THE CITY

NEW ADVERTISEMENTS. HENNINGSON'S Live Book Store, 39 Market street—Gabrielle Andre.

Condition of Capt. Davis. We learn that the condition of Capt. Davis, of the British Brig Excel, whose frocks of insanity were alluded to in yesterday's paper, is reported to be about the same as when he was taken to the Hospital. Dr. Winants thinks it will take some days yet to determine definitely whether his insanity is likely to be permanent or only temporary.

The Sampson County Prisoners. Mr. Solicitor Richardson requests us to state that our informant was in error in ascribing the removal of the Sampson county prisoners to this county for trial to his agency. He says that the parties told him that they did not believe they could have justice done them in Sampson, and he informed them that if they really thought so and would make affidavits to that effect they could have their cases removed to another county for trial, which was done, and it was upon their sworn affidavits that they were removed to this county. He had nothing to do with the matter further than is stated above.

The Excursion. The excursion to Goldsboro this morning, if nothing unforeseen happens to prevent, bids fair to be one of the most respectable in point of numbers that has ever left our city for any purpose. The excursion is one of peculiar interest to the Methodist Sunday Schools, and it is expected that at least four hundred of delegates, teachers, scholars, and others will make up the party from this place. These, with the large numbers which are expected to be present from other places in attendance upon the Sunday School Convention, will doubtless make quite a display in the little town of Goldsboro.

A Woman Run Over by a Railroad Train and is Horribly Mangled. On Thursday morning the body of a colored woman, horribly mangled, was found near the track of the Wilmington, Columbia & Augusta railroad, in Brunswick county, about fourteen miles from this city. She had doubtless been run over by the incoming train which passed that point about 3 o'clock in the morning. We learn that the engineer states that he saw some object apparently sitting across the road at that point, but could not see it with sufficient distinctness to judge what it was. Our informant states that he thinks two separate trains passed over the body. He describes the scene as it was detailed to him to have been one of the most horrible imaginable. Only the head and a small portion of the trunk were found adhering together, the other portions of the body having been cut and torn into fragments and scattered along the track for some distance from where the accident occurred.

Our Child Swappers. It is said most of the greater little wives—little and sweet you know—of the New York Times announces a lecture tour by "Captain Susan B. Anthony."

A young man named Mallock, a brother of a young man named Mallock, who had made remarks about her, was arrested in Cincinnati.

A woman arrested in the Nashville papers for her children, saying that she has had twenty-two children, and she has warehouses of only three of them.

The Crown Princess Victoria, of Prussia, intends to found a series for women, the proceeds of which is to be bestowed for acts of charity, courage and devotion by the recipients.

Blazing Last Night. There was a large attendance at the skating rink last night and those present enjoyed the sport as usual. Last night wound up the season for this rare and healthy accomplishment, and we shall see no more of life on skates until the chilly breezes of October are upon us again.

The Festival. The festival given by the ladies of St. John's Church last evening, at the City Hall, was a very successful affair, as it was creditable to the ladies who were instrumental in getting it up. The room was very handsomely decorated and presented a beautiful appearance. The tables were loaded with all the delicacies which could be imagined, and were very appropriately and prettily arranged. Beautiful flowers also lent their charms and heightened the effect of the magnificent entertainment. In an adjoining room were tables set apart for serving ice cream, which was dispensed in liberal quantities to those who were fond of the luxury.

SPIRITS OF TURPENTINE. Greensboro has an abundance of cherries. A shingle machine is now in operation near Goldsboro. The Conservative considers Pitt county certain for Convention. Jones county has subscribed \$75,000 to the Planters' R. R. Company. Greensboro wants to be known as the "City of Flowers."

Plenty of corn in Newbern, but demand limited. Price, 80 cents per bushel. The Presbyterian Sunday School at Newbern had a pleasant excursion up the road on Wednesday. The Battleboro Advance says the prolonged wet season has damaged the cotton in that section.

The post-office at Kingsboro, Edgecombe county, has been re-established with Mr. Griffin as postmaster. The Knights of Alamanca county are to tilt at Company Shops on the 7th of June. Eight convicts from the counties of Craven and Sampson were carried to the State Penitentiary on Thursday.

The Eagle is informed that the largest income tax-payer in this Congressional district lives in Fayetteville. Guilford county boasts of a youth eighteen years of age, who measures 8 feet and 7 inches, and still growing. The Times is elated at the idea that for two days and nights Newbern has not had an alarm of fire. The Newbern District Methodist Conference meets in Kingston on the 24th.

Greensboro is ambitious to be called the prettiest town in North Carolina. All it wants is paint on its houses and fences. Capt. R. M. Orrell, of New York, and Maj. Arch. McLean, of Charlotte, both formerly of Fayetteville, are now on a visit to that town. John W. Thomas, of Thomasville, Davidson county—well known in this State—died at his residence on Tuesday night, as we learn from the Greensboro Patriot.

Col. S. McD. Tate informs the Salisbury Examiner that there is not a county along the line of the Western N. C. Railroad but will go for a Convention by a large majority. In some localities in the Western part of Guilford county the crops were totally destroyed, and much damage was otherwise done by the hail storm of a couple of weeks ago.

Work was begun on the Episcopal church at Greensboro last week and the foundations are now being rapidly laid. The corner stone will be laid on the 31st inst. So says the Patriot. The Greensboro Messenger says: Our farmers are up to their elbows in their spring work. It is now thought that the recent cold snap has not damaged cotton as much as was generally feared.

The Baptist revival in Goldsboro continues with increased interest and the labors of Reverend Nelson, Allison and Howerton are rewarded with good success. So says the Messenger. The Greensboro Messenger says: A. M. Raloff, the man whom Holden had at one time offered to employ as a Professor at the North Carolina State University, has an engagement to be hung by the Sheriff at Binghamport, New York, to-day.

The Greensboro Patriot says a movement is on foot among the devotees of Terpsichore in that place to have a big time on the evening of the 30th, when the excursion party of Northern editors will be there. The shipping of strawberries from Goldsboro continues. Large shipments are made almost daily. The culture of strawberries has this season proven one of the most profitable branches of the truck trade in that vicinity. So we learn from the Messenger.

Capt. Benj. Robinson, recently of Fayetteville and now editor of the Russell (Ark.) Examiner, announces that the closing chapters of his story, "In Demand," will appear in the next issue of that paper. He proposes to write another new and interesting romance. So says the Eagle.

ST. JAMES. Delegate—Dr. A. J. DeLozier, Col. Robert Straiker, A. H. VanBokkelen, Esq., and Col. J. G. Barr. Delegate—Col. J. W. Atkinson, Maj. James Davis and Messrs. Alfred Martin and Jas. Dawson. Gabrielle Andre. A historical novel by S. Barling-Gould. The current of feeling in the State and Church of France in 1789, currents not altogether unlike those now circulating in our country. It was first published in France, and is now translated into English by Mrs. G. M. Barling-Gould. By the same author, "The English Language in the Great Convulsion," has been translated with the same broad and vigorous grasp of facts, and the same liberal and candid temper. London Saturday Review.

At all events it is the purest possible article of Schiedam, of the genuine and authentic, and as such may be safely prescribed by physicians. DAVID L. MOTT, M. D., Phila., Acouatical Chemist, New York.

Louisville, Ky., Sept. 1. I feel that we have now an article of (in supply) for such cases as that remedy is adapted to. DR. J. W. BRIGHT. I take great pleasure in bearing highly creditable testimony to its efficacy as a remedial agent in the diseases for which you recommend it. Having a personal tendency to the mucous membrane of the throat, degree of inflammation, I regard it as one of the most important remedies in chronic catarrhal affections, particularly those of the genito-urinary apparatus. With much respect, your obedient servant, CHAS. A. LEAH, M. D., New York.

Wolfe's Schiedam Schnapps. I have made a chemical examination of a sample of your Schiedam Schnapps, with the intent of determining if any foreign or injurious substance had been added to the simple distilled spirits. The examination has resulted in the conclusion that the sample contained no poisonous or harmful admixture. I have been unable to discover any trace of the deleterious substances which are sometimes employed in the adulteration of liquors. I would not hesitate to use myself, nor to recommend to others, for medicinal purposes, the Schiedam Schnapps as an excellent and unobjectionable variety of spirit. (Signed) G. H. B. CHEMIST.

Chemical and Technical Laboratory, 18 Exchange St., New York. I have analyzed and thoroughly analyzed a sample of your Schiedam Schnapps, and have found the same free from all organic or inorganic substances, more or less injurious to health. From the result of our examination we consider the article of great purity, healthy as a beverage, and excellent in its medicinal qualities. Respectfully yours, (Signed) FRANCIS E. ENGELHARD, M. D.
