coast with all the characteristics of a feeble

Fair weather is indicated for the Gulf and South Atlantic States on Friday, fresh winds on the Middle and East Atlantic and lower lakes, and brisk winds on the upper lakes.

Opening Letters.

In an opinion delivered at Erie, Pa., recently, Judge McCandless laid it-down as a law, that "a letter sealed by the humblest person in the land cannot be opened by any official through whose hand it passes, but must be held sacred, and not even the Postmaster General has a right to break the seal."

Strating Intelligence. The first "weekly Award" distribution under the new arrangement will come off at

Alarm of Fire.

The alarm of fire, about half-past 3 o'clock yesterday afternoon, was caused by the burning of a foul chimney on Orange, between Fifth and Sixth streets. The alarm created much excitement, as the wind was blowing a gale at the time. The engines were out promptly, but fortunately this time their services were not required.

A correspondent informs us that a man by the name of Lawrence, who had been employed by Mesers, Knight & Son in the Pee Dee Herald office, at Wadesboro, was found dead in a gully about two miles West of that place, on the morning of the 8th inst. He had quit the Herald office of his own accord, expressing his intention of going to Salisbury, and was last seen alive about dark on the evening of the 7th. He had been intoxicated for several days and is supposed to have fallen into the gully and drowned. No marks of violence were found on his person.

Lawrence was an excellent printer, represented himself as a native of Wheeling, Va., and has a brother by the name of John Lawrence living in Petersburg, Va. He was an intelligent and clever gentleman, and represented himself as having travelled over the United States. He was employed for some time in the office of the Charleston Courier. He was aged about 55 years.

A jury of inquest was being held when our correspondent wrote and was expected to render a verdict yesterday.

The few articles belonging to the unfortunate man are preserved and any further information can be obtained by addressing the editors of the Pee Dec Herald, Wadesboro, N. C. Mr. Lawrence was well known in this city. having on several occasions been employed on the Journal and other newspapers here.

Aiken Premium Land Sale.

In calling attention to the great premium land sale of the Derby Farm, at Aiken, S. C. advertised in another column, we desire to direct special attention to the fact that every purchaser of a ticket receives a splendid Engraving or a beautiful Chromo, fully worth about 130 bars of railroad iron, the estimated the price paid for the ticket, as a premium.

The Editor of the Augusta Chronicle and Sentinel has examined these pictures, and find, them really beautiful and valuable . works of art. The large steel engravings, "The Mar-American Autumn.1 will be attractive orpa-

Robeson Superior Court-Trial of Henderson Oxendine and Tom Lowery-Henderson Oxendine Convicted of

Murder-His Immediate Execution Probable.

We learn from the Robesonian of jesterday that the case of Tom Lowery, for highway robbery, for resisting a legal officer and breaking the county jail, came up before the Superior Court of Robeson, and that he was convicted in each case, but that judgment had not yet been pronounced in either.

Henderson Oxendine was arraigned on Tues day afternoon to answer an indictment found against him during the present term of the Court, for the murder of Stephen Davis, in October hat. The prisoner being without counsel, his Honor assigned for the defence, Col. W. McL. McKay, John G. Blue, Esq., and Col. Nat. McLean. The State was represented by the Solicitor, ably assisted by Col. N. A. Mc-

Lean and Thos. H. Sutton, Esq. The evidence was of the most positive and convincing character, and though the counsel for the defence labored hard to find a way of escape for the prisoner, the jury after an absence of a few minutes, returned a verdict of

There is no possible ground of appeal, and the sentence of death solemnly pronounced upon the prisoner yesterday morning will be executed without delay.

A special senire of 75 men had been summoned to be in attendance on Thursday for the trial of Tom Lowrey, on an indictment found against him for the same murder of which Oxendine was convicted.

A Terrible Disaster—Four Lives Lost. A fearful accident occurred on the river about 6 miles below this city, yesterday, by which four persons lost their lives. About ' o'clock yesterday morning the sloop Flash, in charge of Capt. Dunbar Davis, and loaded with railroad iron from the Brig Belle Waters, now lying at the bar, left Smithville for this place, having on board, among the passengers, Mrs. Alwilds Piver, wife of Mr. John Piver, of Smithville, together with her child, about two years old, and a colored woman by the name of Phoebe Gause, of Smithville, who also had a child with her. When the vessel had reach ed what is known as Bulkhead shoals, between the upper and lower jettees, a brisk wind set in and the Captain commenced taking in salls. In the act of doing so some of the ropes became entangled and while making an effort to loosen them a heavy flaw struck the sails, careening the vessel to one side, which shifted the Iron to the leward and caused her to turn over. At the time of the accident the two women and children were in the cabin, thus cutting off all possibility of their escape, as the water immediately rushed in upon them. Besides the captain, there were on deck at the time Mesers. Lorenzo Stanly, John Savage, Jr. Samuel Gumbee, and a colored man by the name of John Hill, employed as a hand. These were all precipitated into the river except Mr. Stanly, who succeeded in clambering upon the bottom of the sloop. While in this position he distinctly heard the cries of the unfortunate women in the cabin and their struggles to es cape from their watery prison. But he was as powerless to aid them as it was impossible for

their cries were husbed in death. The four men in the water, together with Mr. Stanly, finally succeeded in getting into the sloop's boat, when they cut the painter and started for this cliv, reaching here about 12 o'clock.

Mrs. Piver, who leaves a sorrowing husband and other relations to mourn her untimely and melancholy fate, was only about 22 years old. The colored woman was also quite young.

We learn that the sloop had on her deck value of which is from \$1,500 to \$2,000. There are conflicting opinions as to the probability of saving the iron. At all events the wor will be attended with much trouble.

At last accounts the sloop remained lu th ringe of Pocahontas' and "The Landing of position where she went down, and the bodies Columbus," and the beautiful chromo, "An of the unfortunate women and children had not been recovered.

Temperance Celebration.

The fourth anniversary of Mt. Olivet Council No., 9 Triends of Temperance, of this city, took place last evening.
