Furnituse Warehouse,

Mr. D. A. Smith, at his extensive Furniture Warerooms on South Front street, has completed his stock for the Spring and Summer trade. He certainly does the largest business of any house in the State in this peculiar line, and is therefore able to offer inducements to purchasers which could hardly be secured elsewhere. His stock comprises every article in the house-furnishing line and housekeepers will consult their interest by giving him a call, NOTICE.

WM. H. BERNARD,

The Presbyterian "Sociables."

We are glad to learn that the first of the series of monthly "Sociables" by the ladies of the Presbyterian Church, which took place at Masonie Hall on Wednesday night last, was entirely successful. The City Hall, we are informed, will be procured for the next "Sociable," as there was hardly room sufficient to accommodate the large number present at the last, and as the next will take place in the midst of the strawberry season the crowd will no doubt be much larger.

Prisoners for the Work House.

Sheriff Richardson, of Columbus county, arrived here yesterday with four prisoners for the County Work House. These were as follows: Dock Harroll, convicted of manslaughter, 12 months; Wm. Davis, colored, larceny, 12 months; Hector Graham, colored, assault and battery, twelve months; Bill Scott, colored, larceny, six months .-They were lodged in jail to await their removal to their future quarters. These prisoners were all convicted at the recent term of Columbus Superior Court. Calvin Oxendine, whose trial was postpoued until next term of Court, was also brought down and placed in his old quarters.

Millinery and Fancy Articles.

The attention of the public, and that of our many lady readers in particular, is called to the handsomely displayed advertisement of Mr. A. D. Brown, to be found in our columns His display in advertising, however, is only slight indication of what he is able to do in the Millinery line, as he has just opened at Exchange Corner the largest and handsomest stock of Millinery ever brought to this city, embracing every article usually kept in a first class Millinery Store. He has also laid in superb stock of white dress goods, of every description; and, in fact every article comprised in the outfit of a "lady of the period" can be had at his establishment. Call and examine his stock.

The W., C. & A. R. R. Extension. We learn from a gentleman who has lately witnessed the operations on the extension of the Wilmington, Columbia and Augusta Railroad, that the work is rogressing finely. The, entire route from Wateree River to Columbia has been graded and the work of laying the track has been commenced. A temporary road has been built from Clarkson's turn out to the main road. It is thought that the work will be completed from the Wateree to Columbia in about two months. The most difficult undertaking, however, is the building of Cumberland Presbyterian brethren to do so, 75 barrels of rosin and 30 bushels of peanuts. the trestle across the Wateree, the grounds in the vicinity of the river being so low and swampy that the trestle will have to be between three and four miles in length. To construct this, of course, will take some consideralertime.

County Commissioners.

The Board met last evening and transacted

the following business: A communication from the Chairman, calling attention to the condition of the bridge and crossing over Green's Pond, just East of the city limits, was referred to the Committee on Roads and Bridges with power to act.

It was ordered that the Trustees of Holden and Union Townships be authorized and empowered to levy and collect 1-5 of our per cent. upon the taxable property in their townships and if more than that amount has been collected, the balance to be refunded.

An appropriation of \$250 for building a ference to the matter.

Meeting adjourned until Wednesday next.

One Week Sooner.

As a matter of interest to our readers here and elsewhere, we may mention that the Sunday School Convention of the Methodist Episcopal Church, South, and the General Assembly of the Cumberland Presbyterian Church. were to assemble in Nashville, Tenn., on the 18th of May, and the use of the Representatives hall had been obtained for both bodies. The Methodists not being advised of the time of the Presbyterians for holding their Assembly, had announced the meeting of their Sabbath School Convention, but upon learning that the time and place for the two meetings conflicted, and believing the interest of both these ecclesiastical conventions required that they should not be held at the same time and place, and that for several reasons it was less inconvenient for them to chan e than for their the Methodists unanimously agreed to meet one week earlier-that is to say, Thursday, May 11th, instead of the 18th, as before innounced, the programme rema ning the same. This change necessitated other changes among the Methodists, and the Bishops have been requested to hold their annual meeting on Monday, the 8th of May, the Board of Missions on the 9th and the Book Committee on the 10th of the same month. The funeral sermon of Bishop Andrew is to be preached by Bishop Peirce in McKendree Church, at 8 P. M., May 7th, and the dedication of Elm street Church by Bishop Doggett the same day at 11 o'clock

Skating-Monthly Awards.

A large number assembled at City Hall last evening, it being the occasion of the regular monthly award distribution. The lucky skaters were Miss Eva Low, on the part of the ladies, and Master Eddie Engelhard on the part of the gentlemen. The awards were presented by Gen. Robert Ransom in a few appropriate remarks.

The skating, as usual, was excellent, and was intensely enjoyed both by participants and spectators. The circuit skating by Miss Bessie Low and Miss Mary Fremont elicited much praise, as did the waltzing by Miss Mary Fremont and Mr. Brown. SPECIAL ORDER,

bill to incorporate the Haywood and Cane Creek Railroad company, put on its third reading. Mr. Troy offered to amend by striking

out that portion, which amends the Chatham Railroad company requiring it to go to the Gulf. The amendment was adopted.

Mr. Troy offered an amendment, that the Chatham road should make no dis-

crimination in freight charges between the Haywood and Cane Creek road, and the Western railroad. Adopted. Bill then passed its several readings. Mr. Robbins of Davidson, reported from committee on enrolled bills.

On motion of Mr. Moore, the bil amending section 199, chapter 4, of the Code of Civil Procedure, concerning attachments, was taken up and passed its several readings.

Message from the House announcing the passage of the Pool investigating resolutions, with names of House men.bers of the committee.

The President appointed Messrs, Lehman, Latham, and Jones as Senate branch of same committee.

On motion of Mr. Cowles, the bill chartering the Mount Airy Railroad Company was taken up and passed. Mr. Robbins, of Davidson, moved to

strike out that section levying ten cents on the hundred dollars to supply the deficiency in the Treasury; prevailed. Bill passed its second reading.
