#### Unmailable Letters.

The following is the list of unmailable letters remaining in the city postoffice : Smith, Charles & Co., Boston, Massachusetts; Prof. C. W. Shepherd, Charleston, S. C.; Pompey Laney, Bradford, Miss.; Rev. Wm. Troy, Melperre, La.; William Patterson, Hopkinsville

A little salt placed around eabbages and other plants will protect them from cut worms. Make a ring around the plants from half an inch to an inch deep and about an inch from the plants. Sprinkle the salt in it and cover with earth. China berries mashed and placed around the plants are also protective.

#### More Depredations by Lowrey and His Gang.

The depredations of the notorious Henry Berry Lowrey and his villainous gang are becoming more frequent, daring and outrageons as he finds that the people have seemingly acquiesced in the fact that they are completely at their mercy. The Robesonian says : On Wednesday of last week, about 6 o'clock in the afternoon, four of the outlaws, Henry Berry Lowrey, Stephen Lowrey, Bosa Strong and Andrew Strong, made a raid on the family of Mr. Purnell, residing in the neighborhood of Scuffletown, robbed tham of all the provisions. clothing, &c., to be found on the premises and threatened the lives of Mr. Purnell and his son, who barely escaped by flying to the

If you have found anything, advertise it in our new department, under head of "Lost and Found," at half our regular rates, for advertisements not exceeding five lines.

#### The Festival Last Night statement act

As seems to be the case general'y on such occasions, the weather was against the Feetival at the City Hall last night, given by the ladies of the Lutheran Church; but, notwithstanding this fact, there was a very belliant assemblage present. The Hull was handsomely decorated with evergreeus and flags. In the centre of the room was a large table con aing the prizes. The Strawberry stand looked very neat and juviting, as did the cake table both attracting unschattention. On the west side of the Hall was a large rusti enclosure, in which fee cream was dispensed to those fond of the delicacy. "Jacob's Well," located between the two doo sut the entrance, with a rustic fence around it, neatly festuoned with tnoss, was universally admired, as well for the beauty of its appearance as the refreshing

quality of its contents, which was lemonade.

The musical part of the entertainment was no less attractive than that we have mentioned. The performance on the violin by Mr. Nathan Meyer was excellent, wai e the execution of beautiful airs upon the organ, by Prof.

- The citizens of Charleston have tendered a complimentary benefit to Misses Blanche and Ella Chapman.

Jows, occurs on the 26th of the present month.

- Tight lacing is said to have one advantage, though it shortens life-it suffuses the face with a charming love tint.

- James Johnson, colored, charged with stealing fron, was arrested yesterday and lodged in the Guard House.

- An exchange mentions a case beyond the ordinary oculist. It is that of a young lady who, instead of a common pupil, has a college student in her eye.

-On account of the unfavorableness of wind and weather yesterday the proposed excursion to the Blackfish grounds, on the steamer Oldham, was postponed until Monday next.

- Jack McKenzie, colored, arraigned before W. H. Merrick, J. P., for the wilful abandonment of his wife, was required to give security in the sum of \$25 for his appearance at Court. .

- "Pop" Oxendine, one of the prisoners who escaped from jail on Wednesday morning, was taken before Justice Sinclair on Monday last for examination, and remanded to confinement in default of ball in the sum of \$500.

- The gas company should make it a part of the duty of someone in their employ to shut off the gas, in the street, from the pipe leading into a burning building as soon as possible after it is found to be on fire. Other wise it acts as a feeder to the flames, as we learn was the case in one of the houses destroyed on Wednesday night.

- A large number of our citizens were not aware of the fire on Wednesday night until they saw an account of it in the papers yes terday morning. They attribute this to the fact that the bells in their districts were not rung. We learn that neither the alarm in St. John's nor the one in the Second (colored) Presbyterian church were sounded.

#### Mysterious Movement of Troops.

The Revenue Cutter W. H. Seward came up the river from Smithville, yesterday afternoon, with a number of troops on board, who were taken, we learn, to the depot of the Wilmington, Charlotte and Rutherford road. There seemed to be some mystery connected with the movement of these "Boys in Blue," as no information could be obtained from those most likely to be in the secret as to their object or destination. It is rumored, however, that the troops alluded to consisted of fortymen of Company G, 4th Artillery stationed at Smithville, under the command of Lieut. Holden, and that their destination is Rich mond county, where they are ordered to assist the Revenue officers in carrying out certain instructions and correcting certain irregularities in the vicinity of Laurel Hill. We should not be surprised to hear of a raid in Richmond, mixed up with a little "onpleasantness" generally. The troops went up the road last night.

The Scotch Fair.

An old-time institution commonly known as the "Scotch Fair," which has yearly meetings at their grounds three or four miles from Laurel Hill, Richmond county, commenced its session there on Tuesday last and will continue until Saturday. Thursday, Friday and Saturday, we learn, were expected to be the most interesting days of the session, as they usually are. During the progress of these annual Fairs men congregate at the place designated from all parts of the State, and even from other States, and engage in trading, &c. It is said that a train of wagons at I ast a mile long, containing sundry articles of merchan, dise, have frequently been seen there at one time. Of course the people engage in various kinds of amusements when not otherwise engaged, and time is made to pass pleasantly. The grounds are regularly laid off and buildings erected for the public accommodation We hear of some parties being in attendance upon the Fair from this city.

#### Memorial Bay in Raleigh, ad to esti-

On account of the inclamency of the weather on Wednesday there were no memorial exercises at the Cemetery in Raleigh. At 4 o'clock in the afternoon, the ladies of the Memorial Association and the citizens generally assembled at Tucker Hall, where Col. R. H. Cowas, of this city, delivered the Memorial Address. The Telegram says of his effort: One of North Carolina's natural orators, one of her brave band of soldiers, an honored son of the State, and an accomplished Southern gen leman, his address could not have falled in eloquence, patriotism and classic oratory, por it did not, and the tribute e paid to their fidel ity, their herolem and immortal honor, was the merited requiem for our thrice honored dead, which the living heroes of a cause sacred to us, and cherished of history, may always say for the departed sons of a nation that is dead and gone.

Star Book Bindery.

The attention of the public is called to the superior facilities we now have for executing Misses Bernbeim, was pronounced by all to be actually bewitching. Taken altogether, the first evening of the Festival was certainly as as cessful as could have been expected under the circumstances, and if the weather shall prove favorable this evening we predict that it will be more brilliant and decided.

Binding and Ruling. Our business in this department has steadily increased, an evidence that we have not labored in vain in our effort to establish a Book Bindery equal to the demands of our growing city. But we are determined to do still more; and as our business grows so will our facilities be increased. Give us a trial.

Carrow, passed through this place on Monday last en route for Fayetteville, where he has in hand a small job—the selling of the public property of the town and county under execution.

Dr. Robert Hicks, of Granville, read a paper presenting a case of scleroderma; also, two cases of empyema, relieved by the operation of paracentesis.

the paper of Dr. Hicks was referred to the committee on publication. Dr. O'Hagan expressed gratification at

hearing the report of Dr. Hicks and commented at some length on cases of a like nature as referred to by Dr. Hicks. Dr. W. G. Hill, alluded to a case in his practice, and explained the same. Dr. Wm. H. McKee also spoke of a case

in his practice. Drs. Sharp and Normon also made some

remarks on the same subject. After considerable discussion on the subject, Dr. E. Burke Haywood, of Raleigh, read a communication in regard to surgical cases. On motion of Dr. Norcum, the thanks

of the Society were tendered to Dr. E. B. Haywood, for his report, and it was referred to the Committee on Publication. Dr. N. J. Pittman, Chairman of the Finance Committee, submitted a report, recommending as a means of meeting the indebtedness and expenses of the Society that the assessment for the present year be

\$5 per capita. After considerable discussion on the subject, the report of the committee was recommitted.

Dr. Foote offered the following resolu-

tions, which were adopted: Resolved. That a committee of one (representing this Society) be appointed in each county in the State, to collect the arreages due by delinquent members as early as possible, and to report at the next meeting of this Society; and those failing to pay up their dues be dealt with as the Constitution directs, unless they can satisfy this Society of their present inability.

2. Resolved, That all moneys collected shall be forwarded to the Tressurer as soon

as possible.

The President announced the following Committee on Nominations: Drs. W. H. McKee, J. J. Summerell. Chas. E. Johnston, C. J. O'Hagan, and R.

L. Payne. On motion the Convention then adjourned till to morrow morning, 9 o'clock, -Raleigh Telegram.
